

ENGLAND SAYS NO ALUM IN FOOD

and strictly prohibits the sale of alum baking powder—
So does France
So does Germany

The sale of alum foods has been made illegal in Washington and the District of Columbia, and alum baking powders are everywhere recognized as injurious.

To protect yourself against alum, when ordering baking powder,

Say plainly—

ROYAL BAKING POWDER

and be very sure you get Royal.

Royal is the only Baking Powder made from Royal Grape Cream of Tartar. It adds to the digestibility and wholesomeness of the food.

MOCKSVILLE AND DAVIE COUNTY.

A Bad Wreck Averted. Anti-Prohibition Literature Not Wanted.

Mocksville Courier, April 16th.

A. M. Kimbrough, of this place, moved his family and household furniture to Mt. Ulla Saturday where he has accepted a position as agent at the depot.

Work is progressing nicely on the Cooleemee Cotton mill. Everything is being done as rapidly as possible to get the mill in shape to resume operations soon.

Much interest is being manifested by our churches here in the Prohibition campaign and if the people elsewhere will do so much as in Mocksville are sure to win out but we must keep the ball rolling until the 28th of May when the future welfare of our State will be decided.

What might have been a very bad wreck to passenger train No. 28 was averted Saturday night, when nearing the trestle at Dutchman creek, Engineer Ray Clement sighted a light in ahead of him and began applying his air and stopped his train a little ways from the trestle. It was seen then that the trestle was on fire. The crew worked manfully to extinguish the flames which was now making fast work of the trestle, but not until the fire had burned so much, that it was unsafe for a person to walk across, did they have it out. The passengers remained there about all night. Between four and five o'clock a train arrived with workmen. The passengers and their baggage were transferred from No. 28 to this train and brought on through arriving here at about six o'clock. The workmen soon had the trestle fixed so that it was safe for trains to pass over and the regular routine of trains was being observed by Sunday evening.

The campaign in North Carolina now to rid the State of the saloon and still is a campaign for motherhood and childhood, it is a fight for the safety and purity of the home and every man who loves the home and all that it stands for is called upon to line up in this great battle on the side of the home.

Messrs. Charley Holmes, Walter Hess, and Peter Swink of Salisbury passed through town last week, enroute to Brown's Mill, on Dutchman creek, where they will spend several days on a hunting and fishing expedition. They had all kinds of good things along with them in the way of etables, etc.

COOLEEMEE ITEMS.
Cooleemee Journal, April 15.
The anti-prohibitionists of Salisbury have made a raid on our town recently by sending in a flood of literature that quickly found its way to the fire. We are not going to vote for Salisbury to sell whiskey, when we can't do it ourselves, and they need not be calling so patriotically on us to do it. We know that they care nothing about us nor our liberty just so we vote for them to continue their meanness.

Rev. J. A. J. Farrington, pastor of Main Street Methodist church, Salisbury, will preach to the Juniors the first Sunday at the Methodist church here at 8:30 p. m. Everybody invited. Be sure you hear the eloquent preacher when he comes.

WORKS WONDERS.
A Wonderful Compound—Cures Piles, Eczema, Skin Itching, Skin Eruptions, Cuts and Bruises.

Doan's Ointment is the best skin treatment, and the cheapest, because so little is required to cure. It cures piles after years of torture. It cures obstinate cases of eczema. It cures all skin itching. It cures skin eruptions. It heals cuts, bruises, scratches and abrasions without leaving a scar. It cures permanently. Salisbury testimony proves it.

T. A. Coughenour, 228 E. Ennis St., Salisbury, N. C., says: "I suffered from itching hemorrhoids for a long time and was unable to rid myself of the annoyance though I was constantly using remedies. At last Doan's Ointment was brought to my attention and being impressed with the good reports concerning it, I procured a supply from the Salisbury Drug Company. It brought me prompt relief and the contents of one box effected a complete cure. I have never had a return of my trouble since and most earnestly advise others suffering from this trouble to give Doan's Ointment a trial."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

WHISKEY DON'T TROUBLE ANY ONE.

A Woman Gives the Lie to the Above Often Repeated Statement.

To the Editor: I am sending you a letter received today from a good, pure woman. Her husband is a good man when sober. I know personally the family, and have done their practice for years. The letter, I think, is a strong prohibition letter, and ought to be read by every voter in our dear, old North State. I don't see how any man can read this letter and then vote for whiskey. While some argue that if you don't trouble whiskey, whiskey will not trouble you, this letter gives the lie to that argument for this poor woman and her eight or ten children haven't troubled whiskey, and see how much whiskey is troubling them. Please do not publish the lady's name. I am yours for prohibition.

L. T. WHITAKER.

LETTER FROM THE WIFE.
The following is the letter from Dr. Whitaker, omitting the name: Dr. Whitaker:
You know my condition, and you know that I have a lot of little children, and my husband has been drinking whiskey now for four days, and is drunk now. And I want you to take this to those two bar-rooms and ask them not to let him have any more whiskey for my sake and my little children for I feel like if he don't stop it will run me crazy. There is no one here to make him stop. I thought maybe that you could help me some way to stop him, and oblige.

That is a letter that ought to make every man in doubt resolve to vote to close and keep closed every saloon in the State. Dr. Whitaker is right in supposing that this letter will make votes for prohibition. He points out, too, that this letter gives the everlasting lie to those who say "if you don't trouble whiskey whiskey will not trouble you."

The pathos of the above simple letter from a loving wife ought to reach every voter in the State and cause every one to help her and others like her who are being crushed because their husbands are the victims of their appetite.

LXINGTON AND DAVIDSON COUNTY.

A Minister Receives Undesirable Literature Expects the County to go Dry.

Lexington Dispatch, April 16th.

The democratic committee for the county met Monday for the purpose of calling the primaries and convention to name delegates. There was a full meeting. Chairman Wade H. Philips presided. It was decided to hold the primaries on May 16th and the convention on May 28th.

Percy Grimes lost a fine black mare Sunday at Salisbury. She was worth about \$200.

A certain well-known minister of the gospel here has been receiving whiskey price lists until it has become a nuisance. He gets letters telling him that our fine old private stock brand So and So, for 89 cents a qt, is the stuff, and they also tell him that if he will send in so many names of drinking people they will do things for him. He thinks somebody sent in his name in a list to get the bonus. And he thought the limit had been reached, but Monday morning he pulled out a letter from his box, opened it, and found it a letter from Keely, urging him to try the treatment, and telling him what it had done for others. He knows this is the limit.

Advices to the anti-saloon forces state that the situation in Cotton Grove township is brightening up and that there has been a wonderful increase in prohibition sentiment in Tyro. Some sections of Boone report very favorably toward the bill. Midway township is expected to give a good majority for it. Agents of the liquor people are actively canvassing, and the prohibitionists are also bestirring themselves. Good crowds attended the meetings last week and on Sunday. Anti-liquor people are confident of carrying the county, and believe that the sentiment is rapidly growing against the liquor traffic.

THOMASVILLE ITEMS.
Sunday night at 8 o'clock fire was found to be in the roof of the residence of Mrs. Lula Jordan on Salem street. Faithful work was done by both firemen and citizens, but the fire had gained too much headway and the building was burned to the ground and almost all the household furniture was destroyed with it. The loss will amount to about \$4,000, with about \$1,500 insurance. The fire originated from a defective flue between the dining room and kitchen.

Early Sunday morning the news came here that the home of Esq. J. W. Bowers, with all its contents was totally destroyed by fire at about one o'clock Sunday morning. Mr. Bowers lives about four miles southwest from Thomasville. His loss is about \$2,000, with no insurance.

Last week the Thomasville Electric Light and Power Company started their plant to running and now the current is coming from their plant.

Dr. J. M. Flippin and friend, Mr. Maupin, of Salisbury, are here raffling off the doctor's \$1,800 automobile. Several citizens here took a chance. Dr. Flippin was

formerly a resident of this place.

Mrs. Walter Burton returned home Saturday from a Salisbury sanatorium, where she has been for five weeks. While there a nine pound tumor was removed from her. She is improving rapidly.

Your Responsibility.

An armless man once walked into a saloon and dropped a dime from his teeth on the counter and called for a drink. The bar keeper placed a glass and some liquor before him. He was requested by the armless customer to pour out the grog, and when this was done he asked him to place it to his mouth and turn up the glass for him. This request opened the saloon keeper's eyes. He went home and told his wife about it. In his dreams that night he saw the armless man and he was pouring the liquor down his throat. The next morning he closed his bar and changed his business. When you vote the wet ticket you are to all intents and purposes standing behind the bar and pouring liquor down helpless men's throats—men who would not drink but for your help.

How do you Like the Samples.

Samples of wine and samples of beer.
Samples of all kinds of liquors sold here;
Samples of whiskey, samples of gin.
Samples of all kinds of bitters—step in.
Samples of headache, samples of gout,
Samples of coats with the elbows out,
Samples of boots without heels or toes,
Samples of men with a broken nose,
Samples of men in the gutter lying,
Samples of men with delirium dying,
Samples of men cursing and swearing,
Samples of men all evil daring,
Samples of lonely, tired men,
Who long in vain for their freedom again;
Samples of old men, worn in the strife,
Samples of young men, tired of life,
Samples of ruined hopes and lives,
Samples of desolate homes and wives,
Samples of aching hearts grown cold
With anguish and misery untold;
Samples of noble youths in disgrace,
Who meet you with averted face,
Samples of hungry little ones
Starving to death in their dreary homes
In fact, there is scarcely a woe on earth
But our "samples" have natured or
given them birth.

Oh, all ye helpers to sorrow and crime,
Who lead out death for a single dime,
Know ye that the Lord, though he may delay,
Has in reserve for the last great day
The terrible "woe" of whose solemn weight
No mortal can know till the pearly gate
Is closed, and all with one accord
Acknowledge the justice of their reward.

PUNY CHILDREN NEED VINOL.

It Builds Them Up and Makes Them Strong and Robust.
Rapid growth, overstudy, insufficient nourishment, convalescence after children's diseases, and run-down conditions make children thin and delicate and stope development.
Because Vinol contains all the medicinal, bone, tissue and body-building elements of cod liver oil, actually taken from cods' livers, the useless oil eliminated and peptonate of iron added, it quickly restores robust health and children love it.

Mrs. C. W. Stump, of Canton, Ohio, writes: "I wish I could induce every mother who had a weak, sickly child to try that delicious cod liver preparation, Vinol, as it restored to health and strength to our daughter after all else had failed."

We have never sold a medicine in our store equal to Vinol for delicate children, weak old people, or sickly women and children, and we return money if it fails to benefit. The T. W. Grimes Drug Co., Salisbury, N. C.
