MISENHEIMER.

June 15th.

The most important subject
with the farmers of our section
at present, is about the wet weather,
harvest time, and a whole lot
of corn and cotton to plow too.
It will be a busy time with the
farmers the next few weeks.

W. A. Wagoner has replaced
the roof on his house, on the Ro-
bey Glover place that he pur-
chased from J. C. Lingle, of Faith,
2 years ago. The roof was blown
off by the storm that passed over
lower Rowan on the night of June
10th. This was a severe wind
storm you may know for it only
left three rafters on the above
named house. It also did a lot
of damage to other buildings in
this community, blew down a lot
of timber and destroyed a lot of
wheat. Jacob Arey's chimney
was also blown off by the storm.
It came very near falling through
the roof.

George Beaver, of Gold Hill,
married Miss Alice Misenheimer,
near Misenheimer Springs, re-
cently. Also Charlie Misenhei-
mer, of Misenheimer Springs,
married Miss Annie Ridenhour,
of Richfield, this week.

Mackey Wagoner who arrived
home a few weeks ago from Grant
University, Athens, Tenn., is con-
templating going back again this
fall.

Miss Emma Sides, who has been
working at Albemarle, has return-
ed home and is keeping house and
cooking for G. W. Peeler, of Mi-
senheimer.

Homer Wagoner killed two
large birds recently. They meas-
ured from tip of wing to tip 6 1/2
feet and 5 1/2 feet high, bill 6 inches
long. They were wading in a
pond when they were shot.

Tetter Cured.

A lady customer of ours had
suffered with tetter for two or
three years. It got so bad on her
hands that she could not attend
to her household duties. One box
of Chamberlain's Salve cured her.
Chamberlain's medicines give
splendid satisfaction in this com-
munity.—Mr. M. H. Rodney &

lain's medicines are for sale by

**Flavoring
Extracts**

Made Just for You.

It stands to reason that in
making flavoring extracts for
our own trade, and requiring
only a moderate profit, we
can supply better extracts
than some distant manufac-

two or three profits.
There is a distinct saving
here that goes into the qual-
ity of our extracts. Try
them for cooking and see how
much fresher, stronger and
more appetizing our extracts
are.

DR. KING'S NEW DISCOVERY

Will Surely Stop That Cough.

MILLERTOWN.

June 15th.

We have had some more rainy
weather, and the farmers are
greatly disappointed, as harvest
is now at hand and the ground
stays so wet that they can hardly
get through the field without any
machinery.

Miss Bertie Miller visited her
sister, Mrs. Geo. W. Miller, at
Richfield, Saturday last. She
says she went to the ice cream
supper at Jeremiah Miller's and
reports a nice time.

Reuben Shaver has just recently
bought a new rubber-tire buggy.
Hurrah for him. Guess he and
his little girl will ride now.

George McCluster has bought a
new McCormick grass mower. He
bought of the Ritchie Hardware
Co., of Ritchfield.

S. R. Morgan and Miss Lillie
Shaver visited at Charlie Crowell's
last Saturday. Hurrah for Mr.
Morgan.

As Southerner has told all about
the severe storm and rain, don't
know that we can think of any-
thing more, except it did much
damage in the northeastern corner
of Stanley county. R. L. Austin's
barn was completely destroyed
and his stock crippled. Jos. W.
Miller has 10 acres of wheat lay-
ing flat on the ground which was
blown down by the storm. As
Brother Southerner says that it
was the fiercest storm we have
had for some time, and we think
so too. We suggest that the land
assessors come around and take a
view of the land that has washed
and the timber that has blown
down.

John Morgan had a barn-cover-
ing Tuesday evening, June 11th.

Calvin and Luther Miller are
talking of selling books after har-
vest. So if you see them coming
you may just know you are going
to buy a book anyhow.

J. Cal. Fraley has had quite a
lot of cradle stocking and repair-
ing to do. He says he has a good
cradle and scythe for sale.

Misses Freda and Pearl Miller
had some teeth fixed this week by
Robert Ivy, of New London.
Golly, but the boys will look at
them now.

Jos. W. Miller has taken some
of his engine fixtures to J. M.
Miller, the foundryman of New
London, for repair.

The health of our community
is very good at this writing.

UNCLE JOSH.

FAITH.

Lum Miller, Luther Jones and
Bill Barger are cutting granite at
Stateville, N. C., for a church
building.

Mrs. Auther Taylor is very low
at her home near Faith.

Faith wants to play Rockwell a
ball game.

David Parks has bought a new
top buggy.

Robert and Calvin Peeler and
their horse were shocked by a
stroke of lightning during a storm.

J. M. Fink has gone to Hender-
sonville for his health, by the ad-
vice of his doctor.

There was a large number of
people here to hear the Dr. O. U.
A. M. sermon preached by Rev.
C. B. H-ller. The members of
the Order and the Daughters of
Liberty went to the church in a
body. After the sermon the con-
gregation went with the members
of the Order to the cemetery
where the grave of one of the
members was decorated. Rev. C.
P. Fisher and Rev. J. M. L. Lye-
ly assisted in the services. These
annual meetings are largely at-
tended every year.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve
Strength, or Nerve Weakness—nothing more. Pos-
sibly, not one weak heart in a hundred is, in-
deed, actually diseased. It is almost always a
hidden tiny little nerve that really is all at fault.
This obscure nerve—the Cardiac, or Heart Nerve
—simply needs more power, more power, more
strength, more controlling, more governing
strength. Without this it cannot lead the heart
to beat, and the stomach and kidneys also have
these same controlling nerves.

This clearly explains why, as a medicine, Dr.
Shoop's Restorative has in the past done so much
for weak and ailing hearts. Dr. Shoop first sought
the cause of all this painful, palpitating, suffocating
heart distress. Dr. Shoop's Restorative—this
singular prescription—is alone directed to these
weak and wasting nerve centers. It builds
strength; it offers real, genuine heart help.
If you would have strong hearts, strong dis-
position, strengthen these nerves—re-establish
them as needed, with

GRIMES DRUG CO.

GOLD HILL.

Business is lively here now.
Lots of work going on and more
going to start soon. W. G. New-
man was down Saturday and said
that he is going to start up some
more mines. Mr. Newman has
done more for this place than
anyone that has ever come here.
He started up the mines in 1808
and they have been working ever
since. He started some of them
from the grass roots which are
now paying a large dividend.

There is a good location here
for a cotton mill and the people
of this place will give special in-
ducements to any company that
will come here and erect a cotton
mill. There are some parties
here that will give the land to
any company that will build a
mill, water is plentiful and fuel
is cheap. This place has never
taken any steps in trying to get
a mill, and if someone would wake
up and make a start we would
have a half dozen or more in a
few years.

There was a thief caught in the
Southern depot last Saturday
night. He was seen in the depot
with a lamp and the news was
soon spread over the town by a
young man on a horse, and a
large crowd gathered. The thief
would not give up until the shot
of a gun went flying through the
house. He then whistled, threw
up his hands and was taken in
charge by Policeman J. R. Dor-
ton, and taken to Salisbury that
night.

Leonard & Martin have now
opened up their store and we wish
them success.

The Southern mining Co., is
erecting a stamp mill at this place.

The Union Copper Company
has opened up an old shaft and
are taking out some fine ore.

S. & W.

UNION CHURCH.

June 17.
We are having some very fine
weather. The farmers will use
every effort on their farms this
week in harvesting their crops.

Corn and cotton are very late
this year and a bad stand of cot-
ton everywhere.

Rev. N. D. Bodie has not re-
turned from Hot Springs, where
he and Mrs. Bodie have gone.
We are glad to note she is im-
proving very fast.

F. L. Agner and family visited
G. L. Lyerly's Sunday last.

Roy Agner is spending several
days with his grandfather Boger
this week.

G. L. Lyerly has bought one of
the riding cultivators. He is
one of our substantial farmers.

A. M. Eller has purchased a
new threshing machine. It won't
be long until blind Tom will be
walking around again.

A. L. Lyerly and the land as-
sessors will meet in the register's
office Saturday, June 22nd. Those
who failed to list their taxes can
do so on that day from 10 a. m.,
to 1 p. m.

We hope there will be a large
crowd at Union Academy on the
29th of this month at 8 p. m.,
where there will be a contest for
the best speeches on the good of
the Junior Order. Don't miss it.
Everybody invited to come.

Bro. Bartlette paid us a flying
visit a few days ago. Come again;
always glad to see you.

John H. Barringer visited A.
L. Lyerly Sunday last.

C. C. Lyerly has the best field
of wheat on the Bringle Ferry
road.

HUSTLER.

I will mail you free, to prove
merit, samples of my Dr. Shoop's
Restorative, and my Book on ei-
ther Dyspepsia, The Heart or the
Kidneys. Troubles of the Stom-
ach, Heart or Kidneys, are mere-
ly symptoms of a deeper ailment.
Don't make the common error of
treating symptoms only. Sym-
ptom treatment is treating the re-
sult of your ailment, and not the
cause. Weak Stomach nerves—the
inside nerves—mean Stomach
weakness, always. And the Heart
and Kidneys as well, have their
controlling or inside nerves.
Weaken these nerves and you in-
evitably have weak vital organs.
Here is where Dr. Shoop's Res-
torative has made its fame. No
other remedy even claims to treat
the "inside nerves." Also for
bloating, biliousness, bad breath
or complexion, use Dr. Shoop's
Restorative. Write me today for
sample and free Book. Dr. Shoop,
Racine, Wis. The Restorative is
sold by Grimes Drug Store.

**FLUE CURING IMPROVES TOBACCO LIKE
ROASTING IMPROVES GREEN COFFEE**

**Flue Curing Develops the Stimulating Aroma and Taste
Found in Schnapps that Satisfies Tobacco Hunger**

There are three ways used by far-
mers for curing and preparing their
tobacco for the market; namely, sun
cured, air cured and flue cured. The
old and cheap way is called air cured;
the later discovery and improved way
is called flue cured. In flue-curing
the tobacco is taken from the field
and suspended over intensely hot
flues in houses especially built to re-
tain the heat, and there kept in the
proper temperature until this curing
process develops in the tobacco the
stimulating taste and fragrant aroma
found in Schnapps tobacco, just as
green coffee is made fragrant and
stimulating by the roasting process.
Only choice selections of this ripe,
juicy flue cured leaf, grown in the
famous Piedmont country, where the
best tobacco grows, are used in
Schnapps and other Reynolds' brands
of high grade, flue cured tobaccos.

Hundreds of imitation brands are
on sale that look like Schnapps; the
outside of the imitation plugs of to-
bacco is flue cured, but the inside is
filled with cheap, flimsy, heavily
sweetened air cured tobacco; one
chew of Schnapps will satisfy tobacco
hunger longer than two chews of
such tobacco.

Expert tests prove that this flue
cured tobacco, grown in the famous
Piedmont region, requires and takes
less sweetening than any other kind,
and has a wholesome, stimulating,
satisfying effect on chewers. If the
kind of tobacco you are chewing don't
satisfy, more than the mere habit of
expectorating, stop fooling yourself
and chew Schnapps tobacco.

Schnapps is like the tobacco chew-
ers formerly bought costing from 75c.
to \$1.00 per pound; Schnapps is sold
at 50c. per pound in 5c. cuts, strictly
10 and 15 cent plugs.
