## FAITH.

T. R. Lingle was awarded the contract for putting up the frame of Will Barger and Lem Miller's big stable here, where it is expected that another livery stable will be opened in our town soon.

Some one tore down the chimney and filled the 40-foot well half full of trash, at the old Julia Heilig place that belongs to M. A. Safrit. No one lives there.

H. A. Wyatt will sell his place and move to Mt. Airy to live.

G. W. Gardner's little baby is very low and not expected to live.

Painters from Salisbury are painting a number of houses in and around Faith, and it is a decided improvement to our town.

We read the items from all our correspondents every week.

P. A. Talbert, of Granite Quarry, died August 22nd, age 43 years, 11 months and 4 days. The remains were taken to his old home in Montgomery county, for interment at Lane's chapel. The deceased had consumption and had been in declining health for some time.

Lawson Ludwig and J. D. A. Fisher, are the successful truck raisers of our town.

If all the little quarries here were in one, it would be a mighty large one.

Peeler, Bame & Company have been awarded the contract for the granite work that goes in the school building at Asheboro, N. C., now going up at that place. They have just shipped one car load.

VENUS.

## TRADING FORD.

And still it's hot.

The heaviest rain and wind storm fell here on last Wednesday that we have had during the wet weather. The rain fell in torrents and the wind blew very hard. Corn was blown flat.

The protracted meeting will begin at Trading Ford church Sunday, and will continue during the following week.

H. A. Wilson, while turning land for wheat the other day plowed up and killed 34 snakes, all in one day. These are facts, and any one doubting this statement can see Mr. Wilson, he will be ready to explain.

The long expected wedding came off Sunday, but hoop, ha ha, who in the thunder do you suppose it was. Venus can you guess?

We learn that Miss Lucy Barrier, who taught the school here last winter, will again teach this winter. She gave entire satisfaction last year, and we expect the same again.

Your honorable servant Sam is taking some rest this week, after many weeks of hard labor. He is very smart, you know, and rest is greatly needed.

Look for us again soon.

SAM SNORT.

## ROCK.

We are still having rain almost every day, an unusually wet summer.

Generally, people are very busy. Farm work and fruit takes some time, and there are a number getting ready to build or repair their buildings, cutting and hauling logs and lumber.

Lumber is being placed on the ground for the school building, and the work will begin Monday, Sept. 3rd.

J. R. Stadlar has a new fishing outfit and it does well, catches them if they are in the stream.

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box.

## DUNN'S MOUNTAIN.

Aug. 25th, 1906.

We are still having plenty of rain and the roads are in bad shape.

There seems to be a storm brewing in regard to the settlement of the estate of the late Mr. and Mrs. Eller, of this place. We hope all who are entitled to a portion of this estate will get their just dues. There is some talk of contesting the will and testament of the late Mrs. Eller.

Burglars entered the store of our merchant, H. A. Earnhart, Sunday night 19th inst., and appropriated several pair of shoes, also some clothing. These parties entered by the window.

Chas. Frick had the misfortune to be kicked by a colt. The wound is not serious, but Charlie carried a changed countenance for a few days.

Lewis I. Cauble, family and mother visited J. E. Klutz Sunday last.

Mrs. D. M. Kesler has regained her usual good health and is visiting her relatives near St. Matthews.

It seems that some of the parties who are subject to road duty do not care whether they come to work on the public roads, even after they have been notified by the overseer. Our section was worked Friday last, and only nine of the thirteen hands came. It seems that these delinquent parties are in a fair way to be subjects for fines and costs, for this makes the second time some have failed to show up. A word to the wise is sufficient!

The Baby Threshing Machine Co., has put up for the season, after 25 days work. Between 8,000 and 9,000 bushels of wheat and oats were thrashed. However, this company will saw wood in the near future. Look out for their ad. in the WATCHMAN.

We are assured of a new school house at this place. The proposed building will have a belfry and we suppose a bell. Messrs. Loftin, Dry and Drury are the building contractors.

Some of our farmers are busy plowing, turning their stubble lands for wheat and oats.

It seems that Bro. Josh has it laid up for us, and tried to expose us before we went thrashing, by saying we would make chicken suffer, as we were half brother to a hawk. Well, we admit the charge, but the flop eared pine rooster forgot to state his condition, for when he went around with their machine, the patrons were compelled to put his chicken and rations in a jug. You all know the nature of the razor back pine roosters. Who said chicken?

We are informed that Jno. Leonard and wife will remain on the farm of Mrs. M. J. Cauble, and cultivate the same another year. Mrs. Cauble had thought some of breaking up house-keeping.

W. S. Earnhardt, of near Faith, visited us a few days ago. We are glad to see you Bro. Wiley, come again.

We are with Uncle Josh and would be delighted to see the beautiful pictures of the Bro. correspondents. So hurry up, Bro. Venus and let us hear from you.

As we have not been in the ranks for some time we will not detain you longer, so adieu until another date.

BARTLETTE.

## Frightfully Burned.

Chas. W. Moore, a machinist, of Ford City, Pa., had his hand frightfully burned in an electrical furnace. He applied Bucklen's Arnica Salve with the usual result: "a quick and perfect cure." Greatest healer on earth for Wounds, Sores, Eczema and Piles. 25c at all druggists.

## RIDGE ROAD.

The continual rains are beginning to damage the corn and cotton crops through this section.

The protracted meeting at Corinth began last Sunday. On account of the inclemency of the weather, only a small crowd was out on Sunday. Only about fifty or seventy-five persons were out. This was the smallest crowd that has been at Corinth for years at the beginning of the protracted meeting.

The County Sunday School Convention that convened at St. Matthew's church last Wednesday and Thursday was well attended. The church was filled to overflowing both days. The programme was carried out in full. The topics were all very ably discussed. The greatest interest in Sunday School was manifested in this convention on the part of both speakers and hearers, that has ever been known in the history of the Association.

Mrs. M. L. Stoner has been confined to her bed for the past week on account of an abscess. Wh hope for her a speedy recovery.

The Jackson College debating society gave an interesting debate last Monday evening.

The school at Jackson College will close next Friday a week.

The St. Matthew's Sunday School picnic will be in Dr. Pool's grove on Saturday afternoon Sept. 9th. The superintendent has promised several balloon ascensions and a whole tub full of lemonade. A good time in general is expected. Let's all go. Don't forget the time. Saturday afternoon, September the 9th.

Misses Maggie and Mamie Bame, of Granite Quarry, and Miss Mamie Peeler, of Faith, paid Polly a visit during the convention.

Miss Belle Trexler is spending a few weeks at Gold Hill.

One night during the protracted meeting at Liberty, two well known young men, who live just across Dutch second Creek, got lost. When they came out of the church to start home, by some means they got the wrong end of the road, and when they came to themselves they found that they were way down near Panther Creek, right close to Aller Trexler's.

As news is scarce I will ring off.

POLLY.

Had an Awful Time, but Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—SAM H. GWT. Concord, Ga. For sale by James Plummer, Salisbury, N. C., and Spencer Pharmacy, Spencer, N. C.
