## THE YADKIN VALLEY FAIR.

### The Big Fair of the Six Counties Opens Tuesday. Everything Ready.

The management of the big Yadkin Valley Fair, which opens here Tuesday, has kept ahead of its stupendous undertaking from the very beginning. If anything falls short of what it ought to be, it will not be through lack of preparation, expenses or inducements offered as premiums, prizes or other requirements, and if there is no crowd there to see the exhibits, shows, races, etc., it will be because the nature of humanity has changed and these things are no longer considered attractions. But we might write differently, there is no if in this affair. It will take place, the attractions will be present in over abundance and the crowds, crowds to see and be seen, will be in evidence at every turn. People will be here by the acre, and well they may. The occasion will be worth while and a good and profitable time will be had all around. Come!

E. B. Cozart, who has been touring the west exhibiting a large hog raised in Granville county, this State, writes that he expects to have said hog on exhibition at the fair here next week. He claims the hog weighs 1,400 pounds. If true, it is some porker.

The Iggrottes, a clan of Filipinos, is to be one of the attractions at the fair. The clan is now in Charlotte. These Iggrottes will attempt to reproduce the natural conditions among the wild tribes inhabiting the Philippine Islands, their mode of hunting, warfare, cooking and living will no doubt be faithfully imitated and will be worth seeing.

Mr. Hutchinson, the aeronaut, will give balloon ascensions daily making a tripple parachute leap each time. This will be free to all, as will also be the exhibitions given by the Kemp Sisters, Wild West entertainment.

Children under 12 years of age will be admitted free on the opening day of the fair, after that they will be charged half rates.

Quite a number of shows of various kinds have been booked for locations on the midway.

Several excellent bands have been engaged to furnish music.

The booths are now being decorated and filled by exhibitors of all kinds.

### A RUN-AWAY MARRIAGE.

Miss Mollie Lyerly and Samuel Hamilton the Happy Twain.

Christiana, October 21.—There will be preaching at Christiana Sunday, October 27th, at 2:30 a. m., by Rev. C. P. Fisher, of Faith. The Sunday School, instead of meeting at the usual hour, will meet at 1 o'clock a. m. —[Pretty early in the morning for service. We suspect the General means p. m. instead of a. m.]

Miss Cora Lyerly, who is in Mont Amena Seminary, Mt. Pleasant, will be at home on the fourth Sunday of this month.

J. D. Brown, our wide-awake carpenter, has purchased an automobile. Good for him.

Sunday morning, October 20th, cupid bent his bow and bound two more fond hearts together. It was another case of a run-away and came as a complete surprise to all. The contracting parties were Samuel Hamilton and Miss Mollie Lyerly both of this community. Sunday morning Miss Lyerly started as usual for Sunday School, but as she was passing the home of Mr. Hamilton, Samuel came out in a buggy and away they went for Granite Quarry where they found Dr. Cox. He immediately set to work to tie the knot that binds two happy souls together forever. We can't help but believe that the boy or girl who runs away will rue the day, but yet, may God grant that these two souls may ever be as one. We hope for them a happy future. May the mystic cords of love so enircle and twine round about their hearts that this life will be one grand panorama that will carry them ever onward and upward as they near life's end, and then may they gently be transplanted before the throne of God yet united in one. We guess the happy pair will live with Mr. Hamilton's parents. XERXES.

## The Anti-Saloon League.

The Anti-Saloon League held its second meeting in the Sunday School room of the First Methodist church last Thursday night. There were about 200 voters present, all of whom became members of the league with only two exceptions. The meeting was very enthusiastic and showed the determination to rid the city of the whiskey was genuine in every particular. Speeches were made by Revs. D. Atkins, L. W. Blackwelder and E. K. McLarty, and R. Lee Wright, Esq., T. H. Vanderford, Sr., and Daniel Daly.

Those who favored the idea of going into an election were asked to stand and be counted. All stood up and the membership, according to signed cards in hand was about 350, about one third of the city's voting strength. The League being only two weeks old this is significant.

A steering committee was appointed and consists of the following gentlemen: R. Lee Wright, T. H. Vanderford, Sr., J. S. McCubbins, W. G. Watson, P. S. Carlton, G. H. Shaver, R. B. Bittain, W. F. Snider, J. E. Hennessee, W. A. Daniel, Frank R. Brown, E. K. James, O. W. Spencer, J. C. Fisher, W. A. Summerett, Chas. H. Kluppelberg, M. L. Caudle, Bismarck Capps, T. H. Vanderford, Jr., M. C. Ruffy, and R. L. Shaver.

Assurances of help from a number of able speakers and citizens of neighboring cities have been received.

### Street Car and Engine Collide.

Owing to a failure to observe regulations or because of indifference on the part of employees, there came near being a disastrous wreck at the Main street crossing of the Southern last Thursday evening. Engine 736, with Engineer Gibbs in the cab, was standing near the crossing, when car No. 3, in charge of Conductor A. C. Frank and Motorman A. M. Hamilton, attempted to cross the tracks, but before reaching the other side the engine ran into the

rear of the car, doing considerable damage to the car and injuring a number of passengers. The street car company claims that the engine was standing still, was signaled by the watchman stationed there to remain still until the car passed, failed to do, but started suddenly and without warning or giving time for the motorman to stop his car. The railway people claim that an agreement made with the street car company had been neglected, which provides that the conductor must run ahead of his car to the centre of the Southern's tracks and signal to his motorman. An investigation has been arranged to decide the facts in the matter. Those injured by the collision are: Engineer Will Kenney, broken arm; Engineer John Wingate, bruised; Mrs. Lee Lazenby, slightly injured and a number of others were bruised and shook up a little.

## It Is A Sad Fact

It is a sad fact that people in general know nothing of the food they eat. It is the duty of the physician to awaken them to the necessity of acquainting themselves with the merits of a food and the reputation of its producer. Haphazard productions are not the ones to be trusted, but where science, experience, experiment and research are factors, the result must be meritorious. Under these circumstances we can feel justified in recommending
