sager eyes of Columbus when looking is a striking illustration of haste mak- don, England. Also winner of the for this new land, was a broken twig ing waste. to which was attached a bird's nest with the faithful mother bird floating upon the water.

A woman's generosity enabled Columbus to find the pathway to Amer-

The light which Columbus saw afar as he neared the land, and which he recognized as a beacon of safety, was held by a woman, all unconscious of her connection with the great discov-

It was a woman who gave to Sir Walter R.deigh the letters patent for discoveries which led to the coloniza- "slip down on the sidewalk in front tion of America by Englishmen.

Virginias Dare's birth and baptism more like a test of your trouvers than would seem to dedicate the land to your vanity. Christianized womanhood. It was a

woman who saved the life of John for they are used to bear arms, and are that promise to give a greater fair than Smith and secured the safety of the fond of powder and balls, and besides last year. They will keep that promise, whole colony of Jamestown, and all they are well up in the infantry tac- and the people of the State may com-

For these reasons this memorial

should commemorate the advent of the first white woman in America, and should be of lasting benefit to her now as then, brings blessings to the land and is recognized as a factor in all deyelopment.

The true elevation of woman rests upon educational training, which will make her self-reliant as well as intelligent; womanly as well as scientific. Industrial education will fit her for the application of knowledge to practical life, and will give her skilled hands to do the bidding of a cultured brain.
