**Price Agreed Upon.**

The assessors appointed by Judge Boyd, of the Federal court, to place a value upon the Heilig property, have come to an agreement after several sessions. As they were not allowed to make the figures public they mailed their agreement to Judge Boyd. The assessors were Messrs. W. F. Snider, W. S. Blackmer and J. M. Maupin. It will be remembered that the property referred to was offered the government as a site for the public building. The bid of the owners was accepted, when the heirs concluded they would not sell, and condemnation proceedings were commenced by the government.

**THE BUGGY CONTEST.**

**Standing of the Candidates and the Votes They Have to Date.**

One or two of the candidates have taken a large stride ahead since our last issue. Walter Burrage, T. W. Watkins and Miss Carrie Shaver have all forged ahead, though Mr. Burrage still leads the list. Last week there was no candidate near Mr. Burrage, but it will be noticed that Mr. Watkins is coming along, while the friends of Miss Shaver are getting in some work for her. No one need be discouraged by the standing of those in the lead, for the race may yet be won by any of the other candidates, or even by any new one who may enter the contest. The interest is warming up and all one has to do to get votes is to go to work in earnest. The contest does not close for a little over two months yet, and there is plenty of time for hustling. Below will be found the vote of the several candidates at the time of going to press today:

Walter Burrage, Richfield, No. 2, N. C.	18,150
T. W. Watkins, city, No. 1	9,850
Miss Carrie E. Shaver, Richfield, No. 2, N. C.	900

Rev. N. D. Bodie, city No. 4	350
John C. Goodman, Crescent	275
J. W. Kepley, city, No. 5	225
A. Ernest Miller, city, No. 5	200
Wm. M. L. Fesperman, city, No. 3	200
J. S. Blackwelder, Mooresville, No. 3	150
J. C. Holshouser, city, No. 6	125
John Howard, Salisbury	125

**Y. M. C. A. Formally Opened.**

The handsome Y. M. C. A. building at Spencer was formally opened to the public Saturday afternoon and night. An informal reception was held from 2 to 5 o'clock at which a large number of visitors were present. At 8 o'clock p. m., addresses were made by President Finley, Vice-president H. B. Spencer, General Counsel Thom and other gentlemen prominently connected with the official staff of the road. Sunday afternoon at 4 o'clock there was a mas meeting for men, and an address was made by C. J. Hicks, of New York. A general invitation had been extended the public to be present and many persons from this city went out. It is owing largely to the liberality of the Southern Railway Company that such fine quarters have been provided for the railroad Y. M. C. A., and it was fitting that the formal opening of the building should be attended by a number of the principal officers of the Company.

**THEY WANT PARDON.**

**Petition for Pardon of the White Brothers to be Considered by the Governor.**

According to a Raleigh special, Governor Glenn will tomorrow consider the petition presented to him for the pardon of Thomas and Chalmers White. The two men were convicted at the fall term of the Superior court here, 1904, of the killing of Russell Sherrill. Numerous signed petitions both for and against the pardon have been forwarded to the Governor. The special referred to says:

"A hearing in a rather notable case comes before Governor Glenn next Thursday when the two Whites, who killed Sherrill in Rowan county seek a pardon. They claimed that Sherrill had ruined their noise; they went to see him early one morning presumably to induce him to repair the wrong he had done, but a fight occurred and Sherrill was killed. The Whites, who live in Concord, were tried in Salisbury before Judge Cook and a jury, and were convicted of murder in the second degree and were sentenced to six years in the penitentiary. They have served two years. Their appeal for exclusive clemency will be hard fought. A coincidence of the matter is that Governor Glenn was one of the prosecuting attorneys at the trial."

The statement in the above that there was a fight when the White brothers called on Sherrill, is not correct. The Whites made no such claim as this in their defense. They did state that Sherrill was advancing on them in a threatening attitude when they fired. The Raleigh special contains the first intimation of a fight that we have heard in connection with the matter.

**Railroad Men Discharged.**

A. L. Pritchard, E. E. Tucker, J. H. Banks and E. H. Benson, employes of the Southern Railway, who were recently arrested on the charge of being concerned in car robberies on the Southern, have been discharged from custody. The men had a hearing last week before a magistrate in Greensboro, and the indictments quashed. Brakeman Vail, whose evidence was relied on to prove the charges, denied on the stand that he had made an affidavit implicating these men, and under these circumstances the trial had to stop. Vail is under a \$500 bond for his appearance at the next term of the Guilford Superior court.

We were unable to get a shipment of white paper here this week, by the time we were ready to go to press with the first side of the WATCHMAN. Rather than subject our readers to delay in receiving their paper we used the most suitable paper we could obtain on short notice.

**That Mule-Buying Lady.**

The regular guests of the Selwyn Hotel will not soon recover from the shock that a dear, sweet, dainty, little woman, clad in most elegant, but modest attire gave by announcing to a chance acquaintance that she bought mules for the government and sold whiskey for a living. At first the statement was discredited, but the fair one produced her order book and showed the contracts that she had made. The father of the dainty saleslady was killed on the Merrimac during the civil war. He was a Californian planter. His daughter sold the mules that he left to the government. Later she bought other mules and sold them to Uncle Sam. She went into the business and the long eared balaam is an open book to her. Whiskey is a side line.

Mules, whiskey and a sprightly, cherry, modest woman—that combination has set the Selwyn regulars to thinking. Every evening, just after supper, the mule lady is the topic of conversation. No one discovered anything but good about her.—Charlotte Observer.

**House of Commons Raided.**

London, March 20.—The women suffragists attempted today a demonstrative raid on Parliament more important and more numerous than any of their previous efforts. The police, however, had timely warning and made preparations that resulted in making the demonstration somewhat ineffective. The only result was some amusing disorderly scuffles and the arrest of nearly 70 suffragists who were at once liberated on bail.

Previous to this demonstration an indignation meeting, which was largely attended by the so-called "suffragettes" and their friends was held at Caxton Hall where the speakers denounced the House of Commons for stifling the Dickinson woman suffragist bill.

The raid was led by Lady Harberton, who was assisted by the most prominent women who took part in the previous raids. The women drove up in wagons, and after promenade before the houses of Parliament stormed the entire entrance of the House of Commons; where the police reinforcements, drawn up for the occasion, waited the onslaught and drove the women back. After this first rebuff the women made a second determined attempt to penetrate the police cordon, but all to little purpose. In accordance with instructions the police employed against the women as little force as possible.

**Senator Bailey Sells His Farm.**

Lexington, Ky., March 23.—United States Senator Joseph W. Bailey, of Texas, sold at public auction today his Meadow Hill farm, 120 acres, near here. The purchasers are Rear Admiral Todd, U. S. N., retired and A. B. Blitz. The price was \$200 an acre. The farm was the former home of James Lane Allen, the novelist.

**NOT A SCAR LEFT**

**D. D. D. Cures Eczema**

Here is the picture of a girl who has learned the value of at least one proprietary remedy.

Honest doctors who KNOW agree with her that D. D. D. prescription is now THE specific for eczema and other skin diseases, and many physicians recommend it, although they could increase their fees by writing out their own prescriptions.

**OTHERS DARE NOT attack this remedy, for they know that thousands who—cured of horrible skin diseases by D. D. D. prescription—would rise to prove the lie to maligners.**

D. D. D. prescription is not a "patent medicine" in the ordinary sense of the word, but the prescription of the eminent skin specialist, Dr. D. D. Dennis. IT WILL CURE.

**WE VOUCH FOR THIS.**

TO CONVINCING YOU we have arranged with the D. D. D. Co., so that any sufferer from any skin disease can get direct from the D. D. D. Co.'s laboratory a large free sample bottle of D. D. D. prescription together with the new 32 page pamphlet on skin diseases and free advice on your particular care from the world's greatest skin specialists.

"WONDERFUL CURE," SHE SAYS. I am glad to say that a cure for Eczema has really been found, and this wonderful cure is "D. D. D." It is exactly what it is recommended to be. No fake about it. Some people will say: "Patent Medicines are no good," but I find the patent medicine, D. D. D., to be a greater remedy for Eczema than doctor's medicine. After having my head, arms and each side of my body sore for four months, and using doctor's medicine all the time, but with no change whatever, at last, after having seen the advertisement in the Daily Mail, so often, I decided to give D. D. D. a trial. I sent for a bottle and used as directed and before one half the bottle was gone I perceived a change which was for the better. In all I used five bottles and now am well. Not a blemish or scar is left from the Eczema. If any one desires to see me personally or write me about this wonderful cure, I will gladly answer questions. SUE FARRER, P. O. Box, 67, Mt. Carbon, W. Va. March 15, 1905.

**Chip**

CHIP TOBACCO is one of the best and largest plugs of fine-cured goods ever offered the consumer at 10c. It is manufactured by a strictly INDEPENDENT firm, a concern depending solely upon the good will and patronage of the people at large; a patronage only desired upon the strength of the superior quality of their tobaccos. That it has earned this appreciation is amply proved by the tremendous and rapidly increasing demand for CHIP. In fact, wherever their tobaccos come into competition with other makes, whether with the people or before judges of the world's great exhibitions, they are invariably winners. Call for CHIP and save the tags as they are valuable.

A copy of our 1907 premium catalogue, which is one of the largest and most attractive ever gotten out by a tobacco manufacturer, will be mailed to any address in the United States on receipt of only 4c in postage stamps or 5 of the tags we are redeeming.

**Solid Car-load "GOOD LUCK" BAKING POWDER.**

For J. K. Link Co., Salisbury, N. C.

Made by THE SOUTHERN MFG. CO., RICHMOND, VA.

**Tons Upon Tons**

The purchase of 32 car-loads of flour in one shipment by one jobber, every one will grant, would be a tremendous undertaking. The purchase of a car-load of "GOOD LUCK" is in the same proportion as a purchase of 32 car-loads of flour, as one car of "GOOD LUCK" will leave 32 cars of flour. Yet in solid car load lots, J. K. Link Co., of Salisbury, are constantly purchasing tons upon tons of "GOOD LUCK." This is due to two causes: First, on account of its purity and its many other unusual qualities there is a tremendous demand for "GOOD LUCK." Second, J. K. Link Co., are big buyers of everything in the grocery line because they cover a large territory and have on their books a long list of satisfied customers. In the Baking Powder line, however, "GOOD LUCK" is the only brand for which they have so large a demand as to justify its purchase in car-load lots. This is good evidence that it pleases the housekeeper who makes the bread. During its many years of use it has always been found to be pure and effective in the oven. Leading chemists who have analyzed it have given it a strong endorsement. It is guaranteed to comply with the provisions of all Pure Food Laws, both State and National.

The Patented, Tin-foil News Board Can in which "GOOD LUCK" is packed is of special advantage to the consumer and the grocer because the Tin-foil between two layers of News Board excludes moisture, and the top and bottom are so constructed as to be more air tight than other cans. The result is that, when the powder goes into the flour, it contains all of its original good qualities.

J. K. Link Co. are thoroughly versed in the art of merchandising. They understand how to buy and how to sell. The car of "GOOD LUCK" pictured above they have recently bought and received. They are shipping this stock out daily on the many orders received from their customers, and it will be only a short time when they will place with the factory an order for another car of "GOOD LUCK."

Mr. J. K. Link has the general direction of the buying.

They have always followed the policy of traveling good, capable men on whom they can rely and who possess the confidence of the grocery trade. The following head the list of "GOOD LUCK" sellers:

Mr. E. L. Foll and Mr. C. M. D. Kluttz.

These gentlemen always have a good word to say for "GOOD LUCK" because wherever they put and recommend it, it never fails to make good.

Mr. R. C. Wight is in charge of the "GOOD LUCK" sales in this territory, and is assisted by Mr. Norwood Spicer. They report that "GOOD LUCK" is in greater demand now than ever before.
