

**THE CAROLINA WATCHMAN.**

Wm. H. Stewart, Ed. and Pub.

Published Every Wednesday at 130 West Inland Street

Subscription Price \$1 per year strictly cash in advance

Entered its second-class matter Jan. 19th, 1905, at the post office at Salisbury, N. C., under the act of Congress of March 3rd, 1879.

SALISBURY, N. C., MAY 22d, 1907.

**LAST NOTICE.**

In again calling attention to those of our subscribers who have not yet renewed their subscriptions to THE WATCHMAN, we hope that we will not be misunderstood. The close of our special offer is on Saturday, June 1st, at 6 p. m. The price after that date will be one (\$1.00) dollar as heretofore— one dollar. We want to emphasize the price for the reason that many things now used in the publishing business has materially increased the cost of production and it will be impossible to longer make any cut in the regular subscription price. A number of other papers have increased their price to \$1.50 and \$2.00, and it is likely that many others will soon follow their example. No one who really wants his home paper will object to paying one dollar for it. However, our reduced price lasts till Saturday, June 1st, consequently it is to your interest to renew and pay up in full before that date. We can't think of furnishing THE WATCHMAN at the present price and wait indefinitely for our pay, hence our offer is for actual cash paid in advance. If a blue cross mark appears after your name kindly make it your business to attend to the matter at once. This is the only notice that will be given.

**DIVIDED WE FELL.**

Some people's vindictiveness and hatred of Mr. Bryan seems to grow as the years pass by. It looks peculiar to see men in one breath boasting of Mr. Cleveland's virtues and ability and in the next showing, by their continual abuse of Mr. Bryan, that they are unfit to judge either. Mr. Bryan and Mr. Cleveland have strong followings, and by the abuse of each other each has succeeded in keeping their leader up as a kind of perpetual candidate and, incidentally, the Democratic party out of control of the government. Cleveland was a candidate before Bryan, was defeated before Bryan, has been a candidate as often as Bryan and betrayed his party. He was elected twice and showed a true friendship for the South, or rather that portion of the country from which the great bulk of his vote came, and this latter is quite true of about all presidents. Bryan would as likely do the same thing, he is as capable and as intelligent as Mr. Cleveland, but he sees things different. For this, for his willingness to stand or fall by his convictions, therefore, he, in the eyes of the Cleveland worshippers, is everything that is vile, visionary, and is termed a dreamer, a speculator, a fakir, a political adventurer and despoiler of the Democratic party, etc., etc. The friends of each are again bringing out their old steeds and showing forth their various good points, their past achievements and narrating their unusual chances of success in the coming political battle. The fact is neither of them will ever again be president and the talk and speculations of their followers serves only one purpose. That is to keep the breach in the party as wide as possible. It is wonderful to look over the results of this factional strife, it is tiresome, it is ridiculous and worse than quixotic. Isn't it possible to compromise on some good Southern man and let these factional disputations cease? A Moses must be raised if the Democracy doesn't wish to lose the way to the White House. Bryan could have been elected in 1896, served his day and retired ere this, had it not been for these factional bickerings of the party.

**STRICKEN IN COURT.**

**Cited Fate of Ananias to Him and Fell With Stroke of Paralysis.**

"Ananias was struck dead for lying!" indignantly exclaimed Justice Bornemann, arising from his chair and pointing defiantly at a witness, Sam McIntyre, colored, about 50 years old, who had just completed testifying in the Justice's court yesterday afternoon.

"I believe you have lied in the same way," stormed the justice. With the latter remark and while the justice was still standing, pointing the finger of scorn at the witness, McIntyre keeled over from his chair and fell in a heavy to the floor. A large number of colored people, and not a few whites who jammed and packed the room while the trial was going on, rushed pell mell into street, front and rear. A few of the less superstitious bent to the assistance of the old man, whom it was later discovered, had suffered a stroke of paralysis. As quickly as possible he was taken out of the court room to the fresh air in a semi-conscious condition. Later he was taken in a conveyance to the hospital, and then to his home, where it is said his recovery is doubtful, as one whole side is affected and he has partially lost the power of speech. The affair caused a real sensation in the court room, and occurring about 5 o'clock when many people were passing the office, the crowd soon reached the proportions of several hundred.—Wilmington Star, 19th.

**A Terrific Hail Storm.**

Durham, May 20.—Late this afternoon a terrific hail storm passed some six or eight miles west of Durham and all growing vegetation was badly damaged. It is reported by some that the leaves were whipped from the trees until the ground was covered to the depth of several inches. All crops that were up sufficiently have been greatly damaged, according to reports. It is said that the hail, while small, was of such a sufficient depth that it could be scooped up some time after the storm. In Durham there was a heavy rain and considerable wind.—Special to Charlotte Observer.

**Killed at Negro Ball Game.**

New Orleans, La., May 19.—G. G. Richardson, a plantation overseer, was shot and killed while watching a negro baseball game in Jefferson parish to-day. A negro named Lewis was killed while trying to support the dying overseer. Jesse Clark, the negro who did the shooting, made his escape to this city where he has not yet been captured.

Richardson and a few white men, it is said, forcibly upbraided a negro woman for her actions at the game, when Clark began shooting. The overseer and his companions returned the fire.

**A Flagman Seriously Injured.**

Asheville, May 18.—Sam Throver, a flagman in the employ of the Southern Railway Company was seriously injured at Barnard, on the Knoxville division yesterday about noon by being struck by the bumper of the engine of local train No. 65. The injured man was taken to Hot Springs, Madison county, for medical attention and later removed to his home in Morristown on passenger train No. 11. While the flagman is seriously injured it is thought that he will recover.

**MORGAN X ROADS.**

May 21st. As I have not seen any items in the WATCHMAN from Morgan X Roads for some time, I will try and write a few.

We have several good cases of measles here.

The wheat in this community is looking fairly well at present.

There was a big crowd at the annual foot washing at Flat creek church last Sunday.

Frankie Morgan went visiting over the river Saturday evening. Frankie had better be careful in crossing the river. I believe if he knew what was best for him he would stay on this side.

We are going to organize a base ball team shortly. I guess we will try Spencer for a match before the season is out.

Mr. Itemizer why don't you report full proceedings of your base ball team at Pool? We will look over you this time if you are not to high. Try and do better next time.

I have no marriages to report at this writing. I guess I will have a few for next time.

**NATURE'S GREAT BLOOD TONIC**

**Piedmont-Bedford Concentrated Iron & Alum Water**

(Representing the Famous Bedford Alum & Iron Springs of Va.)

contains 17 of the most powerful Mineral Tonics.

An 18-oz. bottle contains all the minerals in a barrel of the average water. We furnish the minerals, you furnish the water.

We have certificates both from the public and from eminent physicians, telling of its virtue in **Dyspepsia, Rheumatism, a large variety of Female Diseases, Chronic Diarrhoea and Dysentery, General Debility, Anaemia, Malaria, Ulceration of the Throat, Diabetes, Piles, Chronic Eczema, Nervousness, Chronic Constipation, and many showing the wonderful cures in that dreadful disease, Scrofula.**

Dr. T. L. KABLER, for fifteen years a resident at the Springs, says: For Scrofula, that fearful destroyer of human health and happiness, we have in this water a remedy which neither science nor fortune accident has hitherto found an equal. It is in this malady, and some forms of secondary and tertiary Syphilis, that this water when carried to its full advantage, displays its highest curative powers. In all forms of diseases peculiar to females, this water will be found to exert a curative influence second to none in Virginia.

I have given your Concentrated Water a fair trial, and say with pleasure I have been greatly benefited. For some years I have suffered more or less with Indigestion, followed by Constipation and other attendant ills. Within the past two months I have found such relief from your remedy that I have improved in strength and weight; have eaten what I have not dared to do for a long time, and have done harder work than I have been able to do before for years.

Rev. OSCAR LITTLETON, Presiding Elder, Lynchburg, Va.

Since 1894 I have been afflicted with Chronic Diarrhoea. About six months ago I commenced using your Concentrated Iron and Alum Water with the most wonderful and satisfactory results. For three or four years past I have been deprived of the privilege of visiting friends or going to church, as my trouble kept me in constant apprehension having lost almost entirely the control of my bowels; but now I am happy to state that after using about a half dozen bottles of your remedy I am entirely cured, not having used any for the last four months. I can confidently and most gladly recommend your remedy for Chronic Diarrhoea.

CAPT. RUFUS AMIS, Virginia, Va.

I was an intense sufferer for some months with Indigestion, and could get no relief from the ordinary remedies. During the month of January I began the use of your Concentrated Water, and one bottle has entirely relieved me. I can now digest any diet and am entirely free from suffering. I take great pleasure in giving this testimonial.

Rev. H. M. BLAIR, Editor N. C. Christian Advocate, Greensboro, N. C.

I have used and prescribed waters from several Iron and Alum Springs, but none of them begin to come up to your Concentrated Water in all that goes to make the ideal alterative, strengthener, appetizer and restorative. It is at once a fine tonic and flesh-builder. Have advised several recently to try it, and always with fine and quick results. In January I had a bottle sent from one of your dealers to a lady, with the understanding that if it did not at once improve her digestive apparatus, I would pay the \$1.00 myself. She not only willingly paid the bill, but used a part of one-half dozen more bottles, and is now completely cured of a long and annoying Stomach Trouble. This seems to be the case with all who try it.
