

Correspondence.

CHESTNUT HILL.

April 20.—W. E. Eagle and wife and three children are spending Easter with relatives and friends down in Piney Woods. They will return home Tuesday next.

Miss Marie Shaver recently visited her cousins Albert and Ada Eagle.

Miss Susan Overman, of Chestnut Hill, is very ill at this writing. We hope her a speedy recovery and a long and happy life.

Miss Francis Glover, of Concord, spent a few days with her mother near Misenheimer Springs and returned home Saturday.

The Sunday School children, of the Methodist church had an Easter egg hunt Saturday and enjoyed the occasion very much.

The dwelling on Factory Hill, occupied by John Whitman, was destroyed by fire Friday morning. He lost all his household and kitchen furniture.

Mrs. Lindy Eller, near here, has been confined to her bed for a few weeks, but is improving now we are glad to quote.

Guess we can report a marriage now. It was a young couple which came from Albemarle Saturday. Rev. J. A. J. Farrington, performed the ceremony.

The people of the State are at work for prohibition, which is a large number. I am sure there is not a man that can be at any better work, so let us do all that is in our power to drive out the worthless stuff called whiskey, and let us have sunshine and love in this dear old State of ours. It is a confessed evil. Let us work and pray, especially those who have not decided to vote for prohibition, you get down on your knees and ask God to direct you to vote right. BOBBY.

LIBERTY X ROADS.

Wheat and oats are very much revived since the recent rain.

J. T. Earnhardt, of Albemarle, visited Miss Lucy Lentz last Sunday.

Miss Lillie Taylor and N. Luffy were united in the holy bonds of matrimony last Sunday by Rev. W. E. Cruse. Mr. Luffy is a very enterprising merchant one mile west of Gold Hill. We extend our best wishes to this happy couple.

Hon. W. T. Bundick, is touring this county and making very interesting speeches in favor of prohibition.

E. A. Goodman and wife visited at Mose Goodman's last Sunday.

We think Roby Hill will soon chase the bargain that he has been driving down on Panther Creek.

Lots of our people went to the Barger school house to hear Messrs Wright and Price on "prohibition last Monday, and also to A. M. Eller's big sale at Craven.

G. A. Campbell spent Easter Monday down on the Yadkin river fishing.

Rev. Wilson will preach a prohibition sermon at Liberty the first Sunday in May. BILLY.

IMMANUEL.

April 18th.—Farmers are nearly done planting corn and are preparing their ground for cotton.

L. A. Beaver was the first to get done planting corn in this community.

Messrs. Price and Hatcher made prohibition speeches at Rockwell last Sunday. A very large crowd was in attendance.

A. M. Barringer has been quite sick during the past week.

Misses Mary and Dovie Beaver William Beaver and Geo. Boger all have cotton patches this year. Look out for some weddings next fall.

Geo. Boger went past a strange place Saturday evening and we think he trampled on somebody's toes, because they told him not to come past any more.

An anti-saloon league has been organized at Rockwell. Misses Irene Miller and Lena Karriker visited at Jno. C. Holsinger's last Thursday. URSULA JETRO.

GRANITE QUARRY.

April 21.—The old easter rabbit has gone through our town and done well. I think found most of the homes. I wonder if he will come back this way. Earnest thinks that he will go back by Patey's.

A jolly good time was had at the egg hunt, at the Granite Quarry School house, Easter Monday, which was most interesting to the little folks. It was a great pleasure for the children to hunt the eggs which had been hidden. Some found lots of them and some did not find so many.

Mr. and Mrs. John Safrif of Salisbury, visited W. T. Peeler's last Saturday and Sunday.

The friends of Paul Lyerly, who cut his foot very badly a few weeks ago, out again we are glad to see him.

Mrs. Cora Lyerly spent Easter at home with her parents. Her friends were glad to see her home again. She goes back to school at Mt. Pleasant Monday.

Edward Earnhardt and Miss Lillie Laffer of this place were united in the holy bonds of matrimony Monday, at 6 p. m. Rev. G. H. Cox officiating. The ceremony took place in the parsonage, after which they left for Will Laffer's where they will stay for a while. The friends of the happy couple wish them much joy.

A crowd of boys went fishing Easter Monday, and did not catch very many fish.

Andrew Brown has been coming to Granite Quarry quite often. He knows a good place when he sees it.

Tom Hoglin, who has been sick for the past few weeks is now able to be out, but not able to go to work yet. JACK.

FOUND SNAKE IN MACHINE DRAWER.

Better Feed your Corn to Poor Stock Rather than Exchange It for Whiskey.

Gold Knob, April 20.—Spring wheat and the farmers are taking advantage of it. The most of them are done planting corn and some have fixed their cotton ground.

Wheat and Oats are looking well in this neighborhood. Paul Barger has some fine oats. He was the first to have oat heads. He had some April 10th, and J. H. A. Barger was the first to have wheat heads. He had some April 12th. Who can beat that?

P. M. Phillips lost a fine horse last week which he valued at \$200. That is a big loss for a poor man but those who have will lose and those who have not can't lose.

Mrs. J. M. Brady, while sewing last week, opened her machine drawer and in the drawer lay a big snake that measured 2 feet long. The snake must have taken up winter quarters there and had just come out for spring.

A number of young people from Christiansa were present at St. Peter's Sunday. Among the number were Junius Lyerly, Charlie Lyerly, Misses Sophie Lyerly and Daisy Lyerly. We were glad to have them with us, so come again.

Messrs. Henry C. and Harvey A. Park have returned home from Mobile, Ala., to visit with home folks and see how North Carolina is getting along.

Some of the drinking class of this community ask if we have prohibition, what would become of the corn that is raised? Others say, feed it to the poor horses. That is right brother. Let all vote for prohibition and let the poor horses have some corn. CORNELLATORUMATUS.

Kennedy's Laxative Cough Syrup—the cough syrup that tastes nearly as good as maple sugar and which children like so well to take. Unlike nearly all other cough remedies, it does not constipate, but on the other hand it acts promptly yet gently on the bowels, through which the cold is forced out of the system; and at times it allays inflammation. Always use Kennedy's Laxative Cough Syrup. Sold by James Plummer and all druggists.

CHRISTIANA.

April 20.—The prohibition rally at St. Luke's last Saturday night was a great success in spite of the unfavorable weather. Messrs. Bismark Capps and P. S. Carlton were the speakers of the occasion. Many "wet" men were present. There will be another big rally here next Saturday night, April 25th. The speakers will be announced later. As usual everybody is cordially invited.

The Easter visitors are: Mr. and Mrs. Luther Fisher at Rev. R. L. Brown's, Mr. and Mrs. S. R. Frye at Nathan Brown's, Mr. and Mrs. Geo. F. Brown at John Campbell's, and Arthur Thomas at Luther Lyerly's.

There was a great ball playing in David Brown's pasture Easter Monday. People, young and old, male and female, gathered and an old fashioned ball game was played. It was an occasion that will long be remembered. XERXES.

FAITH.

Easter Monday, April 20th, 1908. The old people are having their singing here today in the Reformed church. A large crowd are in attendance. Professor C. A. Jacobs is here conducting the singing and all are looking for Professor Brown from Cooleseme.

Peeler, Bame & Co. shipped another car load of curbing today.

The Albert Lee Pink Granite Co. started their large hoisting machine Saturday and raised one of their large derricks with it. They are rigging it up this week.

There are so many quarries running now that there is a pay day at some of them every Saturday and trade with the merchants is improving.

Since C. S. Carter, superintendent of Camp No. 1, has been out here working the road through our town, it begins to look like a little city. You ought to see the automobiles that come out here. One has just returned to Salisbury. It came out like a blue streak and returned slowly so its occupants could see the town.

George Gant, of Winston, is visiting his father, F. P. Gant, this week.

Lawson Ludwick is selling onions and radishes in the cities of Faith and Salisbury, grown this year.

It looks like old camp meeting times to see so many people, buggies and horses all over our little town today attending the old-time singing.

John Peeler and S. A. Corn have gone to High Point to bid on a large granite vault.

There is more large, costly cemetery work coming into the quarries this spring than has ever been known before.

Mr. and Mrs. David D. Peeler are spending this month with their daughter, Mrs. Frank Wilhelm. VENUS.

We Are Dying Younger.

In view of all that has been said about the fall in the death rate it seems strange to realize that we are not living so long as our grandfathers and grandmothers did.

More babies live to grow up nowadays than formerly, but people in latter life die younger. Once arrived at adult age the average man or woman has fewer years of survival to expect.

This seems on the face of it so surprising a statement that in order to be accepted it should be backed up by data authentic and indisputable. Such data are furnished by the figures of the insurance companies (which all agree on the point), but it is easier to refer to the government census reports, which tell the tale in simple and convincing fashion. Even during the past fifteen years the death rate among all persons over 55 years of age of both sexes has risen considerably.—Health Culture.

A Twenty Year Sentence.

"I have just completed a twenty year health sentence, imposed by Bucklen's Arnica Salve, which cured me of bleeding piles just twenty years ago," writes O. S. Woolver, of LeRaysville, N. Y. Bucklen's Arnica Salve heals the worst sores, boils, burns, wounds and cuts in the shortest time, 25c at all drug stores.

J. FELDMAN,

Salisbury's Greatest Clothier.

WATER SUPPLY.

Hydraulic Rams are Cheapest and Most Satisfactory. Probably the cheapest and best method of obtaining a constant and abundant supply of good water for the household, stock, yard, garden and fire purposes, and at the same time that which needs the least attention is the hydraulic ram. You can have your water delivered right to your house from any nearby spring or branch without no further attention after the installation of a ram. The best ram on the market is sold and installed by T. A. P. ROSEMAN, Route 8, Salisbury, N. C. Write for particulars.

NOTICE.

Notice is hereby given that the undersigned freeholders of Gold Hill and Morgan Townships will apply by petition to the Board of County Commissioners of Rowan County, N. C., on Monday, the 4 day of May, 1908 to alter the boundary line between Gold Hill, and Morgan Townships the proposed change will begin at the first railroad crossing of the Salisbury and Gold Hill public road north of station in Gold Hill and extend with the railroad track to the Cabarrus county line this March 14, 1908.

Township John Morgan, Thom. Moyle, Bennie Martin, D. L. Martin.

Township Luther Biggers, Geo. H. Morgan, H. E. Tiser, J. C. Snuggs.

A Mineral Water that Defies Drugs NATURE'S GREAT BLOOD TONIC

The recent drug exposures in this Country have proven to all that deadly poisons and stimulants lurk in many Patent Medicines. You never know when you might be taking some of that class. Nature has made ample provision for restoring vigor and vitality to humanity, and the public, as well as doctors, resort to Natural Remedies, when all others have failed. Are you troubled with **Dyspepsia, Nervousness, Malaria, Kidney or Bladder Trouble, Chronic Diarrhoea or Dysentery**, and above all, that dreadful disease **Scrofula**, which has almost baffled human skill, or **Diseases peculiar to Females**?

Piedmont-Bedford Concentrated Iron & Alum Water

Is Nature's Remedy for Nature's Ills. Yes, when you consider that disease comes from impoverished or run down conditions of the system, this Natural Mineral Water furnishes the system what it needs. The analysis of this Water, shown on the bottle, tells you what **Nature thinks you should take when sick**, and the doctor who reads it will agree. Do you think the grouping together in this Water of 17 different minerals, which are recognized by medical writers as **most powerful blood tonics**, could have been accidental? Reason answers, NO! An 18-oz bottle of Piedmont-Bedford Concentrated Iron and Alum water contains all the minerals of 25 gallons of the average natural water—Then why buy a barrel of water when you can get a bottle of minerals at the trivial cost of one dollar. The dose is a teaspoonful in a glass of your own spring water. How this Water acts upon the system is not clearly known. It is judged mainly by its works. It has cured all the diseases enumerated above, and many more, evidently through its action as a powerful **BLOOD TONIC**. We have many valuable certificates, which we will be glad to mail, if you are interested.
