Fire at the Salisbury Mill.

At an early hour this morning fire broke out in the waste house of the Salisbury cotton mill, and consumed its contents. The material stored here was oily and very inflammable. As there is never any fire about this building, spontaneous combustion is thought to have originated the blaze.

THE GOOD OLD STORY TOLD AGAIN.

The Salisbury and Spencer Street Railway Co. Has Again Set Some Pegs.

It takes a great deal of patient determination to set down and write anything better than ridicule concerning the Salisbury and Spencer Railway Co., at least when it gets up to about the 20th time and each time the story has been written less than the paper it was written on.

But this time, this the grand finally, is said, like all the others to be as full of truth as a dynamite bomb is of trouble, so if you don't want to be run over right in the middle of a street on July 15th, you had better put on your city airs and look both ways before crossing the street or highway between the Court House in Salisbury and the botanical gardens in Spencer, if you don't there will sure be trouble.

Now for the faith that is in us. The work on the track between the two points has been about completed, the power house is up, and it is said all the material for completing the enterprise is either here or on the way. Further the putting of these various parts together and where they are expected to do their parts is now being executed, there is a concern over at High Point that makes street cars, and as soon as these preliminaries get themselves into proper shape and the cars come over and get to running the thing will have been done. When this occurs there will be a general hurrah, all the delays, criticisms and misgivings will pass and be forgotten, joy will be in every heart and a ride on the street car will be the pleasure and delight of all. This will be a big boom to Salisbury and Spencer and the filling of a long felt want. Let's hope this last report will materialize, if not July 15th, soon thereafter.

The company has been organized and the officers elected consist of the following gentlemen: E. M. Dean, of Grand Rapids, Mich., president. N. B. McCannless, vice president. Henry B. Wales, general manager. L. H. Clement, W. F. Snider, T. H. Vauderford, Henry Herold and Dwight Smith, directors.

At the recent meeting of the Alumni's Association of the State Normal at Greenboro, Miss Eleanor Watson, of Salisbury, was elected a member of the executive committee.

KERN-CARLTON.—The marriage of Miss Pearl Kern, daughter of Mr. and Mrs. T. M. Kern, of this city, and Dr. J. W. Carlton, of Spencer, was solemnized at the residence of the bride's parents in this city last Wednesday night. Mr. and Mrs. Kern had gone to Hagerstown, Md., to attend the commencement exercise of Kee Mar College, where their daughter, Miss Beulah, graduated, consequently there were only a few accidentally visitors to the Kern home who were present, beside the groom's brother, P. S. Carlton and the officiating minister, J. H. Wilson. The marriage was a considerable surprise to the many friends of the couple. The happy couple left for Atlantic City.
