THE ODD FELLOWS' MEETING.

Large and Enthusiastic Meeting Held Here Last Night.

The Odd Fellows of the 14th district, comprising the lodges of Spencer, Lexington, Concord, Gold Hill and Salisbury, met in the hall of Cordon Lodge yesterday evening and last night. Something like 100 were present, all the lodges of the district being well represented except Gold Hill. A number of members from other points were also present, Coolemees sending possibly a dozen.

The evening session was poorly attended and lasted about two hours. After a few brief remarks of welcome, Rev. W. H. Huggin, of Lexington, responded, and T. L. Moore, district deputy, of the same place, stated the objects of the meeting. He presided at both the sessions. A number of other visiting members addressed the meeting, appointments were made and a recess for supper was had. The night session, beginning at 7:30 o'clock, was a success in every particular, probably one hundred and fifty members being present. After opening in due form the degree team of Cordon Lodge took charge and conferred the 1st and 2nd degrees in its usual style, captivating all present and receiving much applause.

This was followed by short talks by members from the various lodges and were of a high order and showed that the fraternal spirit and high endeavor was uppermost in all who were present.

Refreshments were served to all. Resolutions thanking Cordon lodge for the hospitality and entertainment extended and pleasure and profit given were passed by the visitors.

By unanimous vote, R. M. Leonard, of Cordon Lodge, was recommended to the Grand Master for appointment as district deputy, to succeed T. L. Moore whose term will soon expire and who does not wish to serve longer.

The meeting as a whole was a love feast throughout and will not soon be forgotten by those who were present.

Misdirected Energy.

It is in America rather in England that curious contests find a home. The American mind seems to run in that direction. On the other hand, we have our Sausage Kings and our champions who can eat a pigeon a day for a month, and now we have at the St. George's Hall, Westminster Bridge road, a club swinging contest, in which the two rivals are to go on swinging until one drops exhausted. We do not deny that this is a test of strength and endurance before which many other contests pale their ineffectual fires, but, on the other hand, it is hard to see what is the use of it all. There is something eerie and ghastly in the idea of those two men, separated from each other by a screen, so that they cannot mark each other's failing powers, swinging their clubs silently hour after hour, night and day. At the last exhibition of this sort the muscles of the winner's arms were in a condition the mere description of which was sufficient to destroy one's desire for meals for some time. There is a line where athletic competitions cease to be admirable and become silly. We are inclined to think that club-swinging crosses this line. We would also class with club-swinging the playing of the piano of eighteen, nineteen or twenty hours, or whatever may be the record. In fact, compared to consistent piano playing, club-swinging is a mild, innocuous pursuit. But both are foolish.—London Globe.

J. H. McKenzie, D. M. Miller, C. T. Bernhardt, T. P. Johnson and Capt. J. A. Ramsay returned from Asheville Friday morning, where they had been to attend the sessions of the Grand Council of the Royal Arcanum.

DEATHS.

WHITLOCK.—Rev. L. A. Whitlock, father of G. W. Whitlock, of this city, and W. E. Whitlock, of Forest Hill, Concord, died at Porters, Stanly county, last Wednesday evening.

WINECOFF.—J. M. Winecuff, of China Grove, father of A. W. Winecuff, of this city, died Monday morning. Mr. Winecuff was in his 76th year and was injured some time ago by a door falling on him and never recovered from the effects of his injuries. Mr. Winecuff was a man of splendid character and will be greatly missed. The funeral was held yesterday.

The Farmers Meeting Saturday.

The farmers meeting here Saturday, held for the purpose of discussing the cotton situation was very poorly attended. It deserved much better treatment whether the farmers were going to reduce the cotton acreage or not, there was much to learn and as this is a day of progress and intelligent application of all things those who did not attend are the worse off by such failure. Col. Harvey Jordan, of the Southern Cotton Association, Col. John S. Cunningham and E. D. Smith, president of the South Carolina Cotton Association, made talks and gave many good reasons why the farmers should organize and pull together on the cotton subject.

Some Interesting Events on the Schedule Hereabouts.

RANKIN-STODDARD.—One of the most interesting weddings that has taken place in Salisbury for a number of years, is that of Miss Jennie Mitchell Rankin and John Stoddard, of Savannah, Ga. The engagement which was announced some time ago culminates Thursday evening, April 27th, when the marriage ceremony will be performed at the residence of the bride.

INGRAM-NEWSOM.—The marriage of Miss Jessie Ingram, of Randolph, and Tobias Newsom, of Rowan, took place last Wednesday. Mr. Newsom is a son of A. H. Newsom who gave the couple a splendid dinner.

GAITHER-GUFFY.—Miss Elsie H. Gaither, daughter of Mr. and Mrs. N. J. Gaither, of Cool Springs, Iredell county, and H. Peyton Guffy, of Cabarrus, were married in Salisbury yesterday evening. The ceremony was performed by Rev. T. W. Smith. They will make their home in Concord.

Do You Know

That death may lurk in your walls? In the rotting paste under wall paper; in the decaying glue or other animal matter in hot water kalsomines (bearing fanciful names)? Use nothing but

Alabastine
Destroys disease germs and vermin.

A Rock Cement in white and delicate tints. Does not rub or scale. You can brush it on—mix with cold water. Exquisitely beautiful effects produced. Other finishes, mixed with either hot or cold water, do not have the cementing property of Alabastine. They are stuck on with glue, or other animal matter which rots, feeding disease germs, rubbing, scaling, and spoiling walls, clothing, etc. Buy Alabastine only in five pound packages, properly labeled. Tint card, pretty wall and ceiling design, "Hints on Decorating" and our artists' services in making color plans, free.

What our Guarantee Means to You.

All our work is fully guaranteed for one year; we mean by this that if we put a main spring in your watch, we guarantee that spring for one year, if it breaks from any cause whatsoever we will replace it free of charge, no matter what we do to it, we guarantee the work to be first class. If we clean it we guarantee it to stay clean for 12 months at least, or we will clean it again free of charge, and this guarantee applies to anything we do to it. We keep a record of every watch that is repaired by us, and know by that exactly what we have done to it. This places us in a position to keep posted and live up to our guarantee. More than this, we have the ability to do it, and do it cheerfully. The whole thing in a nutshell is this—we guarantee satisfaction. Think it over, won't it pay to have us do your work?
