

Brighter Prospects

Increase Your Yields Per Acre

We have many actual photographs of cotton fields on which no fertilizers were used and pictures of fields on which "other make" fertilizers were used. Results of these crops were dismal failures. There are much "brighter prospects" ahead for the progressive farmers of the South. Two and three times the acre are only ordinary yields where

Virginia-Carolina Fertilizers are used with proper cultivation. Make your cotton mature early, and thus escape the boll weevil and other damaging insects. You can easily do this, as well as increase the number of bolls and the size of the bolls, by plentifully using Virginia-Carolina Fertilizers. This method will tremendously "increase your yields per acre." Don't be fooled into buying a substitute.

NOTICE TO HORSE OWNERS.

Owing to the fact that many horses are shipped to Rowan county and sold for \$500 and more each, and believing that harder and better horses can be produced here, we have purchased a French Coach Stallion, at a cost of \$3,200. This horse was bred under the supervision of the French government with a view to the combination of speed, power and elegance, which places the French Coach horse easily in the front rank among all breeds of the world. They are known to transmit their qualities to their colts with a surety that cannot be excelled.

This horse will be in Salisbury at Fisher Bro's stable on the following dates: April 19th and 29th and May 8th, 17th and 27th.

Very respectfully,
ROWAN FRENCH COACH HORSE CO.

The certificate of registration can be seen at the office of the undersigned. Address all communications to

DROWNED IN COXE'S POND.

Clarence McAuley, Who Left His Home Tuesday, Meets Unfortunate End.

Statesville, April 26.—A 'phone message from Davidson last night to C. H. Summers stated that Clarence McAuley has been drowned in Coxie's mill pond, which is in Cabarrus county, and that the remains were recovered yesterday afternoon and carried to his home near Davidson. Just when Mr. McAuley was drowned has not been ascertained. He left home Tuesday, driving a very lively mule, with the intention of going to Concord on business. Nothing had been heard of him since he left home until yesterday afternoon, when some one passing the pond saw the buggy and, with help, later found the young man and the mule. As the correspondent understands it, there is a bridge and a ford at the pond and the road also runs close to the bank. When found the mule was detached from the buggy and the young man was nearby. It is supposed that the mule ran away and plunged into the deep water and that Mr. McAuley was drowned while trying to detach the mule from the buggy and save it.

Mr. McAuley was a nephew of Mrs. J. M. Gibbs and a cousin of Mrs. Summers, of Statesville. He bore a good character and was popular in his community. He was about 80 years old and lived with his aunt.—Special to Charlotte Observer.

The Press and Pulpit.

A preacher came at a newspaper man in this way: "You editors do not tell the truth. If you did you could not live; your paper would be a failure." The editor replied: "You are right, and the minister who will at all times and under all circumstances tell the truth about these members alive or dead will not occupy his pulpit more than one Sunday and then he will find it necessary to leave town in a hurry. The press and pulpit go hand in hand with white wash brushes and pleasant words, magnifying little virtues into big ones. The pulpit, the pen and the gravestone, are the great saint-making triumvirate." And the great minister turned away looking very thoughtful, while the editor turned to work, and told of the unsurpassing beauty of the bride, while in fact she was as homely as a mud fence.—Ex.

On Trial for Receiving Bribes.

London, April 29.—The first trial here in a long time of municipal officials for receiving bribes began today, when six members of the West Ham board of guardians and four workhouse and infirmary officials appeared in the dock of the criminal court charged with accepting money for awarding contracts of coal and other supplies and for appointing minor officials. The sums involved are comparatively small. It is charged, for instance, that a doctor paid \$500 for a hospital appointment.

Better Than for Years.

St. Louis, April 28.—Employers and labor leaders of St. Louis and the Southwest report labor conditions better for May 1st this year than for many years past. Practically all wage scales in St. Louis and the surrounding territory for 200 miles are signed. In St. Louis alone this includes 120,000 union men. The unions allied with the building trades' council here are all signed for the year, with the exception of a very few men employed in small shops. There are about 40,000 men in these unions.

Other branches of trades show a similarly good condition. The brewery workers, who were on a strike a few weeks ago, have now signed.

Employers and labor leaders say there will be nothing this year in local circles to hinder great building activity.

Transfer of Coast Artillery.

Charleston, S. C., April 29.—The army transport Kilpatrick arrived in port today with about 500 members of the artillery corps, and made an exchange with Fort Moultrie, leaving two companies of coast artillery and taking one away. The Seventy-fifth from Fort Preble, Me., and the Seventy-eighth from Fort Warren, Massachusetts, were left at Fort Moultrie and the eighth company was taken on board to go to Fort Preble. The transport sailed this afternoon for Southport, N. C.

Relief From Rheumatism Pains.

"I suffered with rheumatism for over two years," says Mr. Roland Curry, a patrolman of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by James Plummer, Salisbury, and Spencer Pharmacy, Spencer, N. C.

A STRANGE MIX-UP.

Barn Blown Away by a High Wind Chases a Railway Train.

Lexington, Ky., April 25.—Engineer Scannon, who was pulling a freight train on the Chesapeake and Ohio Railroad, was the hero yesterday of a thrilling race between the train and a barn, with several lives at stake. The train was passing Tobb station, near this place, at a high rate of speed, when the strong wind which was blowing lifted a big tobacco barn from its foundation and started it rolling down hill toward the railroad, half a mile away. Engineer Scannon saw the danger and pulled the throttle wide open in an effort to outrun the barn. The heavy train was on the down grade and soon attained great momentum, but just as it seemed as though the peril would be distanced, the big barn crashed into the caboose smashing it. The impact also shattered the barn, which collapsed on the track. The trainmen on the caboose saw their danger and escaped it by jumping.

An Interesting Suit.

What promises to be an interesting suit, involving some knotty legal points will probably come before the August term of the Rowan Superior court. The suit will be brought by S. P. Swicegood, administrator of the estate of his father, the late S. J. Swicegood. It is stated that the contemplated litigation is caused by a difference of opinion concerning the boundary line between Meroney's theatre and the Swicegood property, which was sold at auction last week to M. S. Brown. The Swicegood heirs claim to have a half interest in the theatre wall, which claim Dr. Meroney denies. There are three inches in dispute. Before the recent sale Dr. Meroney warned the Swicegood heirs not to sell these three inches, and it is claimed by them that on account of this they were not able to get the price for the property it would have otherwise brought. The heirs also claim that the rear of the theater building encroaches upon the Swicegood property, and that the ground upon which it stands was not acquired by legal title. These claims will be contested by Dr. Meroney in the courts. The Swicegood heirs have retained Walter H. Woodson, Esq., to represent them.

Law and Morals.

A Missouri graduate in law, says a politician of that State, wrote to a prominent lawyer of Arkansas to inquire as to what chance there was in that section for such a one as he declared himself to be. He said:

"I am a Republican in politics and am an honest young lawyer." The reply that came seemed encouraging in its interest:

"If you are a Republican, the game laws will protect you, and if you are an honest lawyer you will have no competition.—Ex.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

There is probably no medicine made that is relied upon with more implicit confidence than Chamberlain's Colic, Cholera and Diarrhoea Remedy. During the third of a century in which it has been in use, people have learned that it is the one remedy that never fails. When reduced with water and sweetened it is pleasant to take. Schnapps Tobacco is Made ENTIRELY from Flue Cured Tobacco Grown in the Piedmont Country.

The Imitation Brands Have Schnapps Quality Only On the Outside Of the Plug

Hundreds of imitation brands are on sale that look like Schnapps tobacco. The outside of the imitation plugs of tobacco is flue cured the same as Schnapps, but the inside is filled with cheap, flimsy, heavily sweetened air cured tobacco. One chew of Schnapps will satisfy tobacco hunger longer than two chews of such tobacco. The color, size and shape of the tags, plugs and packages of certain imitation brands of tobacco have been made so much like Schnapps that they have often been accepted by buyers under the belief that they were getting Schnapps. Sufficient proof has been secured to establish the fact that certain brands are infringements and in violation of the trade mark laws, yet the trade will continue to be imposed upon by these infringers until the suit already entered and now pending to protect Schnapps is decided. A great many of these imitations are claimed to be "just as good" as Schnapps, but there is only one genuine Schnapps. Be sure the letters on the tag, and stamped on the plug under the tag spell S-C-H-N-A-P-P-S and then you have it—the most wholesome tobacco produced, with just enough sweetening to preserve the mild, juicy, stimulating quality of the leaf tobacco. Expert tests prove that this flue cured tobacco, grown in the famous Piedmont region, requires and takes less sweetening than any other and has a wholesome, stimulating, satisfying effect on chewers.

If the tobacco you are chewing don't satisfy you more than the mere habit of expectorating, stop fooling yourself and chew Schnapps tobacco. Schnapps is like the tobacco chewers formerly bought costing from 75c. to \$1.00 per pound; Schnapps is sold at 50c. per pound, in 5c. cuts, strictly 10c. and 15c. plugs.
