 Our old friend John M. Stout is a remarkably well preserved man. Although he was 97 years old last April, yet he was able to pull down last month like any man 50 years younger.—Chatham Record.

For the first time in the life of the Jamestown Exposition, Director General A. H. Martin has made public the Exposition's attendance figures, his statement shows a total of 2,198,178 admissions from April 26th, the opening date, up to and including September 30th.

Governor Glenn declares that there are ghosts in either the executive office or that of his private secretary. There is a call bell at his desk so that he can notify the private secretary or messenger that they are wanted, and this bell rings when no one is at the Governor's desk or even in his room. He says that it is most unaccountable and that no one has been able to assign any reason for it.—Charlotte Observer.

The survey will soon be complete through Yadkin county, and the engineers are well pleased with the road. They say that it will not be a costly road to build and that the grade is a good one. The road will enter the county at a point not far from Lons Hickory and is surveyed to run about 800 yards west of the court house and a short distance east of Bocrville, thus splitting the county half in two.—Yadkin Rippler.

Asheville voted the saloons out of business Tuesday. The campaign was of the strenuous order, and the prohibitionists worked with a determination that boded victory. The majority was large and decisive, and the enthusiasm over the result was a notable feature with the workers. Shadows begin to fall across Salisbury's horizon, and the saloon forces freely predict a temperance victory there not long hence.—Stanly Enterprise.

The Carolina Valley railway has been graded toward Thomasville for quite a distance and the contractors are carrying the work without a break. It is said that the heaviest work between High Point and Thomasville has been finished. This is new the most interesting railroad construction going on in this part of the State. People still talk about the South-bound occasionally, and all agree that it would boom Lexington, but there is "nothing doing"—Lexington Dispatch.

**Hard Times in Kansas.**  
 The old days of grasshoppers and drouth are almost forgotten in the prosperous Kansas of today; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief until I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold remedy and lung and throat healer ever discovered. Guaranteed by all druggists, 50c and \$1.00. Trial bottle free.

**A Child Dies Suddenly.**  
 Lelia Jordan, the 6-year-old daughter of U. F. Jordan, fell on the street Thursday afternoon between 1 and 2 o'clock, while on her way home from school. She was picked up and carried into the home of M. M. Miller, restoratives were administered and a physician sent for, but she died in a very short time. She was a delicate child and her death was most likely the result of heart disease. Her remains were taken to Mr. Jordan's former home in Davie county interment Friday.

**The Dead Beat Doesn't Want His Business Advertised.**  
 A man who will make a debt and never pay it, or make any honest effort to pay it, or who will make a debt that he knows he will not be able to pay, is devoid of the sense of moral rectitude and deserves only the contempt of honest men everywhere.

From a commercial standpoint a man's reputation for honesty is his most valuable asset and cannot be too careful about how he preserves this good name untarnished; for blots upon it are indelible. He may apply a coat of whitewash in the form of an occasional act of spasmodic honesty, but the black stain upon his reputation shows through the whitewash, leaving him as before its application, a walking advertisement of his own dishonesty.

But the honest public is getting tired of him and is determined that he shall no longer feed upon the fruits of their honest toil. He must work and pay his debts or starve. These collection agencies are organized for the purpose of looking after these leeches. One of the methods (and the most effective one) employed in dealing with this class is to advertise them—hold up their dishonest hide to the public gaze—and when one moves away to send his reputation along after him. This method of procedure gets close after them—the dead beat doesn't want his business advertised—and seems productive of better results than any other method that has ever been tried.—Elkin Times.

**Constipation**  
 Baked sweet apples, with some people, bring prompt relief for Constipation. With others, coarse all-wheat bread will have the same effect. Nature undoubtedly has a vegetable remedy to relieve every ailment known to man, if physicians can but find Nature's way to health. And this is strikingly true with regard to Constipation. The bark of a certain tree in California—Cascara Sagrada—offers a most excellent aid to this end. But combined with Egyptian Senna, Slippery Elm Bark, Solid Extract of Fruit, etc., this same Cascara bark is given its greatest possible power to correct Constipation. A delicious Candy Tablet, called Lax-ets, is now made at the Dr. Shoop Laboratories, from this innocuous and most effective prescription.
