

MAYOR OF SUNBURY Says Per-na is a Good Medicine.

Hon. C. C. Brooks, Mayor of Sunbury, Ohio, also Attorney for Farmers' Bank and Sunbury Building and Loan Co., writes:

"I have the utmost confidence in the virtue of Per-na. It is a good medicine. I have used it and I have known many of my friends who have obtained beneficial results from its use. I cannot praise Per-na too highly."

HON. C. C. BROOKS.

THERE are a host of petty ailments which are the direct result of the weather. This is more true of the excessive heat of summer and the intense cold of winter, but is partly true of all seasons of the year.

Whether it be a cold or a cough, catarrh of the head or bowel complaint, whether the liver be affected or the kidneys, the cause is very liable to be the same.

The weather slightly deranges the mucous membranes of the organs and the result is some functional disease.

Per-na has become a standby in thousands of homes for minor ailments of this sort.

PHILIPPINE "DOBIE ITCH."

Itching Pimples Covered Body—Discharged For Disability—Found Cure in Cuticura Remedies.

"I enlisted in the Corps of Engineers as a telegraph operator, and, while stationed in the Philippines, I became subject to the 'Dobie Itch,' as the natives call it. In this disease small, white, itching pimples form under the skin, generally between the toes, on the limbs, between the fingers and under the arms. I never knew of a case originating outside the Philippine Islands, but have known of many cases where it has returned in this country and invariably at the same time of the year as the original attack. The cause, so far as I could learn, was some tropical parasite or germ peculiar to that region.

"I got so bad that I was confined to my quarters a week at a time. The Army Surgeons applied some carbolic solution, and it would disappear for a time, when it would break out again. I was discharged from the Engineers by reason of disability contracted in line of duty, and when I had the trouble again, my druggist, Mr. Z., of Brooklyn, recommended Cuticura Remedies. The immediate relief was manifest with my first purchase, and the malady quickly yielded to the Cuticura Remedies. It has never returned of itself, and since I began to use and continued to use the Cuticura Remedies. You may quote me as a believer in Cuticura Remedies from personal experience. John S. Woods, 221 Sands St., Brooklyn, N. Y., Oct. 21 and 26, 1906."

Champion Jumper of the Ocean.
The most stupendous of all leapers of the sea is the whale—but the whale is not a fish. I have seen a monster weighing hundreds of tons, possibly eighty feet in length, rise slowly and deliberately out of the water until it appeared to be dancing on the surface, entirely clear of it, then sink slowly back. Such a leap is on record in the annals of the British navy. A large whale cleared a boat, going completely over it, an estimated leap of twenty feet in the air—how many in a lateral direction was not known.—From "The High Leapers," by Charles F. Holder in The Outing Magazine for February.

DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or over-busy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better. Reason of the wrong treatment, but probably worse. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured." Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," run-down, debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve "Favorite Prescription" is unequalled in its medicinal value, being a subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and all nervous and hysterical symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency. Dr. Pierce's Favorite Prescription invigorates the stomach, liver and bowels. One to three a dose. Easy to take as candy.

Estimates of the country's copper production this year place the output at between 940,000,000 and 970,000,000 pounds. Last year's production was 901,000,000 pounds.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollar refund for any case it fails to cure. Send for circulars and testimonials. Address F. J. A Most Dreadful Case of Kidney Trouble and How It Was Cured.
Thomas M. McCullough, 321 South Weber St., Colorado Springs, Colo., says: "For twelve or fifteen years I was suffering frequent attacks of pain in the back and kidneys that lasted for three weeks at a time. I would be unable to turn in bed. The urine was in a terrible condition, at times a complete stoppage occurring. I began with Doan's Kidney Pills, and soon felt better. Keeping on, I found complete freedom from kidney trouble. The cure has been permanent. I owe my good health to Doan's Kidney Pills."

Invigorate the Digestion.

To invigorate the digestion and stimulate the torpid liver and bowels there's nothing so good as that old family remedy, Brandreth's Pills, which has been in use for over a century. They cleanse the blood and impart new vigor to the body. One or two every night for a week will usually be all that is required. For Constipation or Dyspepsia, one or two taken every night will in a short time afford great relief.

Brandreth's Pills are the same fine laxative tonic pill your grandparents used and being purely vegetable are adapted to every system.

NATURE PROVIDES FOR SICK WOMEN

a more potent remedy in the roots and herbs of the field than was ever produced from drugs.

In the good old-fashioned days of our grandmothers few drugs were used in medicines and Lydia E. Pinkham, of Lynn, Mass., in her study of roots and herbs and their power over disease discovered and gave to the women of the world a remedy for their peculiar ills more potent and efficacious than any combination of drugs.

Lydia E. Pinkham's Vegetable Compound

is an honest, tried and true remedy of unquestionable therapeutic value. During its record of more than thirty years, its long list of actual cures of those serious ills peculiar to women, entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded person and every thinking woman.

When women are troubled with irregular or painful functions, weakness, displacements, indigestion or inflammation, haemorrhage, general debility, inclination or nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound.

No other remedy in the country has such a record of cures of female ills, and thousands of women residing in every part of the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound and what it has done for them.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. For twenty-five years she has been advising sick women free of charge. She is the daughter-in-law of Lydia E. Pinkham and as her assistant for years before her decease advised under her immediate direction. Address, Lynn, Mass.
