The changes in the provisions of the Wilson Tariff bill made since the bill was first drawn were made public Monday. The bill is to take effect June 1st. The internal revenue schedule will not be considered until the cus toms have been fully discussed in full committee. An income tax has been settled upon, but its terms are not yet decided. The bill, it is said, will create a deficiency, based on the 1893 receipts of \$74,000,100 in the customs duties. The Republican members of the commic ee made anion lineats, among them to put cotton ties on the dutiable list, but they are all promptly voted down

The statistical returns of the Federal Agricultural Department shows that the farm price of cotton December 1st was 6,99 cents, against 8.4 made to supply the deficiency caused cents lower than average price for the by the tariff bill. Among the new last seven years.

Power of a Whale.

An interesting study of the horse power of the whale has been made by the eminent anatomist, Sir William Turner, of the University of Edinburgh, Scotland, in conjunction with Mr. John Henderson, the equally eminent Glasgow ship builder. The size and dimensions of a great whale stranded several years ago on the shore at Longriddy furnished the necessary data for a computation of the power necessary to propel it at the rate of twelve miles an hour. This whale measured eighty feet in length, twenty feet across the flanges of the tail, and weighed seventy-four tons. It was calculated that one hundred and forty-fivehorse power was necessary to attain the speed mentioned.

Her Indignation.

A pretty little woman came out of a big dry goods store the other day. Her eyes were flashing fire and her face was flushed with indignation. "What's the matter?" inquired a

friend who met her at the door. "Why," she said, "I just saw a man do a thing in there that makes my blood boil. I went over to the dress goods counter and found him there sitting on a stool and letting his wife stand. When I came along he got up and offered me his seat. And his wife stood there meekly and never said a word. If he'd been my husband I would have snatched him baldheaded,"-Buffalo Express.
