A Great Shock.

Our city sustained a severe and painful shock last Tuesday in the intelligence that Mr. I. H. Foust, cashier of the First National Bank, had resigned his position in consequence of a shortage in his accounts with foreign banks to the amount of eight thousand dollars.

The people of Salisbury have not lost all confidence in Mr. Foust. Like David of old he has done wrong, and like the sweet psalmist he has also deeply repented of his sin.

The End of the Struggle.

Upon the motion of Senator Voorhees, chairman of the Finance Committee and manager of the bill for the repeal of the silver purchasing clause of the Sherman act, the Senate adjourned at a few minutes before 2 o'clock this morning, after an unbroken session of thirty-seven hours.

The beginning of the end came yesterday afternoon, when the Senate gave signs of complete disintegration. Out of the wreck and ruin of the repeal bill will arise a compromise measure.

Convinced beyond the shadow of a doubt that the effort to force a vote on the measure would result disastrously, the leading Democratic Senators began yesterday to seek some solid footing amid the morass through which the Senate has been floundering for over thirty hours.

With President Cleveland still firm against compromise, despite almost superhuman efforts to swerve him from his position, the members of his party in the Senate saw the necessity of taking the matter in their own hands.

Secretary Carlisle estimates the cost of deporting the Chinese in this country, if the Geary act is enforced, at \$7,360,000, \$860,000 of which would be required for the current fiscal year.

LONDON, Oct. 14.—The daily News commenting on the continuous session of the United States Senate on the silver repeal bill says: "No such sitting ever occurred in the British Parliament."

Thirty-six Senators only answered to their names on the final demand for a quorum, and on motion of Mr. Voorhees the following list of absentees was compiled:

Messrs. Aldrich, Allen, Blackburn, Bruce, Butler, Caffrey, Call, Cameron, Chandler, Cockrell, Coke, Colquitt, Daniels, Dolph, Dubois, George, Gibson, Gorman, Hand-drough, Harris, Irby, James of Arkansas, Jones of Nevada, Kyle, Moore, Mrs. Mitchell of Oregon, Mitchell of Wisconsin, Morgan,

Morrill, Murphy, Peffer, Perkins, Pettigrew, Power, Pugh, Ransom, Ratch, Sherman, Shoup, Stockbridge, Teller, Turpie, Vance, Vest, Walthall, White of California, Wilson and Wolcott.

Subsequently Messrs. Hunton, Aldrich, Blackburn, Bruce, Gorman, and Murphy, one less than a quorum, answered to their names.

Mr. Voorhees first suggested a recess but to this the silver Senators would not agree. The Senate was dying by slow strangulation, and they did not propose to release their remorseless hold upon the noose.

Albert S. Willis, the new minister to Hawaii, has received his instructions and left for his post.

A terrific cyclone swept over Echols county, Georgia, Wednesday, doing great damage to property. No deaths are reported.

Near Bethania, Forsyth county, recently three convicts attacked a guard, knocking him down secured his gun and ran. The guard fired his pistol at them, killing Prather a white man. The two negro convicts escaped.

Rev. H. C. C. Astwood, the colored citizen-whom Mr. Cleveland has nominated for Consul at Calais, says, the solution of the lynching problem in the South is the stoppage of the crime for which lynching is mostly done.

The gratifying announcement comes that Lieut. Peary, who has designs upon the Pole, has plenty of dogs. It would be a good thing for this country if he had about 20,000, 000 more with him.

The State of Minnesota is in a quandary. She has been in the habit of hiring out her convicts. But this year here isn't a single bid for the 400 she has on hand, and the question is what she is going to do with them.

A man at Columbus, Ohio, whose trial on a charge of murder has been pending for twenty-one years, has just been acquitted. He succeeded in getting the trial postponed from court to court until the witnesses were dead.

A sponge has been found on the coast of Florida five feet, six inches in circumference. We have never seen a sponge five feet six inches in circumference, but we have seen "sponges" over five feet in height, which could walk.

THE Washington correspondent of the Richmond Times says "That on Friday morning Senator Daniel, Gibson, Vance and Ransom, all of whom were absent last night (when the Senate had to adjourn for want of a quorum) were all present, and with the exception of Gibson, seemed well pleased and gratified at the result of the night's session."

Secretary Carlisle estimates the cost of deporting the Chinese in this country, if the Geary act is enforced, at \$7,360,000, \$860,000 of which would be required for the current fiscal year.

WASHINGTON LETTER.

Senator Voorhees began his attempt to force a vote on his bill for the unconditional repeal of the purchasing clause of the Sherman silver law, on Wednesday, by compelling the Senate to remain in continuous session. It was clear from the beginning that the margin over and above a quorum, which the followers of Mr. Voorhees were compelled to keep on the floor constantly, was entirely too small, even if half of them were not republicans who had not pledged themselves to any extra efforts, to give him any reasonable hope of tiring out the opponents of the bill.

Four hundred persons have made application for admission into the State Normal and Industrial school Greensboro, and still other applications are going in daily. It is one thing that the State can not feel too proud of, for it is filling the long need of training girls and young ladies in a practical as well as a classical knowledge.

About noon yesterday a horrible accident occurred near the insane asylum. A 100 horse power boiler was being moved from the railway to the asylum, on a truck which ten horses were pulling. A negro named Burton Brown was helping drive the horses and as he was walking nearly in front of the truck he became in some way entangled in the reins. In a second he fell on the ground and the wheels passed over his head, crushing the top of the skull, so that the poor fellow's brains lay in a heap.

WASHINGTON, Oct. 11.—The Postmaster General has authorized a standing reward of \$1,000 for the arrest and conviction of any person who shall rob the mail while being conveyed in a mail car; \$500 for any one who shall rob the mail while passing over star routes, and \$250 for any one who shall attempt to stand during the fiscal year ending June 30th, 1894.

NEW ORLEANS, Oct. 11.—The Mafia has again broken out in this city. Officer Toole, who had his throat cut several weeks ago by an Italian named Perricano, was this morning dangerously assaulted by unknown persons.

CHICAGO, Oct. 12.—Frenzied with fright and driven into a stampede by a raging fire that broke out early this evening in the Wallace street barns of Chicago City Railway Company, 500 horses were either suffocated or burned to death. The barns were entirely destroyed.

Miles Simmons colored, of Bachelor's Creek, says that the land is so rich in his neighborhood that it sprouts grubworms. He exhibited one at the Journal office that had three perfect shoots protruding from its lifeless body from one fourth to one half an inch in length.

Representative McCreary's bill proposing an extension of six months in the time within which Chinese in this country may register, and other modifications in the Geary Chinese exclusion act, is now being considered by the House, where it has been given the right of way until disposed of.

Senators and Representatives seem very much in earnest about providing for the erection of a new Government Printing office, and fresh efforts are being made to determine upon the location of a site therefor.

There is not one word of truth in the sensational story sent out from here early this week saying that Secretary Gresham had asked Postmaster General Bissell to reinstate a dismissed republican postoffice official, stationed in Ohio, and had been refused.

Literary Note for October.

Marion Crawford opens up a new line of thought in his article entitled "Rome the Capital of a Republic," appearing in the Cosmopolitan. It is not likely that the October number will have the success which attended that for September. The extraordinary spectacle presented of a 12-cent magazine selling for 50 and 75 cents, and many hundreds were even sold at \$1.00 each. Probably the record remains without a parallel, in periodical sales, of a number proving so interesting that, after 211,000 copies had been sold, the News Company had orders for 50,000 more than they could supply.

Everybody in Washington knows that the number of what are usually spoken of as "office-holding families," the members of which were never known to engage in any other employment than working for the Government, was considerable, but no one dreamed its actual extent until Representative Dockery this week presented to the House a partial report of the joint committee which is investigating departmental methods and work.

Good Family Medicines

Hood's Sarsaparilla and Hood's Pills. "I regard Hood's Sarsaparilla and Hood's Pills, the very best family medicines, and we are never without them. I have always been a Delicate Woman and began taking Hood's Sarsaparilla three years ago for that tired feeling. It built me up so quickly and so well that I feel like a different woman and have always had great faith in it."

Hood's Cures

A scheme for the establishment of a permanent Pan American Exposition in New York City is being discussed. The idea is a good one and we trust it will pan out a success. There should be a permanent exposition somewhere in this country. There ought to be one at some central point in the South, too, where her resources and evidences of progress could be seen at all times.

A Negro Brute.

In Beaufort county, Wednesday afternoon, a negro, Eumund Slade, decapitated his wife, whom he had badly treated and who had returned to her parents. On the day in her father's to see and induce her to live with him, again. The wronged wife refused to do so, and while she stooped over the hearth to attend to something she was cooking, the brutal husband raised his axe and struck her a blow that severed the woman's head, leaving it hanging by a small piece of flesh. He struck a second blow which almost scalped the decapitated head. The murderer escaped.

Beware of Ointments for Catarrh that contain Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system.

A True Bill Found.

Savannah, Ga., Oct. 14.—A special jury, now in session at Blakey, has found true bills against B. R. Lawrence, Gen. Talliaferro and C. H. Talliaferro all white, and Jim Foster colored, for the murder of Seaborn Sheffield, which occurred about one mile from here seven years ago, and has until recently remained a crime shrouded in mystery. Ben Talliaferro and B. R. Lawrence were sons-in-law of the murdered man. Sheriff Black and Deputy Parramore passed through here today en route to Blakey with all the guilty parties in custody, except Lawrence, who smelt a mouse and fled before the officers could lay hands on him.

O. L. Rice, Mendota, Ill., writes: "Have used your Japanese Pile Cure and found it a sure and permanent cure." Sold by Edwin Cuthrell Salisbury, N. C.

To Be Hanged.

Sam Neely was condemned last week by Judge McIver to be hanged the first Friday in December. He is the colored boy who by night entered Mr. William Allen's house near Begonia, took a pistol from the mantel went to the bed where Mr. and Mrs. Allen were asleep, placed the pistol to Mr. Allen's head, fired and fled. For this crime the boy was tried, convicted and condemned to die.

The crime was committed Friday night June 2nd, just six months before the day set for his execution, Friday Dec 1st.
