SALISBURY, N. C., APR. 29, 1908.

X A blue cross mark on the upper right hand corner of the first page of this paper, immediately following the subscriber's name, is to notify such subscriber that his subscription has expired and that he is cordially invited to renew at once. The special reduced price at which we are now offering the paper lasts no longer than June 20th, and is for cash in advance only. After this time the price will be \$1.00, strictly. If, after being thus notified, you fail to receive THE WATCHMAN, you will have only yourself to blame.

It is a very poor soldier that runs when the battle begins.

J. H. McKenzie is to be the next sheriff of Rowan county. Mark it.

Rowan is going dry.
Rowan county is going dry.
Rowan county is going dry by a good majority. Mark it.

The Democratic primaries are going to be held Saturday, Saturday, May 2nd. Turn out and put in a vote for Jas. H. McKenzie for sheriff and good men for all the county officers. It takes good men to make a good county government.

If you intend to vote against prohibition because you want the slop for your hogs, remember some poor fellow will fill a drunkard's grave because he drank the stronger brew that your vote helped to place as a stumbling block in his path. Remember, that poor fellow may be your boy.

There are numbers of men in the county jail and on the chain gang to-day who are there because of whiskey. We know of a young man sent out to the gang yesterday for the first time. He has a dear good mother and some sweet sisters whose hearts are bleeding for the son and brother. He was sent there for being drunk on Sunday. The demon has such a hold upon him that he cannot resist his influence and has gradually gone from bad to worse. He is a good boy and a good working man, but the devil has him by the button-hole and is leading him on and on against his will. His brother poor deluded fellow is going to kick him on, we are informed, by voting for the continuation of the saloons and distilleries in our midst. How heartless. Are you going to kick him too?

Our correspondents are greatly appreciated, and we are always glad to print as much of their articles as our space will permit, and owing to limited space and an over abundance of items, we are compelled to cut out much that is received. Sometimes three or four will give the same item, some times the items have been previously printed, sometimes the items are merely foolishness and should not be printed and again they are received too late. So, taking all things into consideration, we do the best we can under the circumstances cutting out and condensing wherever seems best. We make this explanation so that the correspondent finding his communication abbreviated or omitted he will understand the situation. It would take a paper twice the size of the WATCHMAN to print all we receive on the subject of temperance alone. We have never known such a flood of material on any subject before. The people must surely be aroused.

Wanted Boys.

The saloon must have boys, or it must shut up shop. Can't you furnish it one? It is a great factory, and unless it can get about 2,000,000 from each generation for raw material some of these factories must close out, and its operations must be thrown on a cold world, and the public revenue will dwindle. "Wanted—2,000,000 boys," is the notice. One family out of every five must contribute a boy to keep up the supply. Will you help? Which of your boys will it be? The Minotaur of Crete had to have a trireme full of fair maidens each year, but the Minotaur of America demands a city full of boys each year. Are you a father? Have you contributed a boy? If not, some other family has had to give more than its share. Are you not selfish, voting to keep the saloon open to grind up boys, and then doing nothing to keep up the supply?

Our boys, as well as their fathers and mothers, may well give serious thought to the question asked on a placard posted among the advertisements in some street cars.

The placard reads as follows: "A saloon can no more be run without using up boys than a flouring mill without wheat or a saw mill without logs. The question is, 'Whose boys? Yours or mine?' Our boys or our neighbors?"

A part of the responsibility of answering that question falls upon the boys themselves. Are they willing to run themselves, to help support a saloon? Think of it, boys, and let it not be you or your friends who furnish the material on which the saloon prospers.

The Lutheran Ministers Pass Resolution.

The Lutheran Ministers' Association of Rowan County held a meeting in Salisbury, and, the subject of temperance having come up, the following resolution was passed:

Resolved: That it is the sense of this association that the prohibition movement now on in our State is non-political and non-partisan and, being purely a great moral issue having for its object the religious and general betterment of mankind, deserves and should have the earnest and active support of all our pastors and churches.

The ministers in attendance were Revs. Geo. H. Cox, J. A. Linn, C. A. Brown, H. A. Trexler, M. M. Kinard, R. R. Sowers, W. Aull, L. B. Spracher, and C. I. Morgan.

J. W. Carlton Endorsed for the Legislature.

We, the undersigned citizens of Rowan County, do most heartily endorse the candidacy of J. W. Carlton for the Legislature. For the last nine years he has been a resident of our county. During this period he has always shown himself to be a Democrat of the staunchest type. We commend him to the Democrats of Rowan county, feeling sure that he will represent faithfully and impartially all interests that may be concerned in any legislation that might come up for consideration. Standing high in his profession, by his honesty and untiring efforts he has had a successful business career and is now connected with various business interests as well as large farming interests in our county. Having had practical experience in business and farming, we feel that Mr. Carlton is peculiarly well qualified to represent the business man and the farmer. We believe the Democrats of Rowan County will do well to nominate him as one of their candidates for the Legislature.

Death Was on His Heels.

Jesse P. Morris, of Skippers, Va., had a close call in the spring of 1906. He says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends declared consumption had me, and death was on my heels. Then I was persuaded to try Dr. King's New Discovery. It helped me immediately, and after taking two and a half bottles I was a well man again. I found out that New Discovery is the best remedy for coughs and lung disease in all the world." Sold under guarantee at all druggists. 50c and \$1. Trial bottle free.

THE WATCHMAN'S HONOR ROLL.

A List of the Good People Who Have Subscribed Since Last Report.

The following list of good people is published, not for the purpose of bragging, but merely to show our appreciation of their patronage and, also, to show that the paper is somewhat appreciated by many of our very best citizens.

THE WATCHMAN does some things as a conscientious duty. It may not always be right, but it acts with good intentions, and will stand by its honest convictions if every name on its list should be discontinued. This is not said boastfully by no means, but is notice, to those who would throttle its efforts in behalf of prohibition, that it does not intend to be shrouded and that the few old soaks and "booze fighters" who think they can cause it to leave the path of duty because they stop their subscriptions, are simply beating the wind and wasting time.

The editor does not usually make use of personal letters, nor does he ask any one why he discontinued his subscription, that is the subscribers' right—stop when he pleases, for any cause he pleases, or for no cause—without being questioned, but the following fling from a letter received Saturday, indicates the intemperance prevailing among a certain class who oppose prohibition and endeavor to vent their spleen on anything that opposes their views. It reads:

"P. S. You have lost a lot of subscribers round here by filling up the paper with prohibition foolishness."

We do not give the name, because there is no desire to make a personal matter of it. There were two names marked off. By the same mail we received nine new subscribers. We are keeping our books and know pretty well whether we are losing "a lot of subscribers" or not. It is not intended to make it appear that those composing the subjoined list endorse the policy of the WATCHMAN, or the views of the editor, for there are some who do not, but they are men who concede the rights of others and are tolerant of opinions contrary to their own, they respect others and are entitled to respect. Every broad-minded and intelligent man reads both sides of all public questions, and it is the narrow-minded, the prejudiced, the intollerant, self-assertive, ignorant who is continually making an ass of himself and proving by his daily conduct that he lacks much in being the half of what he presumes to be.

The following list is composed of new subscribers and those who have paid something on their subscriptions since our last report. Let the gentlemen who have "stopped" put their names up beside this list and are themselves as they are. The list is:

Rockwell Alive For Prohibition.

An active prohibition club has been organized at Rockwell. At the organization of the club J. B. McCombs was elected president and John K. Linn, secretary. Five vice presidents were elected throughout the community. Rockwell is almost unanimous for prohibition. The club has been meeting every week since its organization. Bros. Linn, Summey, and Rowe have addressed the club. Thursday night, April 23rd W. B. Smoot made a most excellent and touching address to the club. The ladies of the community are taking a great interest in the cause of temperance. The club now numbers about 125 members. We are continually making converts to the cause.

He Got What He Needed.

"Nine years ago it looked as if my time had come," says Mr. C. Farthing, of Mill Creek, Ind. Ter. "I was so run down that life hung on a very slender thread. It was then my druggist recommended Electric Bitters. I bought a bottle and I got what I needed—strength. I had one foot in the grave, but Electric Bitters put it back on the turf again, and I've been well ever since." Sold under guarantee at all druggists. 50c.

Temperance Speaking.

There will be a temperance speaking at Phanael church, next Tuesday night, May 5th at 8 o'clock. Rev. W. W. Rowe will be the speaker. Everybody is cordially invited to come out and hear him.

Kodol For Dyypepsia has helped thousands of people who have had stomach trouble. This is what one man says of it: "E. C. DeWitt & Co., Chicago, Ill.—Gentlemen—In 1897 I had a disease of the stomach and bowels. I could not digest and I ate and in the spring of 1902 I bought a bottle of Kodol and the benefit I received from that bottle all the gold in Georgia could not buy. I still use a little occasionally as I find it a fine blood purifier and a good tonic. May you live long and prosper. Yours very truly, C. N. Cornell, Rcding, Ga., Aug. 27, 1906." Sold by James Plummer and all druggists.

500 Out to Hear Rev. Rowe.

On the morning of April 19th there was held a prohibition rally at Lower Stone church, near Rockwell, N. C. There were about 500 people present. Rev. W. W. Rowe, pastor, preached on prohibition and held the attention of his audience for two hours. Much good was done on this occasion. People were present from nearby towns, also from Stanly and Cabarrus counties. The prohibition movement is in good shape in this section. A good majority will be given for prohibition.
