Subscription Price \$1 per year strictly  
cash in advance  
Entered as second-class matter Jan.  
19th, 1905, at the post office at Salis-  
bury, N. C., under the act of Congress  
of March 3rd, 1879.  
SALISBURY, N. C., Oct. 28rd, 1907.

The plans of those expecting to  
contest the bonds are coming along  
satisfactorily and it is believed an  
injunction will be secured in due  
time.

To the great miriads of manu-  
facturers and others who are so  
anxiously and strenuously seek-  
ing immigrants, because of a so-  
called scarcity of labor, we  
suggest that they advertise their  
wants at home.

The Salisbury Prohibitionists  
having become revived and en-  
couraged by the recent prohibi-  
tion victories in different sections  
of the State, in places where the  
whiskey forces were believed to be  
strongly entrenched, and others who  
have become disgusted with the  
complete indirect political control  
of our city, county and many pri-  
vate affairs by a corrupt, insatiable  
and insolent whiskey ring, have  
about arrived at the point where  
forbearance ceases to be a virtue  
and some earnest, united effort to  
improve conditions is considered  
necessary. Our people have been  
long suffering and have struggled  
often for the betterment of politi-  
cal and moral conditions only to  
meet defeat from the same cause  
and by the same old enemy; he, who  
not only takes the spare dollar,  
but the bread, the joy, the bright  
eyes, the flesh from the bones,  
yea, the life, if needs be, from his  
victims and their dependant ones,  
the wife, mother and children;  
he, who with his ill-gotten gains,  
swaggers about insinuating his  
superiority to the upright and re-  
spectable men and women of the  
community; he, who because of  
his political scheming, unscrupu-  
lous methods and the free use of  
whiskey and money has been able  
to place and keep in office truck-  
ling sycophants and blatant dem-  
agogues; he, who by the use of  
money, whiskey and the position  
of political dictator, has been  
gradually and surely dragging  
down the morals of our town,  
county and surrounding commu-  
nities; he, whose spare time is  
generally spent in gambling joints  
and brothels; and he, whose li-  
cencious man becomes more  
grasping, more choiced and more  
degrading with each added atom  
of power, direct or indirect, and  
with every hour's extension of his  
existence in our midst; he, not  
alone, but with and through his  
hirelings, dependants and hu-  
miliated slaves. With these and  
their record of sin, disease, wreck-  
ed homes and deaths, the good  
people of Salisbury have indeed  
shown a patience that is equal,  
if not superior, to Job's  
memorable feat. Hence, the re-  
cent organization of an anti-sal-  
loon league, at this writing, less  
than two weeks old, with practi-  
cally 400 enthusiastic voters on  
its roll, composed largely of our  
best citizens who are ready and  
anxious for the fray. From pre-  
sent indications Salisbury will  
soon be in truth and reality a dry  
town. In repeating the bear facts  
why Salisbury should get rid of  
the saloons and attendant evils,  
it would seem ill will and bad  
feeling enters largely into the  
language used, but such is not the  
case. In order that one might  
form a correct idea of conditions,  
and need of their improvement,  
the recital of the wrongs become  
necessary and is the only reason  
why they should be mentioned,  
and the good sober convictions of  
our people will do the rest. It  
might be added that no decent  
man will lead the liquor forces.

**LAW AS TO LIQUOR ELECTIONS.**  
Can Be Held in Any Year But Not Within  
Ninety Days of Another Election.

Since the election in Asheville  
it has been a subject of general  
remark that Salisbury would be  
the next town besieged by the  
prohibition forces. Some people  
were under the impression these  
elections cannot be held in the  
year of a general election, but  
this is incorrect. The law, chap-  
ter 283, section 7, of the laws of  
1903, says:  
"It shall be the duty of the  
governing body of any city or  
town, upon the petition of one-

third of the registered voters  
therein, who registered at the pre-  
ceding municipal election, to  
order an election to be held, after  
30 days' notice, in any year in  
which the petition may be filed,  
except within 90 days of any city,  
county or general election," etc.  
It is provided that an election on  
the liquor question cannot be  
held in any one place oftener than  
once in two years.

A bond election was held in  
Salisbury about two weeks ago.  
As this would probably be termed  
a "city election" within the  
meaning of the statute, it was  
realized that no liquor election  
could be held in Salisbury  
before the end of the year,  
and those who thought that an  
election could be held on this  
question in a general year were of  
the opinion that the liquor busi-  
ness in Salisbury could not be  
reached until 1909. But an elec-  
tion can be held on 30 days' notice  
any time after January 1st, next,  
or within 90 days of the gen-  
eral election, it having been more  
than two years since a liquor  
election was held in Salisbury.

The landmark isn't "buttin'  
in" to offer suggestions, but inas-  
much as this matter has been dis-  
cussed among Statesville people  
who are concerned about their  
base of supply, we are printing it  
to inform them that the base is  
liable to attack any time from  
about January 1st, 1908, to Au-  
gust 1908.—Statesville Land-  
mark.

**A Certain Cure for Group—Used for Ten  
Years Without a Failure.**

Mr. W. C. Bott, a Star City,  
Ind., hardware merchant, is en-  
thusiastic in his praise of Cham-  
berlain's Cough Remedy. His  
children have all been subject to  
croup and he has used this remedy  
for the past ten years, and though  
they much feared the croup, his  
wife and he always felt safe upon  
retiring when a bottle of Cham-  
berlain's Cough Remedy was in  
the house. His oldest child was  
subject to severe attacks of croup,  
but this remedy never failed to  
effect a speedy cure. He recom-  
mended it to his friends and  
neighbors and all who have used  
it say that it is unequalled for  
croup and whooping cough. For  
sale by James Plummer, Salis-  
bury, and Spencer Pharmacy,  
Spencer, N. C.

**CHIP TOBACCO** is one of the best and largest plugs of  
fine-cured goods ever offered the consumer at 10c. It is  
manufactured by a strictly INDEPENDENT firm, a con-  
cern depending solely upon the good will and patronage of  
the people at large; a patronage only desired upon the  
strength of the superior quality of their tobaccos. That  
it has earned this appreciation is amply proved by the  
tremendous and rapidly increasing demand for CHIP. In  
fact, wherever their tobaccos come into competition with  
other makes, whether with the people or before judges of  
the world's great expositions, they are invariably winners.  
Call for CHIP and save the tags as they are valuable.  
A copy of our 1907 premium catalogue, which is one of the largest  
and most attractive ever gotten out by a tobacco manufacturer,  
will be mailed to any address in the United States on receipt of  
only 4c in postage stamps or 5c of the tags we are redeeming.

**A Mineral Water that Defies Drugs  
NATURE'S GREAT BLOOD TONIC**

The recent drug exposures in this Country have proven to all that deadly poisons  
and stimulants lurk in many Patent Medicines. You never know when you might be tak-  
ing some of that class.  
Nature has made ample provision for restoring vigor and vitality to humanity, and  
the public, as well as doctors, resort to Natural Remedies, when all others have failed.  
Are you troubled with **Dyspepsia, Nervousness, Malaria, Kidney or  
Bladder Trouble, Chronic Diarrhoea or Dysentery**, and above all, that  
dreadful disease **Scrofula**, which has almost baffled human skill, or **Diseases pecu-  
liar to Females?**  
**Piedmont-Bedford Concentrated  
Iron & Alum Water**  
Is Nature's Remedy for Nature's Ills. Yes, when you consider that disease comes  
from impoverished or run down conditions of the system, this Natural Mineral Water  
furnishes the system what it needs.  
The analysis of this Water, shown on the bottle, tells you what **Nature thinks  
you should take when sick**, and the doctor who reads it will agree.  
Do you think the grouping together in this Water of 17 different minerals, which  
are recognized by medical writers as **most powerful blood tonics**, could have been  
accidental? Reason answers, NO!  
An 18-oz bottle of Piedmont-Bedford Concentrated Iron and Alum water contains  
all the minerals of 25 gallons of the average natural water—Then why buy a barrel  
of water when you can get a bottle of minerals at the trivial cost of  
one dollar. The dose is a teaspoonful in a glass of your own spring water.  
How this Water acts upon the system is not clearly known. It is judged mainly  
by its works. It has cured all the diseases enumerated above, and many more, evidently  
through its action as a powerful **BLOOD TONIC**.  
We have many valuable certificates, which we will be glad to mail, if you are  
interested.
