### GOLD KNOB.

January 26th.  
We have received some very nice post cards of late, for which we are very grateful. Some are good representatives of the senders and can be recognized without their signatures.

We have learned that Brother Bartlette has moved from South Clay street to East Inniss street, (below Dunn's Mountain) After getting so close to home we would be very glad to hear from you sometimes.

Sidney A. Trexler, our contractor, is building a house in Salisbury.

A. H. C. Holshouser is building a nice residence near his father's home.

Jno. S. M. Miller is clearing a place near his home for a site for an electric plant, to furnish power for his machinery. If his plan proves successful it will add much to his farm and be a treat to the entire neighborhood.

John L. Waller, who lost his barn and stock from fire, at Christmas, has purchased a team of good mules. Mr. Waller will not build another barn, but will move his house near his mother's barn for convenience.

Arthur C. Lyerly, who is clerking for Brittan & Campbell, in Salisbury, and who has been at home sick for a few days, has returned to work.

John H. A. Barger had a very sick horse last week.

Mr. and Mrs. E. A. Goodman visited Mrs. Goodman's father, last Saturday night.

Col. A. E. Meads, of Chicago, has written N. C. Park asking him for a price on the mineral interest on his land. It seems that "G. K." is soon to boom again.

Mr. and Mrs. G. W. Park visited their daughter, Mrs. A. L. Klutz, last Saturday night.

Harvey Brown had a barn raised today.

On last Thursday morning at about 10 o'clock, the school house at this place caught fire, and when the teacher, Miss Lucy Barrier, discovered the fire it had gained considerable headway. The children made a dash for their books. Some began to tear out their desks while others fought the fire. As quick as a flash Miss Lucy sent for spray pumps which were close at hand. But for the pumps and the heroic efforts of the children the building would have burned to the ground. The children proved themselves heroes in trying to save their school building by emptying their dinner out of their buckets and carrying water to fight the fire. The school was closed for this week. The patrons of the district came in Friday morning and made repairs, such as covering and placing in the seats. The building was insured.

### Sheep and Others.

The sheep has wool  
The ass has hair and long ears.  
How hard is my fate  
What sorrows await  
Said the ass to the sheep—  
My wretched estate.  
Cold, naked, ill fed.  
I sleep in a shed,  
Where the snow wind and rain  
Do come in on my head.  
All this day did I pass  
In a yard without grass,  
Sure how sad was the fortune  
That made the Democratic party an ass.

### A Memorable Day.

One of the days we remember with pleasure as well as with profit to our health, is the one on which we became acquainted with Dr. King's New Life Pills, the painless purifiers that cure headache and biliousness, and keep the bowels right. 25c stall drug.

### DUNN'S MOUNTAIN.

JAN. 28.

Quite a nice snow, guess everybody enjoyed their sleigh rides.

There is a movement on foot to establish a school at Union church school house which will run similar to the school at Crescent. Stock is being subscribed for by different parties, the shares being \$10. Each share entitles the holder to one vote. The Rowan Council Jr. O. U. A. M., No. 196, has voted ten shares. This is a good showing for this lodge, as it has only about fifty members enrolled, but of course we are growing.

Some of the boys at No. 196 had a lively time at the Junior meeting, the night of the 19th inst. Six brothers probed into the mysteries of the A. D. K. That's right brothers, live and learn. After you have learned, then pass it along, thereby keeping the good work going on.

On the 24th inst. Charles A. Frick and Miss Eessie Sink, both of this community, were united in marriage by Rev. N. D. Bodie, at the parsonage of the Union E. L. church. Mr. Frick is a model young man and an ardent Junior, Miss Sink being a very estimable young lady. We extend to the happy couple our congratulations and best wishes for their future welfare.

Chas. A. Trexler, of Gold Knob, visited Mrs. M. J. Cauble Sunday last.

Messrs. Herbert Klutz and Murray Trexler, of near Gold Knob, were callers at Mrs. M. J. Cauble's. Well, what of it?

D. M. Kesler is preparing to erect a dwelling house for himself and has a good portion of his building material on the ground.

There is some talk of Cauble, Agner & Company erecting a molasses mill next summer. This is not definite, however; will advise you later.

Our merchant, H. A. Earnhardt, has purchased a mule. He must intend to farm on a large scale this year.

The school house at this place is nearly completed. Scarcity of material has caused unavoidable delays in this work. The contractor, W. S. Earnhardt, has done some splendid work on this building, as an inspection of the same will show.

Mrs. M. J. Cauble is somewhat indisposed at this writing. We hope nothing serious will result from her present attack.

Well, as we are back in our accustomed place, we hope to be with you often. Let's revive the correspondents column one and all.

BARTLETTE.

Col. Joseph P. Minetree Dead.

Washington, Jan. 25.—Col. Joseph P. Since then his condition had become gradually worse. All of his children were at his bedside when he died, except two sons, who were on the way here. Col. Minetree had a conspicuous war record. If the large granite quarry in our town, that belongs to the A. S. Heilig estate, was running, it would be bringing thousands of dollars for them. There are acres of solid, beautiful granite waiting to be opened up, inside of the corporation.
