

TEN DOLLARS TO BE GIVEN A-W-A-Y!

We are going to give away Ten Dollars to three lucky subscribers to the Watchman. Read this and understand how it is to be done:

We have printed 500 cards, each one numbered from one to five hundred. Among these cards are two cards bearing the same number, one of which is deposited with Mr. G. A. Bingham at his hardware store in Salisbury. This is the way the ten dollars are to be given away: Each subscriber to the WATCHMAN paying fifty cents for a six months subscription will be presented with a numbered card, and when the 500 cards are disposed of we will announce in this paper the number of the card deposited with Mr. Bingham. Suppose, for illustration, the card deposited with Mr. Bingham is card No. 50, then the subscriber holding the corresponding number can come forward and receive a cash premium

—OF—

FIVE DOLLARS!

Then the subscriber holding card No. 49 will receive a cash premium of

THREE DOLLARS!

The subscriber holding card No. 51 will receive a cash premium of

TWO DOLLARS!

The premiums will be given to the winners as soon as the 500 cards are disposed of. Why not try your luck? You run no risk, getting for your fifty cents the best paper published in Rowan county for six months.

Any one can subscribe for more than one person, receiving a card for each subscription.

Now hurry along with your fifty cents and let's see who gets the premiums.

Catarrh Can Be Permanently Cured.

C. W. Knauer, of Sheldon, Ia., was troubled with catarrh for over two years so that he only worked a few days at a time; tried various doctors without relief. Pe-ru-na cured him permanently. Mrs. Thomas Walz, New Brighton, Pa., suffered with aggravated sore throat which the doctor could not cure. Three bottles of Pe-ru-na cured her. Bernard King, National Military Home, Leavenworth, Kansas., neglected a severe cold, which developed chronic catarrh. Tried everything he saw advertised, to no avail. Pe-ru-na not only cured the catarrh, but an old case of bronchitis. A. Carlton, Lindstrom, Minn., took a course of treatment with Pe-ru-na for catarrh of the head and was cured. He delayed reporting for several months in order to see if cure was permanent; no symptoms reappearing, he has concluded that the cure is permanent. H. Cox was troubled with catarrh of head and bowels. Six bottles of Pe-ru-na cured him, after fourteen years of enforced idleness.

A 32-page pamphlet containing several hundred testimonials, accompanied by a pen portrait of the writer, covering cures of catarrh in all forms and stages by Pe-ru-na, will be sent free to any who desire it by The Pe-ru-na Drug Manufacturing Company, Columbus, Ohio.

The Limbless Cotton Again.

After writing our editorial on Limbless Cotton last week, two or three copies of the report of the recent Cotton Growers Convention were sent us.

Upon receipt of these we wrote Director Redding of the Georgia Experiment Station, sending a copy of our editorial. His reply, which we give below, explains itself and the wayfaring man, though a fool, need not now be deceived by slick-tongued agents for the "Limbless" cotton.

Director Redding tried the Jackson Limbless and twenty other new varieties of cotton last year. All varieties were treated alike as regards cultivation, soil, fertilizers, etc. The final pickings showed that two varieties, Nancy Hanks and Texas Bur gave a better yield of seed cotton per acre than did the Jackson Limbless, Nancy Hanks giving a better yield of lint. Farmers wanting a good variety of cotton can get "Nancy Hanks" seed at less than one-tenth the cost of the so-called Jackson Limbless.

Here is Director Redding's letter:
EXPERIMENT, GA., Jan. 29 '98.
Mr. C. H. Poe, Associate Editor Progressive Farmer, Raleigh, N. C.:
DEAR SIR:—Yours of the 19th received. I thank you very cordially for the editorial, of which you enclosed a copy. It is what I would expect to find in a paper once controlled and edited by my very esteemed personal friend, the late L. L. Polk.

I have had no reason to modify the general and particular statements contained in Press Bulletin No. 36. I saw the celebrated patch, and based the statements of that bulletin in regard to the probable yield of the patch, on the examination then made. The other statements are based on my carefully conducted experiments, and on my familiarity with the many varieties of cotton, having been long a practical

farmer, and for eight years past conducted extensive variety and other tests on this station.

After the final picking, which gave Jackson's "Weldon's Pet" the eighth place as to total yield of seed cotton, I then ginned the seed cotton of each variety, and found that the exceptionally large per centage yield of lint brought it to third place as to value of total products of lint and seed. Full credit is given to this wonderful "African" cotton. I have known Mr. Jackson for 20 years. He is a very clever, educated, old time farmer, originally from Tennessee, with comparatively little experience in knowledge of cotton. His principal business for years past has been the exploiting of wonderful and astonishingly productive plants—"Jackson's Wonderful Bean," "Wonderful Pea," and other things, all good enough in a degree, but falling very far short, in every particular, of his claims of merit. He is very shrewd, very plausible, very hospitable, but you cannot rely on any statement that he makes that has money in it for him. This is his reputation among those who know him.

I do think that every honest paper in the South should join in the effort to expose this scheme to get the money of the Southern farmers. A lie travels much faster than the truth, but the truth is mighty, and will finally prevail; but I fear it will be after the farmers shall have been victimized to the tune of many thousands of dollars.

Very truly,
R. J. REDDING, Dir'ct.

TEN DOLLARS TO BE GIVEN AWAY.

Not being satisfied with the largest list of bona fide subscribers of any paper published in Salisbury, the WATCHMAN is making a good offer to secure more subscribers. We want you, friend, if you are not already a subscriber, to subscribe at once. You get for fifty cents the best paper published in Rowan for six months and stand a chance of drawing one of the premiums we are offering. Read all about it on another page of this issue and subscribe NOW.

Dr. Miles' Pills are guaranteed to stop Headache in 20 minutes. One cent a dose.

Suffered 20 Years.

MRS. MARY LEWIS, wife of a prominent farmer, and well known by all old residents near Belmont, N. Y., writes: "For twenty-seven years I had been a constant sufferer from nervous prostration, and paid large sums of money for doctors and advertised remedies without benefit. Three years ago my condition was alarming; the least noise would startle and unnerve me. I was unable to sleep, had a number of sinking spells and slowly grew worse. I began using Dr. Miles' Restorative Nerve and Liver Pills. At first the medicine seemed to have no effect, but after taking a few bottles I began to notice a change; I rested better at night, my appetite began to improve and I rapidly grew better, until now I am as nearly restored to health as one of my age may expect. God bless Dr. Miles' Nervine."
Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

Lies vs. Truth.

Seldom has the truth of that old proverb "a lie travels faster than the truth," been better illustrated than in the case of the "Jackson Limbless Cotton." We notice that numbers of North Carolina papers are still publishing the "Report of the Interstate Cotton Growers' Association" on this cotton and referring to it as sufficient proof of the value of the cotton. Almost every country paper has this in the "patent outside" portion of the paper. We wish to call the attention of papers to the necessity of exposing the humbug at once. We have a letter from a prominent member of the Association who says that if any such report was submitted to the convention, he did not hear it read or discussed.—Progressive Farmer.

Two Millions a Year.
When people buy, try, and buy again, it means they're satisfied. The people of the United States are now buying Cascarets Candy Cathartic at the rate of two million boxes a year and it will be three million before New Year's. It means merit proved, that Cascarets are the most delightful bowel regulator for everybody the year round. All druggists 10c, 25c, 50c a box, cure guaranteed.

Tutt's Pills Cure All Liver Ills.

Doctors Say;
Bilious and Intermittent Fevers which prevail in miasmatic districts are invariably accompanied by derangements of the Stomach Liver and Bowels.

The Secret of Health.
The liver is the great "driving wheel" in the mechanism of man, and when it is out of order, the whole system becomes deranged and disease is the result.

Tutt's Liver Pills Cure all Liver Troubles.
