A Strange Find.

A few days ago a Spencer man bought a sack of wheat from a merchant in that town. When the purchaser opened the bag he found a lady's gold watch and chain inside. He took the jewelry to the merchant from whom he had purchased the grain, but he refused to receive it, saying it was sent to him in the wheat and did not belong to him. The grain was sold to the merchant by a Davidson county farmer.

After the New Jail.

In the report of the grand jury made to the county, the new jail was wrapped some. The report says the plans for the new jail are not in conformity with the State law which prescribes how jails shall be built. It is stated that the heating and sanitary arrangements are not what they should be. The jury also recommended that a new court house be built.

The City Election.

The city election on the 7th passed off very quietly, and a small vote being polled. There were 804 votes cast in the four wards, and of these there were 180 in the South ward. The vote was as follows:

Mrs. Patterson Suicides.

Mrs. Patterson, of Atwell township, committed suicide last Friday night by cutting her throat with a razor. She left a note for her husband which read: "God has revealed to me the day that I have overthrown the Kingdom of God." The deceased was mentally deranged when the rash act was done. Some years ago she was the victim of a mental trouble for which she was treated at Morganton. She was Miss Bina Lingle, one of the most accomplished young women of the county, and came from a family whose members were distinguished for their mental qualities. Rev. Walter Lingle, of Atlanta; Rev. Thomas Lingle, of Chicago and Rev. Wm. Lingle, a missionary to China were her brothers. Several members of Mr. Patterson's family have died recently and brooding over their loss is believed to have brought about a recurrence of the old trouble, which was greatly aggravated by her grief. The deceased was certainly not a person who would have taken such a step had she not been insane at the time.

The County of Durham Defeats Bonds.

In evidence of the fact that the more enlightened communities are opposed to bond issues we herewith give the result of a recent election, in the county of Durham, held for the purpose of legalizing the issue of \$800,000 in bonds for road improvements.

The official results show that there were registered a total of 2,812 voters in the county. The law requires that in order to carry the bonds it was necessary to get a majority of the registered vote. Instead of this the bonds were defeated by popular vote, the vote cast standing 897 for and 1,915 against bonds. Instead of getting half the registered vote the proposition did not get one-third of the vote. The people didn't like the idea of creating a new debt of \$800,000 and so expressed themselves at the polls. Those of our Salisbury and Rowan citizens who so dearly love to ape the ways and harp on the doings of all the towns around about, now have a new and better precedent set for their emulation.

IN THE SUPERIOR COURT.

George Fox, the Slayer of Fred Muse, Sentenced to Twenty Years.

The May term of the Rowan Superior court convened here last week, with Judge Fred Moore on the bench. The following grand jurors were selected:

W. T. Rainey, foreman; W. M. Leifer, Rufus Peeler, T. H. Bernhardt, J. Milas Schreiner, John Foster, Wm. A. Basinger, W. H. Sheaf, Z. V. Fisher, W. D. Buckley, T. H. Kirk, Jos. A. Bailey, A. Parker, W. C. Goodman, G. W. Frix, C. R. Morgan, H. L. Foster, H. A. Lewis Klutz.

The judge delivered an exhaustive charge to the jury explaining their duties. A number of offenses under the law were detailed to the jury, which were indictable.

R. W. Gray, the young man employed here by the Southern Express Company, and who suddenly left town with some money which had come into his hands, was placed on trial. Neither the express company nor the bonding company were anxious to prosecute the case, on account probably of Grey's youth. After a consultation with the solicitor and a careful consideration of the case, Judge Moore decided to give the boy a chance to redeem himself. Judgment was suspended, conditional on the future conduct of Grey. He is to cut out cigarettes, go to work, and report from time to time to the judge who may preside over the Rowan Superior court. He is also to make restitution to the express company for the amount he embezzled. The father of the young man arranged for a satisfactory bond for the performance of this obligation, and also for one for \$500 for the appearance of his son at court here when wanted to report.

In the case of Pete Johnson and Dock White, indicted for highway robbery, the men failed to show up and their bonds were forfeited.

Adolphus Orrender, a negro, was sent to the chain gang for two years for bigamy.

John Koozt, charged with larceny was acquitted. Elliott Moore was also acquitted of the charge of assault with a deadly weapon.

Will Oates was convicted of larceny and sentenced to six months on the chain gang.

Elliott Moore was fined \$15 and costs for carrying concealed weapons.

The case of George Fox, the negro who recently shot and killed Fred Muse, another negro, at Spencer, was disposed of in a manner which at first occasioned some surprise outside of the court room. From the published accounts of the killing the opinion prevailed that the State had a good case of murder in the first degree. There was some evidence produced, however, which made the case take on a different hue, and feeling that with this evidence a verdict of murder in the first degree could not be hoped for from a jury, Solicitor Hammer agreed to a plea of guilty of murder in the second degree. Fox was sentenced to twenty years in the penitentiary.

COMMITTEE AGTS.

Order Issued for Compulsory Vaccination of Spencer Citizens.

The sanitary committee of the county held a meeting yesterday morning and issued the following order:

It has become evident that many of the citizens of Spencer are neglecting or opposing the ordinance of the sanitary committee requiring compulsory vaccination; and in view of the fact that the disease of small pox is likely to continue to spread through the town, causing paralysis of business, and endangering human life; Be it ordained, That, every resident of the town of Spencer, for himself and for every member of his family, not protected by successful vaccination, shall within the next 8 days apply to some physician who shall vaccinate the entire household, free of cost. And it shall be the duty of every person to furnish on application of the Superintendent of Health, the proof of successful vaccination or a proper effort to secure the same.

Every person who shall violate this ordinance shall be guilty of a misdemeanor, and shall be fined not exceeding fifty dollars or imprisoned not exceeding thirty days.

The Superintendent of Health shall be authorized and empowered to make a house to house canvass, employing, at the expense of the county, such assistance as may be necessary to thoroughly and systematically enforce compulsory vaccination.

OFFICER GRAVES HURT.

One morning last week Officer Graves had his attention attracted by a negro on Council street who was indulging in an unusual lot of profanity and foul talk, even for that locality. He approached the negro and asked him to be less boisterous. The man turned quickly, tripped the officer with a dexterous motion of his foot, and then ran. In the fall Mr. Graves was painfully hurt and before he could recover himself the negro had made his escape. A close lookout has been kept for the man but the officers have not been able to locate him.

Dr. Liebig, the famous German Chemist, says that beer is "liquid bread." By this he means that beer is a food—full of life-giving, health-sustaining qualities. The value of beer as a food is becoming well known, and it is now used by many who have hitherto looked upon it as a beverage only.

Pabst Blue Ribbon

The Beer of Quality

is the most nourishing of all beers—because it contains every particle of the healthful, wholesome nutriment of the malt and all the tonic properties of the hops from which it is made.

The Pabst Eight-Day Malting Process follows nature by slowly transforming the substance of the barley into pure, nutritious food. The quality of the materials used and the Pabst method of brewing make Pabst Blue Ribbon not only a pure beer, but a healthful, tissue-building, muscle-building, life-giving, "liquid bread." Drink Pabst Blue Ribbon, and you put health and strength into your system.

When ordering beer, ask for Pabst Blue Ribbon.
