Mrs. Richard Henderson Was Lockjaw.

The many friends of Capt. and Mrs. Richard Henderson will be deeply grieved to learn that Mrs. Henderson is desperately with lockjaw, or tetanus. The dreaded disease originated from a small cut on her finger, inflicted several days ago. Mrs. Henderson is one of the most excellent women in the State.

A Bad Negro Arrested.

In attempting to arrest a negro by the name of James Draper, Officer D. L. Beasley of Southern City, last Wednesday was badly cut with a razor in the hands of said Draper. Draper was disturbing the peace and when informed that he was under arrest, drew his weapon and began slashing. Mr. Beasley's neck was cut clear around on one side and also received a short wound on his chin. He drew his revolver and stuck a hot bullet in the negro's side and another in his heel as he was endeavoring to escape. This brought him yellow down, and after being well clubbed, submitted to arrest. Draper was taken before Esq. C. W. Resperman and was bound over to court, being sent to jail to await trial. It is thought the first bullet entered the negro's lung and serious results may follow. Mr. Beasley's wounds came near being serious but will soon heal should nothing unforeseen occur.

New Advertisements.

Belk-Harry Co. have a page ad in today's WATCHMAN which presents its own cause. You need not read it to learn of the many bargains offered therein. Another thing you can bear in mind, this firm does not make a habit of getting a few low priced articles to draw customers and then fail to have them when you call. This is one of the most reliable firms in the city.

V. Wallace & Sons, the old reliable clothing dealers, are trying to reduce their stock of clothing just at this time and in a half-page ad invite your attention to some of their bargains. Read it. Jacob Feldman also has more clothing and less cash than he wants. He is very desirous to make a fair exchange. So if you are in need don't forget Feldman's, 125 S. Main.

The funeral was held at Union church today at noon.

In Memoriam.

On the 10th of January, 1908, the birthday of Gen. Robert E. Lee, and great memorial day held by Daughters of the Confederacy, resolutions were passed by the Robert F. Hoke Chapter on the death of Mrs. Peter W. Hairston, nee Fannie Caldwell, daughter of the late Judge David F. Caldwell.

1st. That the heart of the Chapter is deeply touched by the "passing" of Mrs. Hairston. That we have lost a member of noble character and ability, a Southerner of the purest type, whose life was full of good deeds, of piety and benevolence. Of high social rank, endowed with great natural talent, enlarged and beautified by education and association with the most cultured, with gentle grace she adapted herself to every class or condition of persons so that even the illiterate and obscure received and heard her gladly while the most favored sought and enjoyed her society. Noted for charity and kind deeds, the music of her foot fall was welcome at every door and her kind words filled aching hearts with joy. Her kindred, her friends, her proteges, yea, her servants rise up and call her blessed.

2nd. We as Daughters of the Confederacy desire to express our sentiments in the great loss we have sustained in her departure to the better land, and to hereby bear testimony to our high appreciation of her devoted work and service as a true and faithful worker in our Chapter.

3rd. That we tender to her family, in their bereavement and loss, our heartfelt sympathy.

4th. That these resolutions be spread upon the minutes of the Chapter book, to keep fresh the memory of this jewel we have lost, that a copy be sent to the family and that the Salisbury papers publish the same.

"WHO ARE THE BLEST?" They who have kept their sympathies awake, And scattered joy for more than custom's sake, Steadfast and tender in the hour of need, Gentle in thought, benevolent in deed, Whose looks have power to make dis-custion cease, Whose smiles are pleasant and whose words are peace."

This was the character of our departed member who so recently passed through "Glory's" morning gate to walk in Paradise." Respectfully submitted, MRS. JNO. S. HENDERSON, Pres. MRS. WM. H. OVERMAN, Rec. Sec. Names of committee. MRS. EDWARD NEAVE, MISS BESSIE HENDERSON.

POOL.

Pool, Jan. 20.—A Sunday school was organized at our school house Sunday, January, 19th. A large crowd was present and about forty or fifty pupils were enrolled, with prospects for many more, as the literature gave out and more will be ordered. N. J. Eagle was elected superintendent. Miss Hattie Ward, Mrs. N. J. Eagle and John W. Morgan were elected teachers. The indications are that it will be a success.

Duke Morgan and family, of Salisbury, visited relatives here Saturday night and Sunday.

Jarvey Morgan is on the sick list with a cold. We hope to see him out soon.

Our school is progressing well, as the attendance is large and more are on the roll than former years. Miss Ward keeps the school up to a high standard despite any opposition.

Miss Pearle Crook is able to be out again after being confined for several weeks with rheumatism.

Mrs. R. F. Crook, of Salisbury, is visiting her people here and will return home in a few days.

William Lentz was visiting in our town Sunday. He seems to like our town.

Wild geese are said to be plentiful now on the river. They have been very scarce up to now, but are coming in large droves.

D. W. Morgan is erecting a new barn on his plantation. A. B. Lisk is doing the work for him.

The Committee on Judiciary of the House of Representatives favorably passed upon the Senate bill providing for the holding of a federal court in Salisbury, after the erection of our public building.

Repairing.—I can repair your boiler, engine, saw mill, gun stove or most any kind of machinery, and will do it at a reasonable price. Write a card or come to see me. Shop, South Main street, Chestnut Hill, or address postoffice box 18, Salisbury, N. C. J. B. DAVIDSON.

Negro Shoots Negro. Colonel Charles Neill and Will Burns, one may have been a major, we are not sure on that point, who lived on the place of Benton Ludwick, a mile or so west of Salisbury, got into a row Sunday evening, and Col. Burns struck three hot bullets into Col. Neill's body, one of which was in the head and caused immediate death. Mr. Ludwick heard the shooting and phoned for officers, who were soon on the scene, but Burns had made his escape. Blood hounds were put on his tracks, but owing to the late rains having destroyed the scent they proved worthless. Burns had a sister living at Majolica and the officers thought it wise to go there, which they did and found their man. He made no effort to escape and stated that he shot in self defense. He was brought to Salisbury and placed in jail.

A Mineral Water that Defies Drugs

NATURE'S GREAT BLOOD TONIC

The recent drug exposures in this Country have proven to all that deadly poisons and stimulants lurk in many Patent Medicines. You never know when you might be taking some of that class.

Nature has made ample provision for restoring vigor and vitality to humanity, and the public, as well as doctors, resort to Natural Remedies, when all others have failed.

Are you troubled with **Dyspepsia, Nervousness, Malaria, Kidney or Bladder Trouble, Chronic Diarrhoea or Dysentery**, and above all, that dreadful disease **Scrofula**, which has almost baffled human skill, or **Diseases peculiar to Females?**

Piedmont-Bedford Concentrated Iron & Alum Water

Is Nature's Remedy for Nature's Ills. Yes, when you consider that disease comes from impoverished or run down conditions of the system, this Natural Mineral Water furnishes the system what it needs.

The analysis of this Water, shown on the bottle, tells you what **Nature thinks you should take when sick**, and the doctor who reads it will agree.

Do you think the grouping together in this Water of 17 different minerals, which are recognized by medical writers as **most powerful blood tonics**, could have been accidental? Reason answers, NO!

An 18-oz bottle of Piedmont-Bedford Concentrated Iron and Alum water contains all the minerals of 25 gallons of the average natural water—Then why buy a barrel of water when you can get a bottle of minerals at the trivial cost of **one dollar**. The dose is a teaspoonful in a glass of your own spring water.

How this Water acts upon the system is not clearly known. It is judged mainly by its works. It has cured all the diseases enumerated above, and many more, evidently through its action as a powerful **BLOOD TONIC**.

We have many valuable certificates, which we will be glad to mail, if you are interested.
