

**SOUTHERNER FOR PRESIDENT.**

**Reasons for Believing he Would Command Support of the North.**

Is it true that Northern Democrats would support a Northern Republican in preference to a Southern Democrat of good character and conspicuous ability? We will never know until a Southern Democrat is nominated for the presidency.

We know this. That a Southern Democrat has been elected Governor of Rhode Island; that an ex-Confederate officer has represented Kansas in the United States Senate; that a Southern man has represented a Minnesota district in the National House of Representatives; that a Southern man has been elected mayor of New York city; that a Southern man has represented a Pennsylvania district in the House of Representatives; that a Southern man represents Nevada in the United States Senate; that another Southerner is governor of Nevada; that several ex-Confederate soldiers have represented New York districts in Congress; that a Southern man has represented Washington in Congress, and that there have been since the war many Southern men, ex-Confederate soldiers, elected to office in the North.

The trouble is that there is not in the North at this time a Democratic party worthy the name. That is a painful truth, but the Post believes there are in the North at this moment tens of thousands of men who would support a Democrat like Culberson, Bailey, Aycock, Daniel or Fayer who would not support a man like Hearst, and thousands of Northern men who would vote for any of these Southerners who would not even support Mr. Bryan. It is idle to discuss the attitude of Northern men toward Southern Statesmen until a Southern man has been nominated. If for any reason Mr. Bryan should decline to become a candidate two years hence, the nomination of a Southern candidate would be well nigh imperative; and then we shall see what the attitude of our Northern friends is. The Post believes a Southern nomination—the right man upon a Democratic platform—would obtain far greater support in the North than many people think.—Houston, Tex., Post.

**New \$10 Counterfeit.**

The United States Secret Service announces the discovery of a new counterfeit \$10 "Buffalo" United States note.

This counterfeit is apparently a photo-lithographic production printed on two pieces of paper, with silk fiber distributed between. The face of the note is greyish black. The numbering, seal, and large "X Ten" are of good color and workmanship. The check letter and plate number do not appear in the lower right-hand corner. The back of the note is a dark bluish green. By itself this counterfeit is apt to deceive, but when handled with genuine notes the marked difference in the color of the back should lead to its immediate detection.—Washington Post.

**Must Put Up Best Men.**

The election in Davidson county resulted in majorities for democrats ranging from 40 to 276, one exception of the office of sheriff, the republican candidate, Delap having defeated the democratic candidate Dorsett by 104 majority. The Dispatch draws some good lessons from the results, and says: "It emphasizes the fact that the party must put forward its best men, men the people want. It shows that the people support with extreme reluctance the same set of officers year in and year out."—Stanly Enterprise.

**Accused of Larceny.**

An officer from Haywood county arrived here Sunday coming after an Italian named Rosati, who was arrested here by local officers. The man has been working at a pulp mill at Canton, N. C., a concern which employs a large number of men from the land of macaroni and spaghetti. He is charged with having stolen a sum of money from his fellow workman. One hundred and sixteen dollars was found on the man when arrested.

**WILL NURSE NEGRO SOLDIERS.**

**Citizens of Chicago, New York and Philadelphia Will Clothe and Feed Them.**

New York, Nov. 22.—The three companies of negro troops discharged from the United States Army by order of President Roosevelt will be taken to Chicago, Philadelphia and New York, according to a plan announced in this city today. The movements is said to have been started by the citizens of the three cities.

According to this plan the former soldiers will be clothed and cared for by committees selected for the purpose and plans have been so arranged that any citizens who is interested in the case and who desires to hear the soldiers' side of the story will have access to the men.

How long the discharged regulars will be held together in their company formation has not yet been decided, but pains will be taken to see that not a single non-commissioned officer or private suffers for lack of food, lodging and eventually, employment. At present the soldiers are at Reno, Okla.

**Patronize Your Home People.**

Just at this time the mail order houses are active in flooding the country with big handsomely gotten up catalogues, quoting attractive prices on staple articles and making all sorts of big sounding claims for your cash. They do not offer to exchange their goods for the farmers' eggs, poultry, butter or other produce. They don't trust a penny's worth, but make you pay cash before you get the goods and the freight besides. If anything is wrong with the goods or they do not suit, they will not exchange them for you. They pay no taxes into your city or county treasury, with which our schools are maintained, roads, bridges and sidewalks built. They do not contribute to our churches, charitable institutions, nor to our poor.—Concord Times.

**"THIS IS A HORSE"**

ONCE there was a small boy who wrote "This is a Horse" after trying for hours to draw a copy on his slate of a thoroughbred racer. He admired the horse, wanted it, but had neither the ability nor the experience to get him. He therefore tried to draw one. When his labors were complete, he looked first at the genuine article, then at the miserable imitation, and after long, deep study wrote THIS IS A HORSE, realizing his failure and inability to reproduce the genuine, and he knew without "This is a Horse" written below, no one would recognize what he had tried to make. Would-be competitors have tried for years to imitate Grape Tobacco. They make black plugs of similar size, but of less weight, and put in it all sorts of various concoctions, mixtures and kinds of Tobacco, but all failed (to get the business) and finally hit upon the small boy's plan, and printed on the tag "SOMEBODY'S SUN CURED." They all advertise and tell you that SOMEBODY'S SUN CURED tag is valuable. Of course it is (it cost about 15 cents per thousand) but how about the miserable imitation of Grape Tobacco the tag is on? Somebody's Sun Cured tag no more makes good Tobacco than does THIS IS A HORSE makes a valuable genuine horse.
