ALBEMARLE AND STANLY COUNTY.

The Enterprise Shaking off the Ashes. Another Sheriff Short in his Accounts. Stanley Enterprise, Nov, 21st.

It is believed that cigarettes and liquor were the cause of the recent Albemarie fire. No good is ever traced to such sources, while great harm cones, therefrom.

This town has had sufficient demonstration to show that it needs a good system of water works and a fire department. The property owners have right's that need to be safeguarded, and and a step in this direction can not be taken to soon,

Rev. R. L. Davis, State organizer of the Anti-Saloon, League, preached a missionary sermon in the Baptist church Sunday morning, and in the evening delivered a stirring lecture on the temperance question in the Preshyterian church. At the close of the last service the following resolutions were almost unanimously adopted.

Whereas we, the citizens of Albemarle, have recently learned that the good people of Salisbury are agitating the question of a local option election; and whereas the Salisbury saloons are a source of great trouble, crime and sorrow to our people throughout Stanly county, doing much to destroy the usefulness of our prohition laws:

Therefore we, in mass meeting assembled, petition the good people of our neighboring city who love liberty and good government to rise in their strength and the power of God and destroy the awful liquor traffic, and license system now obtaining there, To this end we pledge them our prayers and moral support; and assure them that after they have driven out the traffic we will the more gladly visit their town.

If our paper fails to reach the mails on regular time during the next two weeks we again ask your indulgence, Our large and handsome press and splendid outfit will be installed in a few days. Our force will be augmented by the addition of Frank F. Smith, of Salisbury, who is a good man and a printer of several years experience. He will be a great help in our job department lalso, and we shall soon be able to handle all orders with dispatch.

The Lutheran congregation here has decided to erect a handsome church in the near future, and the lot on corner of Second and South streets will be used for the purpose. Mrs. I. J. Caldwell owner of the lot, has donated onethird of the purchase price.

The second death within the past few months has visited the family of Rev, and Mrs. G. A. Corenah yielding after a long illness. The young lady was 25 years of age and a splendid young woman of undoubted Christian character. The death occurred Saturday morning and the interment took place at Silver Springs church, under the impressive ceremonies of the Daughters of Liberthe funeral.

J. M. Vanhoy, of Lexington, is here this week, connected with the examination of ex-Sheriff Green's accounts in the matter of settlement with the county commissioners. Attorney Crawford D. Bennett, of Charlotte, is employed by Sheriff Green. For sometime it has been looking as if the bondsmen of Mr. Green would have to pay quite a shortage. However, expert accountants are looking closely over all the accounts, and the friends of Mr. Green are hoping that he will pull through with little if any loss to himself and sureties.
