DEATH OF A NOTED ACTRESS.
London January 16.—Mrs. Frances Kemble (Mrs. Pierce Butler), the well known actress died today. Mrs. Kemble had been ill but a short time. Her condition was not regarded as serious and her death was unexpected. She died at the residence of her son-in-law, Mr. Andrew Conon James Wentworth Leigh No. 86 Gloucester place. The remains will be interred in Kendall Green Cemetery, where the body of Mrs. Kemble's father is buried.

HOW IS THIS.
One day last week, Mr. John Boyd of Spartanburg, S. C., went to the old home of late Dr. Columbus Mills, at Poplar Tent, in Cabarrus county, and surveyed 50 acres of land belonging to the estate, and by proper writs and bonds assigned the same by order of Mrs. Mills, to their old servant Anthony and wife during their natural lives. The land is in fair state of cultivation and upon the same is a comfortable house and other necessary buildings. During the life of Dr. Mills, Anthony was his trusted servant, and his wife was the maid of Mrs. Mills. This is an act of kindness from mistress to slave that will put to blush some of the bloody heart howlers of the North.—Charlotte News.

STARVATION IN OKLAHOMA.
Reports received from Guthrie point to great suffering in the western part of the Territory, while up in the Cherokee Strip there are reported Indian troubles on account of shortage of provisions. Fort Reno has not yet been reached by the troops, but an official announcement says that the Indian attacks of the blanket tribes are dancing while the whites are starving. There are ten Indians in one camp and but ten pounds of meat for over a week, heavy soggy bread, and no coffee or any other stimulant. There are many sick in the tent who are dying rapidly while the settlers who came in on the arapaho lands are suffering for lack of clothing and food. They have lost all their stock by cold or starvation and the outlook for their own safety is gloomy. It is cold all over the Territory and a regular blizzard has been blowing for several days with fine sifting snow. No colder weather has been experienced in many years.—Ex

HE WROTE "DIXIE."
The Atlanta Journal says perhaps the Southerner has not lived who had his pulses quickened and the depths of his patriotism stirred up by the inspiring strains of "Dixie." Yet there are few, doubtless, who know when where or by whom the Southland's stirring song was written.
For these it may be interesting to recall that Dan Emmett, the first negro minstrel this country ever produced, was the composer of Dixie. He was the leader of the first company ever put on the stage for the delineation of the picturesque life of the southern negro; and is the author of several other popular airs, among them being "Old Dan Tucker."
It is interesting also, and pathetically suggestive too, to know that Emmett is still alive and, if not in absolute

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be removed the tube will never be restored to its normal condition. Hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give one hundred dollars for any case of deafness, caused by catarrh, that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

FAVANNAH, GA., April 26, 1893.
Having used three bottles of P. P. P. for my wife's blood and general weakness, and having derived great benefits from its use in four weeks, I take great pleasure in recommending it to all unfortunate like her.
Yours truly,
JOHN MORRIS.
Office of J. N. McElroy, Druggist, Orlando, Fla., April 20, 1891.
Messrs. Lippman Bros., Savannah, Ga.
Dear Sirs—I sold three bottles of P. P. P. to a lady yesterday, and one bottle the day before yesterday. Also, I cured my wife of her rheumatism winter before last. It came back on her the past winter, and a half bottle, \$1.00 size, relieved her again, and she has not had a symptom since.
I sold a bottle of P. P. P. to a friend of mine, one of his turkeys, a small one, took sick and his wife gave it a teaspoonful, that was in the evening, and the little fellow turned out like he was dead, but next morning was up, hollering and well.
Yours respectfully,
J. N. McELROY,
Savannah, Ga., 17, 1891.
Dear Sirs—I have suffered from rheumatism for a long time, and did not find a cure until I found P. P. P., which completely cured me. Yours truly,
