Defeat! Defeat!! Is perched on the banners of the so-called Democracy.

There will be plenty of the WATCHMAN's tickets at the polls. Call for them, vote them.

The prospects for the defeat of bossism and ring rule was never brighter. Vote the WATCHMAN's ticket and a glorious victory will be won.

Probably the necessity for a larger jail will be apparent to the next Board of Commissioners. Just vote the WATCHMAN ticket and "turn the rascals in."

Rotation in office is as good a doctrine as that of rotation in crops. The so-called Democracy refuses to rotate, so the people will try it awhile on their own hook.

Good, sober and prudent men in office means protection to life and limb, means safety to property, peace, plenty and contentment, and bad men means just the reverse.

Be sure to see that you are properly registered. Go to your registrar and see that your name is down right in every particular. The registration books close Saturday of this week.

In advocating the ticket at the head of this page, the WATCHMAN does not assume to dictate how any one should vote. It is merely suggestive and, personally we, believe the best now before the people.

Our people are as good as any who live, they deserve the best government that can be had, and they are not true to themselves if they will be satisfied with anything less.

The best way to resurrect true Democracy in Rowan is to kill and deeply bury the present hybrid incumbent. Vote the WATCHMAN's ticket and the blessings will be for the masses instead of the classes.

It is just as much the duty of a patriot to vote right, as it is

for him to fight the battles of his country. "Peace hath her victories no less renowned than war" and it often takes as much courage to vote right as it does to shoot right.

If you have a mind make it up to vote right just this once. No possible harm can come to you or the county should every man on the WATCHMAN's ticket be elected next month. This will place you in good company and with the victors.

The appointment of Republican registrars in Morgan township, by the chairman of the so-called Democracy, for the Democratic primaries, was one of those little, spiteful proceedings that is going to do much toward making J. O. Houston the next sheriff of Rowan.

Sam Jones, one of the brightest men in the South, peace to his ashes, obtained credit for the saying that the "hit dog howls." We guess he was right. We have been talking about graft and some one is squealing. Just vote the WATCHMAN ticket and let "her" squeal. There are no grafters on it.

There is a very great deal at stake in the selection of representatives to the legislature, especially in the lower house. Messrs. Frick and Albright may not accomplish very much for the county, but by electing them it will prevent a great deal in the consummation of the bosses, schemes and plans, besides giving us worthy representatives.

Did you know that one of the so-called Democratic candidates for the legislature, lower house, owns stock in a saloon and has been indicted for disposing of mortgaged property? Did you? Look before you leap. Think before you vote. If you have the good of the county and State at heart don't you believe Rowan should have clean, decent men in office?

Senator Burton has just succeeded in breaking into the county jail at Ironton, Mo. We regret this, but a man who makes a practice of deception, will sooner or later deceive himself and secure an undesirable reward. May the good old North State never be disgraced in a like manner. May the matter of graft, both to those who obtain it and those who receive it, be an unknown quantity in North Carolina.

Like Belshazzar and his hosts, the present so-called Democracy of Rowan is revelling in its last piece of pie at the public crib. It is stupid from gormandizing reeling from drink and sick from its vices. Houston and his army have changed the course of the Euphrates and will snatch the sceptre from the bosses and tyrants. Then the bonds of the persecuted will be broken and dews of darkness be given another ray of glorious sunlight. When the people say there must be a change the gates of hell shall not prevail against them. Let it come, the sooner the better.

We are still of the opinion the best thing that could happen to the Democracy and the welfare of the county of Rowan, is for the so-called democracy to be defeated. If the readers of the WATCHMAN alone would vote solidly the ticket we have named a greater political blessing could not be granted them. They would break the old corrupt ring to smithereens, and if the Democracy ever showed its head again in Rowan, it would surely be composed of cleaner, better men, than she has had for many years heretofore. Let's do it, let's do it November 6th.

If you are sincere in your desire to see good men in office; to see the righteous rule over the wicked, instead of the wicked rul-

ing over the righteous, or if you think that the way to get good government is to elect good men, and that a change of rulers and affairs should be had in Rowan, now is the time to come forward and cast a vote accordingly. Failure to vote your honest convictions is dodging your plain duty. The ballot is the freeman's greatest and most valuable asset. All good men should not fail to make use of it for his country's welfare, for the election of the best men that can be obtained and for the accomplishment of the greatest good possible. We believe if such careful discriminate voting was more largely practiced, great good, peace and prosperity would result.

Why were the doors of inoffensive citizens broken in? (at China Grove a few years ago by a deputy sheriff.) Why was an inoffensive man beat over the head in his place of business near the postoffice? (by a deputy sheriff about one year ago.) Why was not this deputy sheriff prosecuted and put out of office? Why was Herman Shue shot down? (recently at the depot by a policeman.) Why has not this policeman been prosecuted? Why was the jail permitted to be entered by a mob three times? Why was the county put to the expense of having the military guard three negroes who had been taken out? and replaced in jail by a mob (last August.) Why have not the murderers and criminals running at large been brought to justice? Why has not the fines collected by the mayor of Salisbury not been turned over to the County Treasurer for the school fund? Why has not the town of Salisbury been given yearly a full and complete report of her finances as the law directs? Why is the town and county ruled by rings and bosses? Why do we call this kind of rule "so-called Democracy"? Is this Democracy, the party of purity, the party of good government, sobriety, conservatism, justice and statesmanship? No wonder we learn of strong men, Christian men and good Democrats going down on their knees and weeping when these things are recited and they stand naked and defenseless before an outraged people and their old time enemies. But, alas! The tables are turning and right will again be established in our bounds, but it will be known by another name.

Evangelist Miller.

Evangelist R. V. Miller, of Atlanta, reached Salisbury Saturday, and held his first service at the First Baptist church on Sunday morning. The meetings will continue for the week anyway, at 3 to 4 p. m., and from 7:30 to 9 p. m., each day. Mr. Miller is spoken of by those who have heard him here as being a pulpit speaker of great ability. He is having large congregations each night.

Strike Breakers Imported.

Spencer, Oct. 22.—The first detachment of strike-breakers were distributed over the Southern Railway system today. Two carloads reached Spencer this morning and promptly began work. Three additional car loads were carried to Atlanta and other points South. The machinists were secured in Baltimore, Philadelphia and New York and have been in readiness for ten days. All of the men are being housed and boarded in the shop buildings, where commodious commissary departments have been fitted up. Another detachment of nearly one thousand machinists is expected to be distributed over the system within the next week.—Special to Charlotte Observer.

This is the season of decay and weakened vitality. Nature is being shorn of its beauty and bloom. If you would retain yours, fortify your system with Hollister's Rocky Mountain Tea. 35 cents. Tea or tablets.—T. W. Grimes Drug Co.

Sheriff Suspended.

Columbia, S. C., Oct. 20.—Governor Heyward today issued the formal order suspending Sheriff M. M. Linehouse, of Dorchester, on account of his being indicted by the Dorchester grand jury for malfeasance in office in that he allowed a party of about fifteen white men to take a negro, Will Spain, from him and lynch him. The Governor acted upon official notification presented to him today by Solicitor Hildebrand, who came here with a certified copy of the presentment.

If you have lost your boyhood spirits, courage and confidence of youth, we offer you new life, fresh courage and freedom from ill health in Hollister's Rocky Mountain Tea. 35 cents. Tea or Tablets.—T. W. Grimes Drug Co.

FOLEY'S KIDNEY CURE

Makes Kidneys and Bladder Right

Chew What You Know About and Know What You Are Chewing

There is real pleasure in chewing the best tobacco grown—where the best tobacco grows—in the famous Piedmont Country.

Only choice selections of this well-matured and thoroughly cured tobacco is used in making SCHNAPPS. That's why SCHNAPPS and others of the Reynold's brands, as shown by the Internal Revenue statistics for a fiscal year, made the wonderful growth of six and one-quarter million pounds, or a net gain of one-third of the entire increased consumption of chewing and smoking tobaccos in the United States.

Evidently, chewers cannot resist the flavor and they cheer SCHNAPPS because SCHNAPPS cheers them more than any other chewing tobacco, and every man that chews SCHNAPPS passes the good thing along—one chewer makes other chewers—until the fact is now established that there are many more

chewers and pounds of tobacco chewed, to the population, in those States where SCHNAPPS tobacco was first sold than there are in the States where SCHNAPPS has not yet been offered to the trade.

SCHNAPPS is like a cup of fine Java coffee, sweetened just enough to bring out its natural, stimulating qualities. SCHNAPPS pleases all classes of chewers: the rich, because they do not find a chew that really pleases them better at any price; the poor, because it is more economical than the large 10c. or 15c. plugs and they get their money's worth of the real snappy, stimulating flavor so appreciated by tobacco lovers. All imitations contain much more sweetening than SCHNAPPS. They are made that way to hide poor tobacco improperly cured.

For the man who chews tobacco for tobacco's sake, there is no chew like SCHNAPPS.

Sold at 50c. per pound in 5c. Cuts. Strictly 10c. and 15c. Plugs
