Concord Times, July 31st.

The papers of the large cities are all right if you want them, but it is your own home paper that advertises your church, your numerous societies, sympathizes with you in your afflictions and rejoices with you in your prosperity. In short is the local paper that mentions the thousand and one items in which you are interested during the year, and do not find in the papers of large cities.

Had an Awful Time, but Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—SAM H. GWIN, Concord, Ga. For sale by James Plummer, Salisbury, N. Lexington Dispatch, Aug. 1st.

Earl Wyatt, who was with Nat Crump on the occasion here in Lexington when the officers wanted both for selling whiskey, and who, for resisting arrest, was sent to the roads for two years, was shot from ambush some nights ago in Boon township, so he claims, and being under the impression that his former friend was behind the gun, he came to Lexington and boarded the cars vowing to put as much space between himself and Crump as he could. The ball hit him in the leg, but did not appear to impede his progress much. It has been about concluded that Crump is really in Boon township and has been there since his escape from the State farm.

While he is resting as easy as could be expected, he is still in serious condition.

CHEW Grape TOBACCO
"THIS IS A HORSE"
ONCE there was a small boy who wrote "This is a Horse" after trying for hours to draw a copy on his slate of a thoroughbred racer. He admired the horse, wanted it, but had neither the ability nor the experience to get him. He therefore tried to draw one. When his labors were complete, he looked first at the genuine article, then at the miserable imitation, and after long, deep study wrote THIS IS A HORSE, realizing his failure and inability to reproduce the genuine, and he knew without "This is a Horse" written below, no one would recognize what he had tried to make. Would-be competitors have tried for years to imitate Grape Tobacco. They make like a plug of similar size, but of less weight, and put in it all sorts of various concoctions, mixtures and kinds of Tobacco, but all fail to get the business and finally hit upon the small boy's plan, and printed on the tag "SOMEBODY'S SUN CURED." They all advertise and tell you that SOMEBODY'S SUN CURED tag is valuable. Of course it is (it cost about 15 cents per thousand) but how about the miserable imitation of Grape Tobacco the tag is on? Somebody's Sun Cured tag no more makes good Tobacco than does THIS IS A HORSE; makes a valuable genuine horse.
