

In Memoriam.

Just as day was dawning Saturday, August 18th, the soul of Harvey Coleman, the son of Mr. and Mrs. H. L. Lysterly, took flight from this world of sin and sorrow to its heavenly home of peace and love, to dwell with Jesus for ever more. Harvey was a patient sufferer of typhoid fever for seven long weeks. He was 17 years, 11 months and 14 days old. The funeral services were held Sunday morning in Christiana church, where he was a faithful member. A large concourse of friends had gathered to pay their last respects to this noble young man. The many beautiful flowers that were placed on his grave, were a token of the high esteem in which he was held. How sad it makes our hearts to give up one so young and promising, but yet we bow in humble submission to the will of one who doeth all things well. How his smiling face and cheerful disposition will be missed from the community, the church and Sunday School and from the home, where his place can nevermore be filled. But let us be consoled with the thought that though we have a dear friend less on earth, we have one more in Heaven to await our coming.

"Do you mourn when another star
Shines out from the glorious sky?
Do you weep when the voice of war
And the rage of conflict die?
Why then should the tears roll down
Or your heart be sorely riven,
For another gem in the Savior's crown
And another soul in Heaven?"
A FRIEND.

A Healing Gospel.

It's made a new man of me." Greatest remedy for weakness and all Stomach, Liver and Kidney complaints. Sold under guarantee by all druggists. Price 50c.

Simmons on North Carolina Politics.

Senator F. M. Simmons, of North Carolina, who dropped into Washington yesterday afternoon, is a guest at the Ebbitt House. The Senator was at Democratic congressional headquarters for an hour, where he made the statement that North Carolina would retire Spencer Blackburn, the only Republican from that State in the House, and one of the very few from the entire South, and send a solid delegation to Washington. The Democratic party in his State, Senator Simmons says, is in fine shape and working harmoniously for every man on its ticket, while the Republicans are divided by factional quarrels, especially in the eighth district, where Blackburn is fighting for re-election.—Washington Post.

Weaver Piano Diagnosed.

"To say the Weaver Piano gives satisfaction is expressing my opinion very delicately. It affords me the greatest pleasure to recommend the Weaver Piano to any intending purchaser."—J. C. Barr, M. D., Mars, Pa. (The doctor visited the different warehouses in Pittsburg and investigated the question thoroughly before placing his order for a Weaver Piano.)—Recommended and for sale by G. W. Frix, Salisbury, N. C.

Summer Water for Cows.

When one has a pasture through which a stream runs he considers himself fortunate so far as the water question is concerned, but there is much danger in such a situation unless one is sure of the stream for a considerable distance before the water reaches his pasture. What is the stream used for by those who have access to it before it reaches you? If you do not know it is a good plan to find out before the cows are permitted to drink from it. After all, there is nothing like water from a good well so located that it cannot become contaminated in any way. True, it takes time to get the water out and to the cows, or the cows to the water, but it is time usually well spent. Do not work on the plan that the cows can drink all the water they need at morning and night, hence go without it between these periods. Probably they can, but did you ever count the effect on the milk pail?—Selected.

NEGRO CAPTURED AND IS LYNCHED.

Continued from page 1.

he could. However, he sent the Sheriff, who again tried to talk but the crowd would not listen. But the influence of the more humane prevailed in that it prevented a burning. The doomed man was rushed to a tree his body drawn up and riddled with bullets.

A humane man pulled the doomed negro's hat over his face, stepped to one side and waved his hand. A perfect sheet of flame lighted the deepening twilight a roar dulled the air, and the miserable, brutish life of Bob Davis, rapist and would-be murderer was hurled into the great unknown.

For ten minutes the roar of guns was intermittent, and the rattling of pistol shots was heard. The negro's head was literally shot into a pulp, his brains covering hat and face.

The mother of little Mame Stewart, the 16-year-old negro girl, who was the second victim of Davis, was present and took part in the shooting. She begged to be allowed to take part in the shooting. A few wanted her to shoot first, but there was no first shot.

The presence of Gov. Heyward and the work of a few men prevented a horrible burning. A lynching is a great blot on the county, but a burning would have been worse.

All Futures Dealing Banned.

Without a dissenting vote and in the presence of a large gallery of spectators, the city council of Birmingham tonight finally passed an ordinance which will prohibit the operation of any sort of brokerage house in the city which deals in futures, after October 1. The action is the result of the sentiment brought about by the defalcation in the First National Bank of Birmingham.—Birmingham, Ala., dispatch.

Marry and Live Long.

Marriage is an institution highly conducive to the health of both husband and wife.

Statistics prove that among married men over twenty years of age and women over forty, the mortality rate is far less than among those who remain single. Among the widowed and divorced the mortality is exceptionally great. Suicides among the unmarried are much more numerous than among the married.

The matrimonial state promotes temperance in every form. Further, the probable duration of life of a married man of thirty exceeds that of his unmarried brother by five years, and the wife may expect to live one year longer than a single woman of the same age.—American Medicines.

My wife improved with first bottle and twelve bottles completed the cure." Cures the worst coughs and colds or money refunded. At all druggists. 50c and \$1.00 Trial bottle free.

Jerome Willing to Run.

District Attorney William Travers Jerome today issued the following statement:

"In the present shameful condition of our political life in this State, I am willing to run for the office of Governor of the State, if the Democratic convention shall nominate me without any understanding, express or implied, other than that, if elected, I shall obey my oath of office as I understand it, in letter and spirit.—New York dispatch.

Chamberlain's Colic, Cholera and Diarrhoea Remedy, Better Than Three Doctors.

"Three years ago we had three doctors with our little boy and everything that they could do seemed in vain. At last when all hope seemed to be gone we began using Chamberlain's Colic, Cholera and Diarrhoea Remedy and in a few hours he began to improve. Today he is as healthy a child as parents could wish for."—Mrs. B. J. JOHNSON, Linton, Miss. For sale by James Plummer, Salisbury, N. C., and Spencer Pharmacy, Spencer, N. C.
