SALISBURY, N. C., APRIL 3rd, '07.

The people throughout the county are much interested in the present mayoralty contest. If they could vote there would be no doubt about Mr. Vanderford receiving an overwhelming majority. If the third term rule is to be broken they feel that the Democratic party will be easily defeated at the next county election. When any one man gets above the laws and regulations of the party it is but natural that conservative persons become disgusted.

During the last two weeks or more, we have experienced a most unusual spell of weather for this time of year. March was as gentle as October and as warm as July. The flowers budded, bloomed and withered in the short period of a week. The high temperature brought them forth very rapidly and the heat and dryness caused them to pass away quickly. This was followed Sunday by rain, snow and a freezing temperature which destroyed considerable vegetation.

Judge Montgomery, of Concord, who was one of the attorneys for the White brothers at their trial for the killing of Russell Sherrill, is said to have made a very warm plea before the State Council, urging that the Whites be pardoned. In the course of his remarks the Judge, according to a Raleigh dispatch in the Concord Times, "emphasized the high position and high character of men signing the petition for the pardon, urged the seventy years of their mother, that Mrs. Thomas White is a physical wreck and that the public is satisfied, etc." This is all very well, no one can object to Judge Montgomery doing all he can for his clients. We, with many others, feel strong sympathy for the families of Thomas and Chalmers White, and it is not at all pleasant to contemplate the deep sorrow of these wives and the mother over the result of the rash act of the two men they certainly hold dear. But there is another side to this picture which should have been held up to the gaze of the Council of State at the same time; perhaps it was, we do not know. But it ought not to be forgotten that Russell Sherrill had a mother, and that these two high-toned, chivalrous gentlemen shot him down before that mother's eyes, and while she was pleading with them, as only a mother can plead, to spare his life. Is this mother to have no sympathy, must her anguish be overlooked and passed by as not worthy of comment? This feature of the tragedy is the blackest, the most horrible one connected with it. Could the sort of men their friends claim the Whites are have killed this boy in the presence of his mother while she was begging for his life? Such a thing is inconceivable, it is not within the bonds of reason to even dream of it. In this county where all the facts and circumstances of the tragedy are best known, there was a strong sentiment against this pardon being granted, the general opinion being that the Whites escaped lightly and deserved to serve their sentence down to the smallest fraction of a minute.

Miss Martha Ritchie and J. T. Walker, of Cabarrus county, were married last Thursday afternoon. Rev. E. L. Ritchie, of Spencer, a brother of the bride, officiated.

Remember when you vote for A. H. Boyden for mayor,

That you endorse the breaking of the third term rule,

That you endorse the endangering of the existence of the Rowan Democracy,

That you endorse the reckless and extravagant expenditure of public funds,

That you endorse keeping an embezzler in office,

That you endorse paying said embezzler a larger salary after he became short in his accounts than the town charter allows to be paid,

That you endorse the embezzlement of town funds, taking this as a precedent, by any and all officials in the future,

That in making such endorsement you are upholding dishonest men and discrediting men who are striving to be honest and live upright lives,

That you are fostering dishonesty and discouraging honesty and uprightness,

That by such endorsement you are assisting in lowering the morals of the entire community,

That by such an endorsement you are putting a premium on trickery, corruption, drunkenness, vice, lewdness and gambling,

That you endorse the violation of law, the placing of the poor on the chain gang without a fair trial and an immunity of the law by the rich and favored few,

That you endorse base ingratitude to faithful friends,

That you endorse a man who goes back on his word when it is given in good faith,

That you endorse petty tyranny, spite, demagoguery, vindictiveness and snobbery,

That you endorse the methods that have been used here to override the will of the people,

That you endorse the governing of Salisbury and Rowan county by the legislature,

That you endorse the issuing of bonds without the consent of the people,

That you endorse the existence of the many mud holes on Lunies and most of the other streets,

That you endorse spending all the money on a few streets and paying no attention to the rest,

That you endorse the nabbing of poor negro crap-shooters, who are sent to the chain gang, and the ignoring of the regular "gentlemen" gamblers,

That you endorse hypocrisy, such as was exhibited when the town attorney and an alderman were reprimanded for eating in a saloon after closing hours which law the mayor had been a habitual violator of,

That you endorse the fining of a poor man \$5 for being drunk by a mayor who was guilty of the same offense before night of the same day,

That you endorse the control of the city's affairs by a ring or clique of self constituted bosses,

That you endorse the confiscation of the citizens' property to pay for cement pavements in front of said property, that are used by the entire community,

That you endorse the buying of votes and personal favors with city funds, by promising to improve this or that street,

That you endorse the borrowing of money, with private endorsements, counting on using the cash to carry a bond issue to repay the amounts so borrowed,

That you endorse the idea that it is a great crime for good men to die in office, but an honor for a party boss to do so,

That you endorse bossism.

That you endorse the perpetuation of a candidate,

That you endorse imperialism and anarchy,

That you endorse the slavery of white children in the factories,

That you endorse the failure to make reports as the law directs,

That you endorse the jumble of the town's books and finances are in,

That you endorse one man rule,

That you endorse a dictatorship over a free people,

That you endorse the using of a public office to punish personal enemies,

That you endorse malfeasance in office,

That you endorse the dictatorship of all the interests in the city, especially the selection of city officials, by the whiskey ring.

And remember, that when you endorse life tenure in office that you need not educate your boy for such a position. There will be few to fill. You might also remember that when you endorse a note, or other document, that you become a responsible factor for its existence, and if it is criminal you become participes criminis.

The outrageous conduct of the present mayor has been boldly pointed out and every well meaning man has had an opportunity to investigate the truthfulness thereof. These things no one has had the courage to deny, so they stand as undisputed facts before the community, and no one knows the truth thereof better than those who are wearing the button with the man who looks like some one had stuck a piece of limber under his nose. The most charitable view that can be held toward such men is that they are ignorant of the qualities of their candidate or else they lost their perception of right and wrong, at the age of ten, when their mothers had blackberry jam in the pantry.

A Criminal Attack

on an inoffensive citizen is frequently made in that apparently useless little tube called the appendix. It's generally the result of protracted constipation, following liver torpor. Dr. King's New Life Pills regulate the liver, prevent appendicitis and establish regular habits of the bowels. 25c at all druggists.

House Entered by Robbers,

Last Friday night the house of Mrs. C. A. Rice, on North Fulton street, was entered by one or more robbers. A hurried search was made of the premises but they secured nothing of value. Mrs. Rice was not at home at the time, having gone to spend the night with her sister, Mrs. L. A. Frazier.

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by all druggists. 25c.

For Catarrh, let me send you free, just to prove merit, a Trial size Box of Dr. Shoop's Catarrh Remedy. It is a snow white, creamy, healing antiseptic balm that gives instant relief to Catarrh of the nose and throat. Make the free test and see. Address Dr. Shoop, Racine, Wis. Large jars 50 cents. Sold by Grimes Drug Store.

The Matter of HEALTH.

Drug buying is much more important than most people realize. If everybody knew as much about drugs as druggists do—about what a difference there is in quality and potency—purchasers would be more discriminating.

Drugs are generally bought for the promotion of health or comfort. If purchased at our store we will guarantee the results to be satisfactory in the greatest possible degree. We believe that drugs should be carefully chosen and we therefore get the best even if higher cost reduces our profits—health is at stake.
