### CHRISTIANA.

Christiana, Feb. 10.—Sickness is quite common in our community.

We learn that A. L. Lingle is reviewing his law course preparatory to taking the examination this fall. It will be recalled that some years ago Mr. Lingle took up the study of law under one of North Carolina's most honored and successful lawyers, and had about completed the course when he went into other business. We are glad to learn of this, and hope he will succeed for he is one among us and one in whom a client can put full confidence. Mr. Lingle is an able and recognized orator of the first distinction.

Dr. Lyerly: "Lee give me the principal parts of Amo."

Lee: "Lee to Park" "what verb did he say?"

Park: "Damfino."

Lee: "Damfino, Damfinare, Damfinavi, Damfinatum."

Since we last wrote, several new branch lines have been added to the Independent Telephone Company. This company is gaining ground everywhere as it has nothing behind it, to in any way make it disagreeable or burdensome to the poorest man. It has been in Rowan only a short time, but has made wonderful strides towards putting every man in touch with his fellow man.

There will be an exhibition at Rowan Academy this spring when school closes. School closes Friday evening March 6. On Saturday following the exhibition will take place. On Saturday night the St. Marions will give a public debate. John Peeler and Miss Vida Trexler are teaching a very successful term of school there.

One of the most remarkable performances ever known to mankind only recently came to our notice. It is a case of Charley Lyerly of Granite Quarry. He was very fond of a girl; yet he couldn't keep his heart down in his stomach, where it belonged, when he tried to tell her. So he got a graphophone with suitable records and gave it to her. Now all day long he has the machine to plead his cause and tell of his love. Wonderful indeed is the genius of man.

We learn that there have been changes in the Nazareth's orphan home at Crescent. Prof. and Mrs. H. F. Frick of Crescent, have been placed in charge instead of Miss Abbot, who has been conducting it.

### XERXES.

### POOL

Pool, Feb. 10.—R. Jones Reid is quite sick with cold and grippe, we learn, and does not seem to improve very fast. We hope to see him out soon.

The little child of B. F. Lemley is very-sick and does not seem to improve.

Love Morgan is kept in with a severe case of grippe and cold.

Mack Morgan is erecting a new dwelling house on the place he recently bought. A. B. Lisk and Jarvey Morgan are doing the work for him.

The patrons of the Pond school

district are getting out lumber to build a new school house. They had the misfortune to lose a lot of lumber by fire one day last week. All the flooring, boxing and a lot of other lumber was lost by the kiln catching on fire.

Our school is five weeks yet and will go out March 18th, '08. A play day may be given at the end of the school.

We learn that Robert and Reather Morgan, sons of J. W. and J. N. C. Morgan's will leave next week for California where they will join the U. S. army. Boys, you better look before you leap, as all places are not like home.

We are having some bad weather along now. Guess the ground hog and the last legislature are responsible for it, as the almanac got wrong about the weather.

Mr. and Mrs. Roby Crook have returned from a trip to Troy, N. C., where they visited relations for a week.

Duke Morgan will erect a new dwelling near here soon, we are informed.

Mrs. Grant Burrage, of Salisbury, who has been visiting relatives for a few days, has returned home.

John L. Williams is on the sick list and is confined to his room.

J. L. Surratt has purchased a new talking machine and says he has some good records with it.

### COMMISSIONER HARTMAN SICK.

Considerable Sickness About Building Telephone Lines. School Closed.

Union Church, Feb. 10.—School at Union Academy was to start up Monday morning, after two weeks stop on account of some little contagiousness, but after due consideration it was decided not to have any more school this winter. There is much sickness in this community at present.

P. A. Hartman is confined to his bed with grippe and some other malady. We wish him a speedy recovery.

Wm. F. Ruffy has made good money hulling peas for D. L. Arey. In four days he got 10 or more bushels for his part.

Mrs. Minerva Poole has moved to her summer residence on the farm of A. L. Lyerly.

C. M. Lyerly is building him a large potato house. He must be going to raise them by the load.

John Barger and family visited at Alfred Goodman's Saturday night and Sunday.

Mrs. Minerva Poole is visiting her son, Wesley Poole, who is quite sick with bronchial trouble.

Wm. Ruffy went visiting and would not say where she was going. Isn't that funny?

A. L. Lyerly has about completed his phone line by installing all cedar poles.

P. A. Hartman & Company have all their poles up for their new line. It will soon be ready for service.

L. A. Mahaley has come home from Crescent Academy, where he had been attending school.

G. A. and C. J. A. Lyerly visited Charlie Poole last Saturday night and report a good time.

Some of our neighbors attended the sale at Harper & Rro.'s last Saturday in order to buy some bridles, but instead of bridles they bought collars. Hurrah for collars.

Two prophet passed through our village Saturday. One said he would live seventy-five years yet and is now about forty. The other said he played some cedar posts and said they didn't last but a few years. We think they have exaggerated. Our sympathy is extended to the bereaved prophets. THE HUSTLER.

### A READING CLUB ORGANIZED

Mrs. Peninger Dead. Telephone Company About Ready For Business.

Woodleaf, Feb. 10.—A. C. Gibbons is building a fancy two-story double L house on his farm near here and will soon be one of our citizens.

Mrs. W. D. Peninger died last week after a brief illness and was buried at the Methodist church, the funeral being conducted by Revs. Spence and Hypes.

J. E. A. Bailey, who was recently married, has moved into his nice new residence.

The Woodleaf Telephone Co., hopes to have all wires connected and everything in shape by the 15th of February, if the weather permits.

Owing to the bad weather but little farm work has been done during 1908.

Mr. Editor what is the matter? There is seldom a month in which the WATCHMAN does not reach us. It is the largest bundle of papers that comes to Woodleaf, the Postmaster says, and we feel lawfully disappointed when we have to go two weeks without the paper.

We are unable, just at this time, to say why THE WATCHMAN should fail to reach Woodleaf every week, but will make it our business to look into the matter with a view of correcting the irregularity.—ED. WATCHMAN.

Yes, there are some sneak dogs, but the men who were up for hunting were gentlemen, and it has been proven by the written permits that were sent them to come back to Woodleaf and hunt. Come up again gentlemen, we are glad to see you any old time.

A reading club has been organized at our High School. It is a very good move and we hope it may accomplish much good. It meets every Wednesday night.

Mrs. Minnie E. Brown has bought her a new top buggy. It's leap year.

The health of the community is good. ONE-OF-THE-BOYS.

## PAIN

Pain in the head—pain anywhere, has its cause. Pain in congestion, pain in blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—Dr. Shoop's Headache Tablets—scoops blood pressure away from pain centers. It effects a change, pleasantly delightful, gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets slowly distribute the unnatural blood pressure.

Brush your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense. We sell at 25 cents, and cheerfully recommend

### Statesville Man Injured.

A. Privett, lumber inspector for the Gaither Lumber Co., of Statesville, was found lying near the railroad track between Salisbury and Spencer Saturday morning about 4 o'clock, by a railroad man. He was unconscious and blood was flowing from a gash on the right side of his head. The railroad man administered simple remedies and finally managed to get the injured man to the Whitehead-Stokes sanatorium where he now lies in a serious condition, suffering with a fractured skull. From the appearance of the wound it is thought that it was made by a heavy blow from a monkey wrench.

Mr. Privett was identified by a business card in his pocket and the depot agent at Spencer wired the Statesville agent to notify the Gaither Lumber Co., and Privett's family. The message was received Saturday and Wm. Gaither went to Salisbury and spent Sunday with Mr. Privett. Mr. Gaither says Mr. Privett has about regained consciousness and the physicians say his condition is favorable. Privett claims that he was knocked down early in the night by an unknown man and robbed of about \$8, the money he had on his person.

Mr. Privett's family consists of his wife and two or three small children who live in west Statesville. He has been with the Gaither Lumber Co., for some time as lumber inspector but was in Salisbury on personal business when the accident occurred.—Statesville Landmark.

When the baby is cross and has you worried and worn out you will find that a little Cascasweet, the well known remedy for babies and children, will quiet the little one in a short time. The ingredients are printed plainly on the bottle. Contains no opiates. Sold by James Plummer and all druggists.

Look Out For The BIG WAGON SALE

During September we will offer for CASH a number of Two-Horse Wagons at cost.—COST! Think of it. If you need a wagon now or expect to need one later you will make money by purchasing NOW. If you will investigate we can show you where you are saving at least 15 percent, and a little later, more than that figure.

## THE WAGONS

We offer for CASH only, at COST, are the Mitchell, Virginia and Barber. These wagons have gained a reputation through MERIT only, and our satisfied customers stand as a monument to this fact. Convince yourself as to the saving in price and quality of goods offered.

The reason for the offer of Two Horse Wagons at COST is that we desire to discontinue handling two-horse wagons and confine ourselves to the sale of One-horse Wagons, fine and medium grade Buggies and Carriages, Mantels, Tile and Grates.
