

Verble News.

Cotton picking will soon be over around here,

The farmers in this section are preparing their land for wheat.

Ernest Miller has had his residence painted. John Becker did the painting.

Some of the farmers around here are holding their cotton for better prices.

Will Gentle, who has been so grievously afflicted for the last year, is some better.

There has been more chills in our section this fall than was ever known.

A large number of covered wagons pass by every week hauling cabbage, apples, potatoes, etc., from the mountains.

Most of the sick people in our neighborhood have got well.

The sound of the hounds can be heard almost every night now, and the 'opossum is having a hard time of it to save his hide.

Pastor Byrum preached his last sermon in the conference year at Gay's chapel Sunday afternoon at 8 o'clock.

The sawmills are busy cutting up the timber in this section.

Peter A. Ritchie has bought himself a new wagon.

The WATCHMAN gets better every week. SATURN.

Doings at Dunn's Mountain.

DUNN'S MT., Oct. 23.

The health of this community is good generally, as far as we know.

The protracted meeting at the Dunn's Mountain schoolhouse has closed. Rev. Davis and Dr. Stallings conducted the services.

John H. Frick on Tuesday last ginned eight bales of cotton. That seemed to us good work; but he informed us he had put up ten bales.

Calvin L Kesler has sown a portion of his wheat and is preparing for a big shucking.

Bro. Hustler can boast of having at least one heavy farmer. He goes at things as if he meant business: viz., takes a two-horse turn plow and hitches one horse to it, and can turn nearly as much land as any two horses. Bro. Hustler, look around and report the facts in this case.

At last the gang has located its camps on our road, near Loftin's store. We hope our road will get its long-needed working and a general overhauling. Most of the people along this road will appreciate this move, as we can hardly travel during the winter.

John Curd, recently with the Evening Sun, visited in our neighborhood recently.

It seems that some people are hard to please, especially with a paper. We will say, if those who do the kicking would subscribe for the WATCHMAN and quit reading some one else's paper, they would not feel so bad, and possibly their names would appear in print—provided they did something worthy of notice in this valuable paper. Send in your dollar and be happy.

A certain scientist thinks the earth wobbles. So do some men who are not scientists—especially after a corn shucking.

There seems to be a good deal of speculation as to who will buy and how much the lands of the late Wm A. Canble will bring on the 8th of November next. Will the longest pole reach the highest persimmon? Hope we will get a good neighbor, whoever gets it.

Our friend (the editor) has reserved a page in our paper for his P. P. A's. Now, since this has been done, let all the members of our association send in the news from their respective neighborhoods and fill up the space reserved for us. There is lots of territory yet unoccupied, and several we do not hear from at all—Bro Snort and some one from Millertown, Bro. Lee, and a lot of others we have not space to mention. Hoping to hear from a lot of members, we remain. BARTLETTE.
