New Hope for Cotton-Growers.

There has been no recent publication better calculated to encourage Southern cotton-growers than yesterday morning's which announced the arrival in San Francisco of a prominent Japanese with the information that while Japan last year used over a million bales of cotton only one-fourth of it came from the United States, whereas the great superiority of American cotton over that of India and Asia is now recognized and "all first-class cotton-weavers are coming to use it. The export of cotton from the United States to Japan," this visitor adds, "is bound to increase enormously in the next few years." Cotton manufacture in that country is increasing rapidly and we have in the dispatch referred to a strong intimation that the South will soon be furnishing the great bulk of not practically all of the raw material. If, in addition to this, Japan would quit dallying with the matter and would let the United States into Manchuria, an immense impulse would quickly be given to the American cotton trade in the East. The larger demand for the great staple would of course mean higher prices. The Southern farmer may hope.—Charlotte Observer.

Sacrifices Senate Seat.

Idaho Democracy has taken a new tack. Senator Fred T. Dubois, its leader, has resolved to sacrifice his seat in the United States Senate for the present, believing that in the end he will so strengthen himself with the voters of Idaho that he can spend the rest of his days in the Senate.

Mr. Dubois has determined to drive every Mormon into the Republican party, believing Gentile Republicans will be driven in self-defence to join the Democratic party.

It is Senator Dubois' hope to organize an "all American" party in Idaho, similar to that in Utah, with the difference that in Idaho it will be known as the Democratic party, and the Democrats will reap the benefits.

The Democratic State convention adopted a platform pledging the party to re-enact the famous "test oath" by which Mormons are disfranchised if given control of the Legislature.—Spokane dispatch.

Government Will Punish.

In response to President Roosevelt's request for information concerning the situation at Brownsville, Texas, Acting Secretary Ainsworth has forwarded the report received from Major Penrose and also informed the President that the commanding general of the Department of Texas has been requested to furnish as soon as possible detailed information of the investigation being made by the military authorities. It is not believed at the Department that there will be any further clash between the citizens and soldiery and the hope is expressed that the excitement which prevailed will soon subside when it is known that the government intends to ascertain all the facts and will punish any of the soldiers implicated in the unlawful acts. It is stated that the troops will not be allowed outside of the post for the present and that strict discipline will be maintained.—Washington dispatch.

Remedy for Diarrhoea. Never Known to Fail.

"I want to say a few words for Chamberlaine's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I can not say too much for the best remedy of the kind in the world."—S. JEMISON, Spring Grove, York County, Pa. This remedy is for sale by James Plummer Salisbury, N. C., and Spencer Pharmacy, Spencer, N. C.

He Wants an Apology.

Senator Tillman, of South Carolina, spoke at Seven Hills Chautauqua last night. He was given a most cordial welcome and his accusations against those who were responsible for a better railroad bill not being adopted by Congress were enthusiastically applauded. In giving the review of the rate bill he related the incident which caused him to "cut" the acquaintance. "If I was a gentleman when McLaurin called me a liar I was more of a gentleman after I had resented it," said the Senator. He declared that no well bred gentleman would have recalled an invitation and that he would never speak to Roosevelt again until he apologized. In the matter of the rate bill he said that Roosevelt surrendered, walked down and gave up. He paid an eloquent tribute to Senator Bailey's defence of the constitutionality of the limited court review.—Owensboro, Ky., special to Courier-Journal.

Can Hardly Punish Mob.

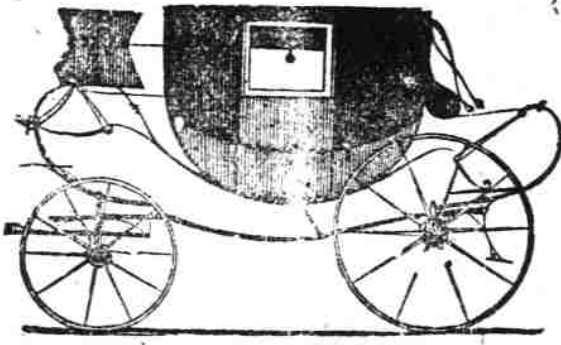

Governor Heyward returned this afternoon from the scene of the lynching of the negro Bob Davis near Greenwood, last evening. When asked for a statement concerning the lynching the Governor said he had nothing to say further than that, after a conference with Solicitor Cooper, of the Greenwood circuit, he had instructed that officer to take immediate steps to prosecute the known members of the mob. As the sentiment among the best citizens of the county, as well as a number of negroes, is in sympathy with the action of the mob, it is hardly probable that the prosecutions will amount to anything.

A negro school teacher of the neighborhood has written a card to the newspapers in which he endorses the lynching of Davis.—Columbia, S. C., dispatch.

A Credit to Salisbury.

That is what the people are saying of the new store into which Dave Oestreicher, the progressive dry goods merchant, has recently moved, and indeed there is no exaggeration in the remark. The store has been fitted up for him on the lines laid down by himself. It is roomy, well lighted, and there is plenty of room for a proper display of goods, which adds so much to the attractiveness of any store. The place is in all respects a most delightful one to visit, and will be especially so to the ladies, who delight so much in neatness and beauty. Mr. Oestreicher has built up a large business since coming to Salisbury, and the move he has made was necessary on account of the increase in his business. Mr. Oestreicher's many friends wish him much success and prosperity in his new store, and he will no doubt get both, for he deserves them.
