## Did the Shock Kill Him?

Sheriff R. F. McCaslan, of lowing a general cotlapse incident There is bliss within the nation, upon the hanging of Joe Evans, a negro assailant,

Evans was the first man ever hanged in Greenwood county, and For the season's fairly opened his crime was peculiarly atrocious, He assaulted his brother's wife and then shot his brother to death when this act was discovered.

As the time for the hanging approached the sheriff, usually a man of splendid nerve, began to show sign of physical collapse and when the day of execution approached he dragged himself from his bed and pulled the trap that Not a boy releasd from bondage sent Evans into eternity. After the negro had been pronounced For he's out with "all the feldead by the county physician the sheriff went back to his bed and died this morning.-Greenwood, S. C., dispatch.

Pittsburg, Pa., May 8 .- John D. Pringle, editor of the Labor World, of Pittsburg, tonight reedgement of an editorial recently published in his paper in connec.

"The White House, " "Washington, D. C., May 7, '07 My dear Mr. Pringle:

"Nothing that has been spoken or written that I have seen of the Moyer and Haywood controversy has pleased me as much as your letter and editorial. In my letter I wished to drive a wedge in between the honest, law-abiding man-with whom I feel such hearty sympathy—and those worst foes of the government who preach anachy and tawless violence; just as I wish to see a wedge driven between the capitalist who is an oppressor or swindler and the capitalist who strives to do right by all his fellows; the man who is an American citizen first, and a capitalist second. Above all I want to express my absolute agreement with your final paragraph, running as follows:

"The Labor World has not a word to say regarding the guilt or innocence of Moyer, Haywood ing an industrial policy that is damning to the best interests of the wage earners of the country.' "With all best wirhes believe me,

#### A BAD WRECK.

#### C. A. Myers, of No. 1 township, Sollt Switch Causes Serious Damage to Engine and Mail Cars.

Monday night about ten minutes after 11 o'clock No. 88, fast vestibule train, was wrecked within the town limits just below the Wennonah cotton mills, at the "Cotton Grove" crossing. The wreck was a bad one and blocked the track until about ten o'clock yesterday morning. The cause of the trouble is said to be a "split switch," although the details of the smash-up were hard to secure on account of the usual reticence night to hear the address of Miss the first things they are taught, it mouths shut about a wreck. Engineer Rouzie, of Spencer, was in charge of the train and Lee Parker was conductor. No. 38 was just a little behind, being due here at 11:05. Two mail cars were derailed and the engine was a mass of junk. Superintendent Lake was on the scene early and did not leave until the wreck was cleared.
