

How the Banks Will Make Money Out of the New Government Loan.

"The Philadelphia North American figures it out that the New York banks will make 36 per cent. out of the government certificates of indebtedness. The figures run as follows: The big banks are to buy the whole issue of \$100,000,000 bearing 3 per cent. interest. The certificates will therefore yield to the purchasers \$3,000,000 of government interest. Mr. Cortelyou seems to have agreed to deposit \$75,000,000 of the purchase price back into the banks, therefore the banks will only have to pay over \$25,000,000. Then the purchasing banks will deposit the whole \$100,000,000 of certificates on which to issue \$100,000,000 bank notes, which we may assume can be readily loaned at 6 per cent., yielding at least \$6,000,000 in a year. This six million and the three million interest on the certificates gives the holding banks \$9,000,000 income out of the arrangement in one year, or 36 per cent. on the \$25,000,000 cash which the Secretary of the Treasury requires to be paid in on the certificates.

"Thus the banks make money easy, but if this will give more currency and keep the factories and farm products going at fair prices nobody will be seriously hurt."—S. B. Tanner, in Charlotte Observer.

Should be Part of a Common Cause.

The newspaper press of the country was recently quite gleeful on account of the assurance of the President to a committee from the American Newspaper Publishers' Association that he would recommend to Congress the abolition of the duties on wood pulp and on all material entering into the manufacture of news paper. The abolishment of these duties would break the grip of the paper trust upon the throat of publishers and save them millions of dollars; but influential Republican Congressmen who have arrived in Washington laugh at the suggestion and say that at the approaching session of Congress the tariff will not be changed in any particular at all. No doubt they speak truly and their words carry to publishers a depression corresponding to their recent joy. But in all candor, why should newspaper publishers expect of Congress a consideration in the matter of tariff reduction not accorded to other citizens? Why should the demand that they be singled out for special favor? There is no reason for it in the world, great as the boon would be. The tariff should be modified all along the line and all the people be given the benefit of reduction. If the press of the country would insist upon this as unanimously as it does upon the wood pulp it would be in a more consistent position and could argue its own case with better face if it made it only a part of the common cause than it can when pleading for a special privilege.—Charlotte Observer.

An Attractive Calendar.

By far the most attractive calendar that has been brought to our notice this year is issued by the Patent Extract Co., in connection with their popular malt extract, sold and known everywhere under the name of Patent Extract. The "Best" Tonic. Like the preparation it represents, this charming calendar—of exquisite and appealing beauty—stands out in contrast and is exceptionally unique among art calendars for 1908.

The Patent Extract Jewel Calendar, as it is called, rich in color, exclusive in design and strong in sentiment, appeals to both men and women and is beautiful as well as educational. It portrays a very handsome woman standing between two rich red portiers in such a position that the sun from the back throws rays of light across her shoulders and face, while the artistic arrangement and rich coloring of the draperies in which she is partially enshrouded produces an effect that is hard to imagine without seeing the original.

A copy of the calendar, 7x8 inches, may be obtained by mailing ten cents in stamps or coin to Patent Extract Dept., 918 Chestnut St., Milwaukee, Wis.

Parental Responsibilities As Seen by Mr. Billy Sanders of Shady Dale.

"You've often heard people, when they're talkin' about a wild youngster, say that they're mighty sorry for the boy's mammy and daddy. Well, I've never got to that pass yet. I'm allers sorry for the boy, sorry that he's got such weak-kneed folks to mismanage him. But I reckon that as long as the world stands the common run of folks will be sorry for the weak-minded daddies and mummies. I allers feel like cussin' when I hear a whole passel of grown people singin', 'Whar Is My Wanderin' Boy To-night?' The boys ought to get up a song like this: 'Why Didn't My Parents Raise Me Right?' That kind of a song would about hit the truth smack in the face. It's enough for to give an old man the jim-jams to think of the wild folly of this world an' the wooden-headed hypocrisy of the great majority of its inhabitants.

"Whar a wonderin' boy has got a mammy an' daddy, you may know thar's somethin' wrong wi' 'em. This is one of the rules that aint got no exceptions: when a boy wi' a livin' mammy an' daddy goes wrong thar's somethin' rank an' rotten whar the boy lives at. The neighbors may not know of it, an' the mammy an' daddy may deny it wif tears an' sighs, but the cause of the trouble lies between 'em. This is allers the case, an' ef the mammy an' daddy can't control the boy, they aint got no business for to ax the state for to step in an' take charge. But that's whar they're a-doin' of—sneakin' away from the'r own responsibilities, an' tryin' for to shove 'em on somebody else.—Joel Chandler Harris in Uncle Remus's Magazine for December.

CURE YOUR KIDNEYS.

Do Not Endanger Life When a Salisbury Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameless, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney diseases, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Salisbury testimony.

J. B. Robinson, residing at 121 E. Liberty St., Salisbury, N. C., says: "I recommend Doan's Kidney Pills very highly as I believe them to be exactly as represented. For years I suffered from backache and at times the pain across my back was so severe as to unfit me for work. At night I could not rest and consequently, arose in the morning feeling very tired and listless. After using Doan's Kidney Pills a short time, all these troubles disappeared and I am now in the best of health. I highly recommend Doan's Kidney Pills to others suffering in a similar manner."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

An Appeal For "The Bread Line."

The Bowery Mission "Bread Line," at which 1,000 men who are out in the streets for the night are given a breakfast of hot coffee and rolls every morning at one o'clock, is one of the most pathetic sights in all wide world. Long before the hour of opening, these poor, starving men stand in a single line that sometimes extends for blocks in length, waiting for the coffee and rolls. During the last winter, this breakfast was given to a total of 144,000 homeless men and boys and to date nearly half a million of homeless have had their weary tramp restfully interrupted by this unique ministrations. The first of these breakfasts is given Thanksgiving and the last on the following Easter morning. Altogether the Mission supplied, this year, over 238,000 meals and 10,072 lodgings to homeless men and boys.

It is for this grand, philanthropic work that we ask your kind and practical co-operation. The homeless, friendless, disheartened and despairing men and boys of the Bowery are not native New Yorkers but men and boys who until within a year, lived happily at the old homestead with father and mother, and perhaps wife. They are stranded here, and in despair appeal to the Old Bowery Mission, which, for over thirty years, has been to the unfortunate, as the rescue cities of old, a heaven of encouragement, rest and protection. Shall we turn them away? It rests with the good people of this country to decide this question, and may God graciously help you to decide it right. John C. Earl, Financial Secretary, 62 Bible House, New York City.

The Growth of Greed.

Greed grows with groveling, and some men have a positive genius for it. Witness—the millions that they are piling up to no good end, and for no great purpose. These millions speak well for their greed—if anything can speak well; and this is the only tribute that will ever be paid to them—that they succeeded well in what they started out to do. As witnesses to their success they can call the ghosts of ruined men, hungry women, starving children, and there will be no one to dispute their testimony. Such is materialism in its commonest form and in its coarsest aspect.—Joel Chandler Harris in Uncle Remus's Magazine for December.

A Mineral Water that Defies Drugs

NATURE'S GREAT BLOOD TONIC

The recent drug exposures in this Country have proven to all that deadly poisons and stimulants lurk in many Patent Medicines. You never know when you might be taking some of that class.

Nature has made ample provision for restoring vigor and vitality to humanity, and the public, as well as doctors, resort to Natural Remedies, when all others have failed.

Are you troubled with **Dyspepsia, Nervousness, Malaria, Kidney or Bladder Trouble, Chronic Diarrhoea or Dysentery**, and above all, that dreadful disease **Scrofula**, which has almost baffled human skill, or **Diseases peculiar to Females?**

Piedmont-Bedford Concentrated Iron & Alum Water

Is Nature's Remedy for Nature's Ills. Yes, when you consider that disease comes from impoverished or run down conditions of the system, this Natural Mineral Water furnishes the system what it needs.

The analysis of this Water, shown on the bottle, tells you what **Nature thinks you should take when sick**, and the doctor who reads it will agree.

Do you think the grouping together in this Water of 17 different minerals, which are recognized by medical writers as **most powerful blood tonics**, could have been accidental? Reason answers, NO!

An 18-oz bottle of Piedmont-Bedford Concentrated Iron and Alum water contains all the minerals of 25 gallons of the average natural water—Then why buy a barrel of water when you can get a bottle of minerals at the trivial cost of one dollar. The dose is a teaspoonful in a glass of your own spring water.

How this Water acts upon the system is not clearly known. It is judged mainly by its works. It has cured all the diseases enumerated above, and many more, evidently through its action as a powerful **BLOOD TONIC**.

We have many valuable certificates, which we will be glad to mail, if you are interested.
