SALT FOR CHOLERA.

At a meeting of the Kansas Poultry Association Mr. E. Har'ngton said: "This fall Mrs. Harrington discovered that the cholera had appeared among her chickens. I had heard somewhere that there is nothing to beat salt as a disinfectant. I had the hired man clean the henhouse as clean as he could, wash it out thoroughly with just as strong brine as he could make, and fill every crack and crevice with the brine. He did so, and we haven lost a hen since. I tried the same thing on my hogs when the cholera broke out among them, and I am satisfied that I saved a lot of them and prevented a further spread of the dis-

FALL SPRAYING.

Bulletin No. 254 of the State Experiment Station, at Geneva, N. Y., holds out a little prospect of relief to the orchardist who finds spring all too short to allow of thorough spraying of his scale-infested trees. The results of extensive tests seem to show that fall spraying with sulphur washes ts safe upon hardier varieties of fruit trees and as effective as spring spraying, so far as scale destruction is concerned. Some of the washes tested also appear to promise a shortening of time and decrease of trouble in preparation of an effective compound.

STILL ALERT.

It was in the jungle restaurant. The leopard had been drinking and the waiter was trying to take advantage of that circumstance.

"None of that Mr. Monk!" yelled the feline vigorously. "The leopard may not be able to change his spots, but let me tell you that he is fully competent to spot his change."-Cousier Journal.

HOW MANY OF US? Fail to Select Food Nature Demands to Ward Off Ailments.

A Ky. lady, speaking about food, says: "I was secustomed to eating all kinds of ordinary food until, for some reason, indigestion and nervous prostration set in.

"After I had run down seriously my attention was called to the necessity of some change in my diet, and I discontinued my ordinary breakfast and began using Grape-Nuts with a good quantity of rich cream.

"In a few days my condition changed in a remarkable way, and I began to have a strength that I had never been possessed of before, a vigor of body and a poise of mind that amazed me. It was entirely new in my experience.

"My former attacks of indigestion had been accompanied by heat flashes, and many times my condition was distressing with blind spells of dizziness, rush of blood to the head and

neuralgic pains in the chest. "Since using Grape-Nuts alone for breakfast I have been free from these troubles, except at times when I have indulged in rich, greasy foods in quantity, then I would be warned by a pain under the left shoulder blade, and unless I heeded the warning the old trouble would come back, but when I finally got to know where these troubles originated I returned to my Grape-Nuts and cream and the pain and disturbance left very quick-

"I am now in prime health as a result of my use of Grape-Nuts." Name given by Postum Co., Battle | ter. Creek, Mich.

Engineer Scales Killed at Spencer. Salisbury, Special.-Clint Scales, an engineer on the Southern Railway died Friday morning at the Whitehead-Stokes Sanitarium in Salibury from injuries received last night at failure of any publisher to keep a Spencer. Mr. Scales went out of Salisbury Thursday night on No. 40, depositories. Accurate lists of all not as engineer but as a passenger. He intended spending the night in to be furnished the state department. Salisbury and as the train was slowing up at that place he jumped off, not waiting until the train had stopped! There was a string of box cars standing on the parallel track to the main line and Mr. Scales struck against this and was thrown back under the wheels of No. 40. He was badly mutilated, both legs and one arm being crushed. He was brought back to this place and placed in the hospital. Mr. Scales' home was at Wytheville, S. C., and the bod was taken to that place for burial. The deceased is a married man and is survived by a wife and several child-

GEORGE GENTLE A FREE MAN.

A \$2,500 Bond Was Given by Two Prominent Men. Will Likely End

Salisbury, Special.—George Gentle who was on Wednesday acquitted of jail breaking, in connection with the lynching case, but was held on other charges, was on Friday admitted to bail in the sum of \$2,500. The bond is made by Messrs. John S. Ludwick and James H. McKenzie, both prominent business men of this city. Gentle is now at liberty and will remain so unless more tvidence is produced against him at the next term of the court than was available at the term just closed in connection with the jail breaking case.

Lynchers Case Removed to Stanly

The remaining defendants, Henry Gillespie, Geo. Erwin, and Della Dillingham, charged with the murder of the Lyerly family of Rowan county in July were arraigned in Rowan superior court on the new bills of indictments at the present term, and on motion of council for defendants the case was removed to Stanly county on the grounds that a fair and impartial trial could not be had in Rowan county, and will be tried at the January term of the superior court.

New Express Offices. Express service is to be started at once on the Raleigh and Southport railroad, and Mr. J. J. Crosswell, of Fayetteville, route agent of the South ern Express Company, is arranging for this. There are to be offices at McCullers, Willow Springs, Fuguav Springs and Lillington, and the service for these will be from Raleigh and Fayetteville. This will be a great convenience for people along the line of the Kaleigh and Se thport railroad

Five Illicit Dealers Plead Guilty.

Greensboro, Special.—Eight Wilkes county mountaineers indicted for illicit distilling pleaded guilty in the United States district court on Thursday. The court will announce the sen tences later in the term. The names of the defendants who pleaded guilty were: James Comb, James Ellis, James Eller, Poley Fraley, Coe Fos-

General Summary of Condition of North Carolina Crops for Week Ending Monday, Sept. 10, 1906.

On the afternoon of the 3rd thunderstorms occurred in most sections of the State, and were heaviest in the eastern and central districts. In Harnett County 1.17 inch fell on that day; in Anson County some damage was reported: and in Tyrrell County some hail fell. Since then the weather has been pleasant and generally fair with a great deal less humidity than during the preceding weeks. In most sections the sunshine has been abundant. The rainfall averaged about normal, but was unevenly distributed being least in the northeastern and northwestern counties. The temperature averaged about 1 degree above normal. The days were generally warm and the nights cool. The highest temperature was 94 degrees on the 9th in Wake County and the lowest was 52 degrees on the same day in Buncombe County.-A. H

Must Enforce Book Law.

The state superintendent of public instruction is sending notices to the superintendents of the city schools in the state notifying them that the law plainly requires the use of the books adopted by the text book commission for the next five years in their schools, that it is their duty to obey the law and his duty to enforce it. Some of the schools have in the past refused to use the books adopted.

State superintendent Joyner is alsending letters to the county superintendents of schools insisting that they see to it in cooperation with the county boards, that there are depositories for the books throughout their counties in easy reach of all the people. Also that they report to him the simply of the books at any of the the depositories in each county are

State News Notes.

A dispatch from High Point says: What is said to be the highest amount in dollars paid to a single engineer in any one month in this territory, at least, was drawn by Sebern Perry, formerly of this place, but now of Spencer, for August, the amount being \$287. Engineers are paid by the mile, which averages from \$100 to \$125 per month.

Raleigh, Special.—E. C. Duncan, collector of internal revenue for this the eastern district announced the appointment of V. C. Terry as an affice deputy to succeed Lester F. Butler, brother of the ex-United States Senator Butler, who was appointed assistant postmaster of Raleigh by Willis G. Briggs a few days ago.

The appearance of the army worm in large numbers in the Raleigh section causes some alarm among the farmers. It has been about a dozen sears since it last appeared.

The colored mail carriers at Raleigh, whose suspension and dismissal was recommended by the postoffica inspector, has been dropped. At Wilmington fire destroyed the

two-story dye house of the Wilmington Cotton Mills owned by Donald Macrae and associates. D. J. Reed, a Southern Railway to cure. Medical advice and circular

fireman, of Asheville, was shot in the free by writing to Tyner Remedy Co., arm while firing a locomotive near Augusta, Ga. Statesville. The shot was fired in the darkness by an unknown person.

Cashier Left Bank in Strange Man-

Cahrlotte, Special.—W. A. Jones, cashier of the Hope Mills bank, a branch of the Bank of Fayetteville, who very mysteriously disappeared ten days ago, was located Sunday at Crewe, Va., where he has taken a position in the dispatcher's office of the Norfolk and Western. The news came in a message to his father, all previous efforts to locate him having proved futile. His accounts are found to be straight, and no course is known for his strange action.

Tobacco Men Organize.

Durham, Special.—The tobacco men of the city that control the warehouses have formed a tobacco board of trade, and elected officers for the season of 1906 and 1907. Arrangements are being made to handle tha farmer produce in the tobacco line in large quantities, and a good season is expected.

Flagman Killed.

Asheville, Special-James T. White a flagman in the employ of the Asheville division of the Southern Railway, was knocked or fell from the rear passenger coach of train No. 12 near Point Tunnel Wednesday evening and killed. Mr. White had been in the employ of the railroad less than a month and just had received his flagman's uniform.

The Age of Lead.

We are wont to speak of this era as the "age of iron," and there is no gainsaying that, industrially speaking, iron is a "precious metal."

Nevertheless, few people realize how useful, if not absolutely necessary, to modern civilization, is that other metal, lead. Soft, yielding, pliable, it is not much like its sister metal, but those distinguishing qualities are what give it such a prominent place in the arts and industries.

Modern plumbing, requiring many turnings and twistings, but withal tight joints, would be almost impossible without lead pipe. The greatest civilizing agent in the world-the printing art-is absolutely dependent on lead. Hand-set type, linotype "slugs," monotype type - all are made of compositions of which lead is the chief component-to say nothing of the bearings in the presses as weil as all other kinds of machinery in which "babbitt" metal is used.

Solder is another lead productwhat a field of usefulness that one form opens up.

Then there is the most important use of all to which lead is put-paint. that necessary material which keeps our houses looking pretty - inside and out-and preserves them from

How many of us thank metalic lead for the comforts of paint? Yet the best house paint is nothing but metalic lead corroded by acid to a white powder known as "white lead." Of course, there are many imitations of "white lead," some of which are sold as white lead and some which are offered by the name of ready-prepared paint under the familiar pretense that they are "just as good" as white lerd. But all good paint is made of the metal, lead, corroded and ground to a fine white powder and

White lead is also used in the coating of fine oil cloths and for many purposes besides paint.

mixed with linseed oil.

"Red lead" is another product of metalic lead and is what is known as an oxide of lead, being produced by burning the metal. Red lead is the best paint known to preserve iron. steel or tin, and is used largely in painting metal structures, such as skyscraper skeletons, mills and bridges.

There are many other products of the metal lead, such as litharge. orange mineral, etc., which are essential to many of the arts in which we never imagine that lead would be of the least use.

Verily, we live in an age of lead as well as of iron.

HANDICAPPED

"Lived with five families last week?" ejaculated Mrs. Housekeep That isn't a very good record." "It wuz the best I could do, mum." responded the applicant. "I wuz sick two days."-Minneapolis Tribune.

TYNER'S DYSPEPSIA REMEDY.

SICK FOR TEN YEARS.

Constant Backache, Dropsy, and Se-

vere Bladder Trouble. Fred W. Harris, of Chestnut St., Jefferson, Ohio, says: "For over ten years I suffered from kidney disease.

The third year my feet and hands would swell and remain puffed up for days at a time. I seemed to have a constant backache. Finally I got so bad that I was laid up in bed with several doctors in attendance. I thought surely I

would die. I changed medicine and began using Doan's Kidney Pills when I was still in bed. The relief I found was so great that I kept on unti' I had taken about ten boxes. The kidney secretions became natural and after years of misery I was cured. I have increased in weight and show no symptoms of my former trouble." Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

General Vonliarliarsky, acting military governor-general of Warsaw, was assassinated.

STOP, WOMAN!

AND CONSIDER THE **ALL-IMPORTANT**

FACT

That in addressing Mrs. Pinkham you are confiding your private ills to a woman -a woman whose experience with women's diseases covers twenty-five years.

The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, and for many years under her direction, and since her decease, her advice has been freely given to sick women.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great. Mrs. Pinkham's Standing Invitation: Women suffering from any form of female weak-

ness are invited to promptly communicate with Mrs.

Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.-Lydia E. Pinkham Medicine Co., Lynn, Mass.

Following we publish two letters from a woman who accepted this invitation. Note the live. I then wrote you, telling you my allresult: First letter.

Dear Mrs. Pinkham:-"For eight years I have suffered something terrible every month. The pains are excruciating and I can hardly stand them. My doctor says I have a severe female trouble,

and I must go through an operation if I want to get well. I do not want to submit to it if I can possibly help it. Please tell me what to do. I hope you can relieve me."—Mrs. Mary Dimmick, 59th and E. Capitol Streets, Washington, D. C. Second letter.

Dear Mrs. Pinkham :-"After following carefully your advice, and taking Lydia E. Pinkham's Vegetable Compound, I am very anxious to send you my testimonial, that others may know their value and what you have done for me.

The New York Board of Education has adopted a resolution to investigate simplified spelling with a view to its use in schools.

AWFUL PSORIASIS 35 YEARS.

Terrible Scaly Humor in Patches All Over Body-Skin Cracked and Bleeding-Cured by Cuticura. "I was afflicted with psoriasis for thirty-

five years. It was in patches all over my body. I used three cakes of Cuticurs Soap, six boxes of Ointment and two bottles of Resolvent. In thirty days I was completely cured, and I think permanently, as it was about five years ago. The psoriasis first made its appearance in red spots, generally forming a circle, leaving in the centre a spot about the size of a silver dollar of sound flesh. In a short time the affected circle would form a heavy dry scale of white silvery appearance, and would gradually drop off. To remove the entire scales by bathing or using oil to soften them the flesh would be perfectly raw, and a light discharge of bloody substance would coze out, That scaly crust would form again in twentyfour hours. It was worse on my arms and limbs, although it was in spots all over my body, also on my scalp. If I let the scales remain too long without removing by bath or otherwise; the skin would crack and bleed. I suffered intense itching, worse at nights after getting warm in bed, or glood warm by exercise, when it would be almost unbearable. W. M. Chidester, Hutchinson, Kan., April 20, 1905."

Men who brag are those who formerly squandered.

Mrs. Winslow's Soothing Syrup for Children teething, softens thegums, reduces inflammation, allays pain, cures wind colic, 25ca bottle

After all, a woman's cart to beautify herself is but a vain attempt. FITS, St. Vitus' Dance: Nervous Diseases per-

manently cared by Dr. Kline's Great Nerve Restorer. \$3 trial bottle and treatise free. Dr. H. R. Kline, Ld., 931 Arch St., Phila., Pa. Heaven is going to be a hot place for some cold-blooded people.
