## Flavoring Extracts

Made Just for You.

It stands to reason that in making flavoring extracts for our own trade, and requiring only a moderate profit, we can supply better extracts than some distant manufacturer who must provide for two or three profits. There is a distinct saving here that goes into the quality of our extracts. Try them for cooking and see how much fresher, stronger and more appetizing our extracts are.

## GOLD HILL.

July 22nd.

Corn looks very good in this vicinity, and if the good seasons hold out, a good crop will be made. C. A. Montgomery and his two cousins visited here last week, they are from Mississippi, and are on their way to the Jamestown exposition.

Chas. McCarnes and wife, of Spencer, are here visiting at his father's, L. D. McCarnes.

Mr. Proctor, superintendent of the Southern Mining Co., has moved here, he has rented the Dr. Shimpoock house and moved in.

Mrs. Laura Small is very low with typhoid fever.

Mrs. Lucy Yancey has malarial fever.

The little son of Richard Small, who has been so sick, is somewhat better at this time.

Miss Mattie Elrick, of Ohio who is on her way to India as a missionary, preached here Sunday at the Apostolic Holiness church. Rev. Wilson also preached here at the Methodist church Sunday.

C. R. Morgau is moving his saw mill to Gold Hill. He will put it up at his door, east and blind factory. He will saw his own lumber, dress it, and manufacture it into the various articles usually made at such shops.

Good progress is being made at the Southern mine, the large boiler is being walled and engine put down, which is to drive the stamp mill and crushing machinery.

The Gold Hill Copper Co.'s stamp mill resumed operations this morning. They are running 20 head of stamps and 6 concentrators.

Fred Downes, who is connected with the Gold Hill Copper Co., has gone to New York.

It is reported that W. G. Newman has bought the Ruple old field, also the late Adam Earnhardt place from R. L. Mauney, administrator of the late F. H. Mauney. There are some gold-bearing veins on the property which it is hoped Mr. Newman will prospect and develop.

The Union Copper Mine is working right along, they are working 40 or 50 men, and shipping from 10 to 12 car loads of ore per week.

## THE FARMERS' INSTITUTE.

### Some of the Reasons Why the Farmers Should Attend This Meeting, July 30th.

Mr. Editor: Please allow me space in your paper to urge your farmer subscribers to bring their wives and friends to the Farmer's Institute to be held in the Court House in Salisbury on Tuesday, July 30.

As you quite well know the State Department of Agriculture sends out men and women, who have been especially trained, to help the farmer and his wife successfully to meet and overcome the many problems in field and home.

Competition is so keen in the commercial world that if the merchant, banker or railroad man does not adopt new business methods, time savers, etc., as they are perfected and offered he would be left hopelessly behind in the race for wealth and would thus lose the happiness ease and pleasure which the wealth would bring him and his family.

The farmer is face to face with a competition greater and fiercer than that of the merchant, the banker or the railroad man. The North Carolina farmer at most has only a score or so of competitors; the banker a half dozen; the railroad man only one or two. The North Carolina farmer is in competition with the world. He competes with the South in cotton; with the West in hay, grain, cattle and hogs; with China and India in rice; with Australia in mutton; with Argentina in wheat and so on down the list with very nearly every farm or garden product of the State.

For the farmer then, to be successful as his work demands, it is necessary for him to adopt new methods, time and labor savers, just as other business men do. He must learn to keep account with his crops as the merchant does with his customers and, when he finds one that doesn't pay, drop it and devote his time to the other crops that do pay. In this time of scarcity and high priced inefficient labor he must make horse flesh and machinery do his work for him. These are a few of the many problems that the Department of Agriculture has been working on and it is sending these trained men and women to tell us of what has been learned of new methods, time and labor savers.

The average corn-crop of North Carolina is only about thirteen bushels to the acre, yet these men of the Department at Raleigh have grown eighty-eight bushels and that on land which a few years ago the farmers of this section would have classed as poor, or only fairly good. Not only did they grow this crop of 88 bushels but they grew it at a less cost of human labor than the average farmer grows his average thirteen.

If a man should come to you and say "Mr. Farmer, I'll tell you how to make five bushels more per acre on your corn crop if you will give me half of it." Nine out of ten would answer "I'll do it, go ahead and prove it."

These men from the State Department of Agriculture will tell us how they have grown, not thirteen bushels, but eighty-eight, and will not charge you a single peck of the extra seventy-five bushels for so doing.

You, your team, wife and family all need a rest and will feel better for it. Take the day off, Tuesday, July 30, come in and hear what is said and then if it is good to you, go home and try it. The holiday will do you good anyway.

Now, Mr. Editor, I want to thank you for giving me so much of your time and also would like to thank those progressive merchants and dealers: Salisbury Hardware & Furniture Co., Belk-Harry Co., J. H. Reid, Salisbury Dry Goods Co., and McCubbins & Harrison Co., who contributed to our expense account.

Again thanking all of you, I am,  
Yours truly,  
R. L. THOMPSON,  
Chairman Farmer's Institute Com.

## DUTCH CREEK.

Crops are looking very well. W. R. Bean says that his corn has come up and doing well and he invites Itemizer up to help him eat roasting ears.

A young farmer at E. W. Cross' July 12th, died the 18th and was buried in St. Matthew's cemetery on Sunday evening at 2 p. m.

Communion at St. Matthew's the fourth Sunday in July. Preaching every second and fourth Sunday at eleven o'clock a. m.

Mrs. Betty Reid is going to Salisbury pretty soon to engage in the soap business.

I guess they had a nice game of croquet at Craven Saturday afternoon. I saw a large crowd there.

Joseph G. Hoffner has the first cotton bloom in the community this season. Hurrah for Josay.

The Bean Threshing Company will begin threshing Tuesday, the 16th, at W. R. Bean's. They would have started sooner, but found it necessary to have some repairs made to their boiler.

Well, we have no weddings on hand at present, but I hope we will have soon, because the old widowers are out in full bloom and I guess that means business.

Well, Bro. Itemizer, I rather think there is something wrong with you about those potatoes. I have got larger potatoes than that. I have got some as large as bird eggs and you can hear them say: "Lie over and give me room."

Columbus Shepherd has gone to Whitney. Columbus, you had better stay with pap.

Look out girls, I suppose a certain young gentleman has purchased a new top buggy. You know that must mean something.

We came near having some bad luck Saturday night last. A young gentleman and his girl went to the spring after a bucket of water and he fell in the spring. He came near drowning. Look out Jimmie.

The Eller Threshing Machine Co., had a mire-up. There were about 25 men behind the machine pushing, so as to get out.

The first steam saw mill, in Morgan township, was erected in 1880 by Daniel Eagle. He says it was the first and the worst.

Daniel Eagle says he is selling the best washing machine that is made. They look nice.

Mrs. C. R. Lentz, who's putting up blackberries recently, and pouring hot water in a jar the jar bursted and scalded her arm very badly.

B. D. Cauble has been plowing too hard. He has crippled himself. The plow handle struck him on the leg.

A. L. Lentz says he has spring oats 5 1/2 feet high, the largest he ever saw grow.

P. C. Lentz says he had three cotton blossoms on one stalk Sunday, the 14th. Hurrah for Peter!

There was a crowd of young sports taking an evening's walk and a shower came up. Five of them stood under two umbrellas and one took the rain. Boys take more umbrellas next time.

Geo. Lentz and son-in-law, T. S. Poole, will run a molasses manufactory this season at Mr. Lentz's. J. N. Morgan says he will have the first cane ready for work. I guess we will all go to see him when he gets his molasses made. Hurry up Johnny! He also says he has got a corn stalk that has four shoots and no tassels yet, but his watermelon crop is very bad this year.

WILD BILL.

## POOL.

June 21st.

The little son of N. J. Eagle fell and badly sprained his arm while playing, but no bones are thought to have been broken.

Mrs. Robert Potts, of Columbia, Tenn., is visiting her sister, Mrs. Walter Burrage. She will return home in a few weeks.

Jarvey Morgan mashed his finger very badly last week while working with his engine while it was running. It is not thought amputation will be necessary, though badly mashed.

Mr. Paul B. Parker is quite sick at this time, with nervous trouble, but is somewhat improving now.

James N. Wyatt harvested about 800 bushels of wheat and oats.

W. R. Bean harvested over 800 bushels of wheat and the amount of oats we do not know.

Birk Bringle and family visited Mr. and Mrs. Roby Crook Saturday night.

The Morgan X Roads and Pool boys crossed bats Saturday evening and at the 10th, inning the score was 15 and 15. It was about night and the X Road boys didn't have time to play it out. They will play again soon, if they will play their own team with our boys.

There was about 100 people at the ice cream supper Saturday night. Everybody enjoyed themselves very well and the crowd stayed till 12 o'clock. About 8 gallons of milk was consumed, and 250 lbs. ice used. The "Orphans" were benefitted.

Miss Tiny Cole who began teaching school last Monday, has returned home as the people did not send as was expected and she

could not afford to teach to the few that came.

The Bringle Ferry road is in very bad condition near J. L. Bringle's. It is almost impossible to get through the holes. Something should be done to this piece of road as it has been this way for sometime.

Ben. F. Lemley of Pool, received an anonymous letter some days ago mailed at Salisbury and signed "White Capps," Spencer, N. C. Mr. Lemley suspicious who wrote it and says the parties are cowards and haven't courage enough to do what they say and they, whoever wrote this letter, are ashamed and afraid to sign their names. He says he has the letter in his possession and the same may be referred to the Solicitor when court begins in August. Below is a copy of the letter:

Mr. Benne Lemly, (Care of Walter Burgg.)  
Salisbury, N. C.

Mr Lemly

Dear Sir:

We the undersigned understand that you are doing so bad down in your neighborhood that the people down there are afraid of you and also we understand you have been stealing land and running lines on other people long enough. So we are tired of it so we give you 3 months to root your wheels or behave your self one are the to. So you had better reform at once or you will hear from us at once.

"White Capps"

Spencer, N. C.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made alone for Piles, and its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel-capped glass jars 50 cents. Sold by Grimes Drug Store.

A cleansing, clean, cooling soothing, healing remedy is DeWitt's Carbolic Witch Hazel Salve. For burns, scratches, cuts, bruises, insect bites and sore feet it is unequalled. Good for Piles. Beware of imitations. Get DeWitt's. It is the best. Sold by James Plummer and all druggists.

## Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and give strength to them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone is futile. It is a waste of time, and of money as well.

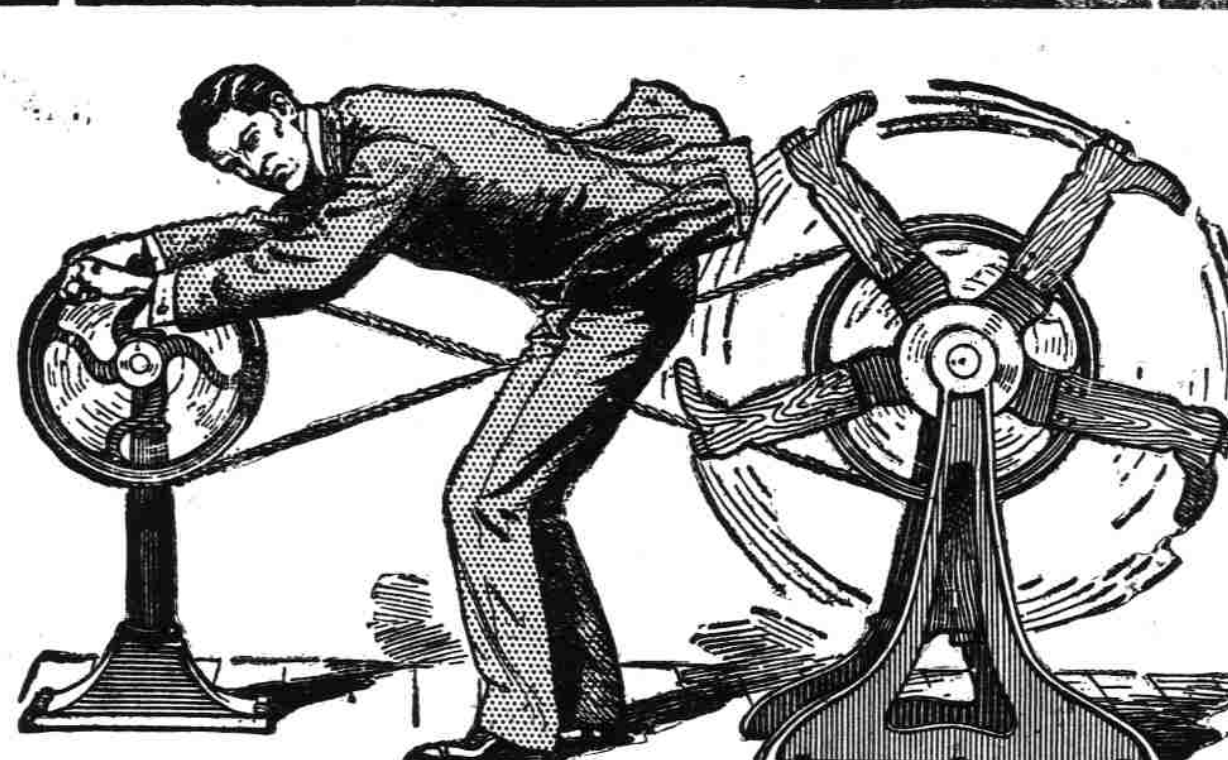

If your back aches or is weak, if the urine is dark, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommended and sell.

They are what the people want, they are the best washers made, they give perfect satisfaction in every respect, they are guaranteed to wash wristbands and collars perfectly clean without any hard rubbing or washboard. Wash anything from the smallest garment to the heaviest bedding. They are guaranteed to last twelve years, guaranteed to give perfect satisfaction in every respect or money refunded. I have the right to sell in Rowan county. I will keep them on hand and sell reasonable. For further information write me or call. I will canvass the county. Yours very truly,  
DANIEL EAGLE, Agt.,  
8m. R. F. D. 2, Richfield, N. C.

This man bought a supply of tobacco without acquainting himself with the distinctive taste of SCHNAPPS Tobacco, which has the cheering qualities that gratify his desire to chew, and at less expense than cheap tobacco.

SCHNAPPS has been advertised in this paper so that every chewer has had an opportunity to get acquainted with the facts and know that drugs are not used to produce the cheering quality found in the famous Piedmont country flue-cured tobacco, and that SCHNAPPS is what he ought to chew. Still there are chewers who accept other and cheaper tobaccos that do not give the same pleasure.

Some day they'll get a taste of the real Schnapps—they'll realize what enjoyment they've missed by not getting SCHNAPPS long ago—then they'll feel like kicking themselves.

SCHNAPPS is sold everywhere in 5 cent cuts, and 10 and 15 cent plugs. Be sure you get the genuine.
