There was a number of negroes collected in front of the store. One of them became very abusive and attacked young Elias Saleeby with a knife. Missing Team Found.

The team was left in charge of a boy. Mr. Trott was unable to locate his team and driver when he wanted them, and he was much worried over the matter. A couple of days later the man turned up at New London with the outfit, the team being considerably the worse for wear. The driver was all balled up and could give no intelligent account of his wanderings during the time Mr. Trott was trying to find him.

Morgan, was appointed State Missionary, at the last session of the North Carolina Synod, and whereas the said J. L. Morgan has seen fit to accept said appointment, we do hereby resolve:

OUR VOTING CONTEST CLOSES.

The Voting Was Quite Spirited Last Week. Mr. Burrage Wins.

The voting contest which the WATCHMAN has been conducting during the past few months, closed Saturday evening, June 1st, and Walter Burrage, of Morgan township, won the prize, a splendid, high-class buggy. Mr. Burrage entered the contest to win, made determined, unceasing efforts from the very start, displayed ability and energy that would have made a much greater contest easy, and was an easy winner. He and his friends not only accomplished something for themselves, but did considerable service for the WATCHMAN. This being the object of the contest, we can say that in every respect we are satisfied with the results. A large majority of our old subscribers, those whose time had expired, renewed, and hundreds of new names were placed on our list. Some of the contestants did not receive a very large vote, but that which they did get was given by admiring friends voluntarily, and are therefore the more to be appreciated. At the close of the contest the vote stood as follows:

T. W. Watkins, city, No. 1	25,949

LEAGUE ORGANIZED.

Will Have for Its Purpose the Maintenance of Law and Order.

A Law and Order League was organized last Sunday afternoon at the First Baptist church. Rev. R. E. Neighbor made a brief address explaining the objects and purposes of the league, and stated that there was no intention to antagonize the officers of the law in any way, but rather to aid them in legitimate ways to enforce laws and ordinances and maintain order.

A committee is to be appointed, whose duty it will be to be on the lookout for violations of the law, and to report them when they are found.

Last night another meeting was held in the Sunday school room of the First Baptist church, at which permanent officers were elected as follows: W. F. Snider, president; P. S. Carlton, Esq., vice-president; J. J. Stewart, Esq., secretary and treasurer.

Several new members were received at this meeting, a few brief addresses were made and much enthusiasm prevailed. A membership committee was appointed which has already started to work. A meeting will be held at the court house next Sunday afternoon at which a large attendance is desired.

The movement is a new one for Salisbury and considerable interest is being manifested in it. There is nothing concerning the league or its workings which cannot be heartily endorsed by all good citizens, and it can be made a power for great good in this city.

Bert Barber, of Elton, Wis., says: "I have only taken four doses of your Kidney and Bladder Pills and they have done for me more than any other medicine has ever done. A Mineral Water that Defies Drugs

NATURE'S GREAT BLOOD TONIC

The recent drug exposures in this Country have proven to all that deadly poisons and stimulants lurk in many Patent Medicines. You never know when you might be taking some of that class.

Nature has made ample provision for restoring vigor and vitality to humanity, and the public, as well as doctors, resort to Natural Remedies, when all others have failed.

Are you troubled with **Dyspepsia, Nervousness, Malaria, Kidney or Bladder Trouble, Chronic Diarrhoea or Dysentery**, and above all, that dreadful disease **Scrofula**, which has almost baffled human skill, or **Diseases peculiar to Females?**

Piedmont-Bedford Concentrated Iron & Alum Water

Is Nature's Remedy for Nature's Ills. Yes, when you consider that disease comes from impoverished or run down conditions of the system, this Natural Mineral Water furnishes the system what it needs.

The analysis of this Water, shown on the bottle, tells you what Nature thinks you should take when sick, and the doctor who reads it will agree.

Do you think the grouping together in this Water of 17 different minerals, which are recognized by medical writers as **most powerful blood tonics**, could have been accidental? Reason answers, NO!

An 18-oz bottle of Piedmont-Bedford Concentrated Iron and Alum water contains all the minerals of 25 gallons of the average natural water—Then why buy a barrel of water when you can get a bottle of minerals at the trivial cost of one dollar. The dose is a teaspoonful in a glass of your own spring water.

How this Water acts upon the system is not clearly known. It is judged mainly by its works. It has cured all the diseases enumerated above, and many more, evidently through its action as a powerful **BLOOD TONIC**.

We have many valuable certificates, which we will be glad to mail, if you are interested.
