

ENGLAND SAYS NO ALUM IN FOOD

and strictly prohibits the sale of alum baking powder—

So does France
So does Germany

The sale of alum foods has been made illegal in Washington and the District of Columbia, and alum baking powders are everywhere recognized as injurious.

To protect yourself against alum, when ordering baking powder,

Say plainly—

ROYAL BAKING POWDER

and be very sure you get Royal.

Royal is the only Baking Powder made from Royal Grape Cream of Tartar. It adds to the digestibility and wholesomeness of the food.

Thos. K. Bruner—A Just Tribute.

Mr. Thomas K. Bruner, for many years head of the Department of Agriculture of North Carolina, is dead. He was really the first citizen of his State, not in political rank, but in practical service, which, after all, is the truest measure of a public man's heart. He was not known on the hustings, he did not advertise himself in the ways which have brought a certain sort of distinction to many small men in his State, he did not care for the applause of the multitude, but in his quiet and effective and gentle service he filled the full measure of his obligations and opportunities. To him more than to any other man or group of men in North Carolina has the material growth of his State been due. At Chicago, at Philadelphia, at Buffalo, at Charleston and at St. Louis he advertised the resources of his State so that the whole world was impressed with the marvelous character of its wealth, and in thousands of happy homes in the Old North State established largely through his work and influence there will be sincere sorrow at his taking off. The people of Charleston are under lasting obligations to him for the splendid work he did here at the Exposition six years ago, and they will all pray that he may rest well now that his labors are over.—Charleston News and Courier.

Man Kills Four of the Lynchers.

The bloody result of an attempt at lynching at Valdosta, Ga., last Tuesday, if often repeated, will at the practice. Jack Long, a white man whose brother had been killed by James Sapp's son, met Sapp and killed him on the public road. Sapp was a "wealthy man" and fifty of his friends went to the jail to take Jack Long out and lynch him. Result: Long killed four, seriously injured ten, and would have cleaned up the entire lynching party had those left not shot him to death. It is the bloodiest lynching affair of recent years.

At times when you don't feel just right, when you have a bad stomach, take something right away that will assist digestion; not something that will stimulate for a time but something that will positively do the very work that the stomach performs under ordinary and normal conditions, something that will make the food digest. To do this you must take a natural digestant like Kodol for Dyspepsia. Kodol is a scientific preparation of vegetable acids with natural digestants and contains the same juices found in a healthy stomach. Each dose will digest more than 8,000 grains of good food. It is sure to afford prompt relief; it digests what you eat and is pleasant to take. Sold by James Plummer and all druggists.

Tell Women to Keep Possession.

Pittsburg, Feb. 25.—"If you have a separate estate or property, keep it," advised Common Pleas Judge J. J. Miller, in an address to the girls of the Pittsburg Female college alumnae at the semi-annual meeting of the association.
"You can help your husbands in some other way than by turning over your property to them," he said.
"I am old-fashioned enough to believe that while maari ge, in the eyes of the law, is only a civil contract, its sanctity is not to be ruthlessly violated. There are too many fictitious causes given for divorce.
"Laws in regard to the intestate decease of a husband are inadequate. Hardship is often worked upon the widow by limiting her to a one-third dower interest in the real property left by her husband."

When the baby is cross and has you worried and worn out you will find that a little Cascasweet, the well known remedy for babies and children, will quiet the little one in a short time. The ingredients are printed plainly on the bottle. Contains no opiates. Sold by James Plummer and all druggists.

A JOB LOT OF ODDS AND ENDS.

General News, State News and Comments on Various Subjects.

At Bristol, the other day, a coroner's inquest disclosed that Mrs. Honor Coleman, aged 107 years, had died as the result of a fall while visiting at the home of her daughter, aged 87. The attending physician testified that but for the mishap she probably would have lived many years longer. It also was developed by the testimony that Mrs. Coleman's mother had been drowned at the age of 101 years, and that her grandfather had been gored to death by a bull he was attempting to drive at the reputed age of 120. This is claimed as the English record of longevity.

Among the acts passed at the recent extra session of our Legislature was one to provide for the burial expenses of Confederate pensioners. It allows \$20 to be appropriated out of the general county fund upon the recommendation of the chairman of the county board of pensions.

Spartanburg, S. C., Feb. 21.—The Converse College Choral Society is working hard for the music festival that will be given in this city April 29th, 30th and May 1st. The chorus is composed of 200 voices and much progress has been made under the excellent training given by Prof. A. L. Manchester, director of music. It is announced that the music festival this year will surpass all past efforts. Among the artists who will sing at the festival are Madame Gadski, one of the greatest singers in this country, and Madame Homer, who is a general favorite with festival audiences. The seating capacity of the auditorium has been increased to 2,800.

Oxford, Feb. 21.—A sad accident occurred Thursday, near Stem, in Granville county, when Sam P. Washington, a farmer living near Stem, was killed by being thrown from his buggy against the side of a house while his horse was running, having taken fright suddenly. The terrible accident cast a gloom over the neighborhood where Mr. Washington has many friends.

Asheville, Feb. 21.—Rev. Dr. L. W. Crawford, presiding elder of the Asheville district and for many years editor of The North Carolina Christian Advocate, died here this afternoon at 12:30 o'clock after an illness of less than two weeks. Dr. Crawford contracted a deep cold while going by private conveyance during inclement weather to fill an appointment in the circuit. Pneumonia developed and Dr. Crawford continued to grow worse until this afternoon, when death ensued. Dr. Crawford was admitted to the North Carolina Conference at Statesville in 1868 and had, therefore, been in the service for forty years. The body will be taken to Greensboro for interment to-morrow morning.

MOCKSVILLE AND DAVIE COUNTY.

Furniture Factory Cuts Hours. Some Old Shade Trees. Craig Will Speak.

Hon. Locke Craige and President Winston will speak here on February 29th. A large crowd is expected.

The furniture factory is now working nine hours a day and five days in a week.

Dr. John Kerr Martin says that he and Dr. McGuire had the pleasure of sitting back by a log fire last week built of wood that he had set out as shade trees back in the 40's when a boy.

Nothing more has been heard from the burglars of last week. We presume that after making a close inspection of the surroundings, they decided to move on to healthier looking climates.

The North Carolina Succeeds.

The armored cruiser, "North Carolina," after three failures to come up to the required speed, made good on Saturday, and returned to the shipyards at Newport News with brooms lashed to her mastsheads and yardarms, indicating that she had swept away all previous records for ships of her class. She maintained an average speed of 22.48 knots, the 48 being over and above the contract speed required. A 40-mile gale was blowing and the sea was running high when the trial was made. The engines made 122 revolutions per minute, or four more than required. Like her state, North Carolina is slow to act, but when she gets ready to move, she cleans up everything in sight. The good ship never really tried to run the other times. She wasn't quite ready. When her mind was made up about it, she broke the records.

HIDDEN DANGERS.

Nature Gives Timely Warnings That No Salisbury Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here's Salisbury proof:

J. B. Collins, 519 South Main St., Salisbury, N. C., says: "I have a great faith in the curative powers of Doan's Kidney Pills as I have used them at different times and have always received the best of results. I suffered a great deal from a disorder of the kidneys, but was unable to obtain relief until I heard of Doan's Kidney Pills and procured a box at the Salisbury Drug Company. After using them I experienced prompt relief and on several occasions since when I have felt a return of the annoyance, they have never failed to benefit me. I have no hesitancy in advising others afflicted in a similar way to try them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
