Table with columns for North Bound, South Bound, and W.N.C. YADKIN RAILROAD, listing train numbers, destinations, and times.

LOCAL NEWS.

A No. 1 25 horse-power boiler for sale cheap. For further information write or call at this office. Mr. A. W. Gudger, of Mooresville, has secured an excellent job at the new shops. Mr. J. L. Ramsey, editor of the Progressive Farmer, was in town last Saturday night. Mr. T. F. Gudger, of Davidson, N. C. is in the city seeking employment. We hope he will succeed in getting a job. Rev. C. B. Miller, of Virginia, will preach at Salem Church next Sunday morning at 11 o'clock, and at Lebanon in the evening. Congressman Pearson, of the 9th district, passed through the city last Sunday on his way home to Washington. James McCain was sent to the chain gang for 30 days for being found down and drunk at the depot Saturday morning. There is to be a new bridge across the railroad in Jersey City. The old structure has been torn down, and work on the new one is already under way. Mr. J. H. Helling, Saturday for Baltimore to bring home his little son, who has been seriously ill at that place for some time, but who is now convalescent. Notice the new ad. of E. W. Burt & Co. He keeps everything in the dry-goods line, and prices to suit the times. Give him a call, farmers, and tell him where you saw his advertisement. The funeral services over the remains of Mrs. V. Wallace were held last Sunday from her residence on Main street by rabbi Rev. Edward C. C. C. of Richmond, after which the remains were taken to the depot, where they were sent to Statesville to be interred, accompanied by the family and many friends. On last Saturday, while the family were absent, some one broke into the dining room of Mr. W. A. Cauble, and pilfered everything in sight. Several pies which Mrs. Cauble had baked were among the various edibles "swiped."

W. H. Kurriker, of Enochville, a young man about twenty-two years old, who lost his mind three weeks ago, was brought here Saturday last and placed in jail. Efforts will be made to get him in the State hospital at Morganton. He was at times a violent and raving maniac, but since his confinement he has become quiet and inoffensive.

A Sad Death at China Grove. News of an extremely sad accident reaches this office from China Grove in which a young man is the victim. It seems that while Mr. Charles L. Deal was driving through his new ground, his mule became frightened and ran away, throwing the young man from the wagon over against a log, crushing his skull. When found he was unconscious and in a dying condition. He died at 11 o'clock Wednesday. He leaves a wife and one child.

SOUTH ROWAN DOTS. The farmers have taken advantage of the favorable weather, and cotton planting has been carried on with a vim. Several farms are already planted, and some yet to finish. We have not heard of any more House bombardments in the last two weeks and peace and quiet reign supreme in Rock Town. An unoccupied dwelling house on the farm of M. A. Overcash was burned on the morning of the 10th inst. Supposed to be the work of an incendiary. Dick Wineoff, an old darkey, set the woods on fire last Saturday, damaging the land of John Brown about \$100 by destroying timber. Fortunately no buildings were burned. One of our retired Rocks merchants, who made quite a fortune handling Easter eggs, has been giving a new firm the benefit of his experience and advising them how to make money by selling only three fourths of a pound of crackers for a pound, and giving short weights as he did, saying that the customer never noticed the difference, and went home well satisfied with the purchase. In passing through the city of Faith a few days ago, we noticed that "Venus" had added some new specimens to his cabinet of curiosities—a bottle-shaped stamp, two small grubs growing together at the ground, then separating and unrolling again about two feet above the ground, and a forked scowrwood

Tobacco.

No crop varies more in quality according to grade of fertilizers used than tobacco. Potash is its most important requirement, producing a large yield of finest grade leaf. Use only fertilizers containing at least 10% actual

Potash (K₂O) in form of sulphate. To insure a clean burning leaf, avoid fertilizers containing chlorine.

Our pamphlets are not advertising circulars. They contain the latest researches on the subject of fertilization, and are really helpful to farmers. They are sent free for the asking. GERMAN KALI WORKS, 25 Nassau St., New York.

We suppose he will exhibit them at the next State fair. The Detroit plow agent has been quite active canvassing this district and has effected some sales. It is urged that stumps, rocks and roots are no hindrance at all. It is a costly machine, and we hope those buying them will use them to the best advantage and get the worth of their money.

Another agent has been around with a plow which beds the land, plants the crop and does away with weeding. He says all you have to do is just to plow and the eternal sunshine will do the rest.

On last Friday evening, as Augustus Ketter was passing the home of Mr. Columbus Troutman with his wagon and team, he failed to notice a little child of Troutman's playing in the road and drove over it. One wheel passed over one leg and foot and the hinder wheel passed over the lower abdominal region, and strange to say, the little fellow sustained no serious injury. Ketter was noticing something off from the road and was not looking in front, hence the accident.

Just received a fresh lot of Slug shot and Paris Green for Potato bugs and all other bugs at Ennis's Drug Store.

Wanted: Confederate stamps and Confederate money at Ennis Drug Store.

A man in Chicago was fined \$100 for kissing a girl six times. Sixteen dollars, sixty-six and two-thirds cents is too much to pay for kisses, since the scientists have decided they are full of microbes, says the Florida Time-Union.

ask your doctor. The doctors approve of Scott's Emulsion. For whom? For men and women who are weak, when they should be strong; for babies and children who are thin, when they should be fat; for all who get no nourishment from their food. Poor blood is starved blood. Consumption and Scrofula never come without this starvation. And nothing is better for starved blood than cod-liver oil. Scott's Emulsion is cod-liver oil with the fish-fat taste taken out. SCOTT'S EMULSION has been endorsed by the medical profession for twenty years. (Ask your doctor.) This is because it is always palatable—always uniform—always contains the purest Norwegian Cod-liver Oil and Hypophosphites. Put up in 50 cent and \$1.00 sizes. The small size may be enough to cure your cough or help your baby. SCOTT & BOWNE, Chemists, New York. NO MORE EYE-GLASSES. MITCHELL'S EYE-SALVE.
