Entered as second-class matter Jan. 19th, 1905, at the post office at Salisbury, N. C., under the act of Congress of March 3rd, 1879.

SALISBURY, N. C., JULY 22, 1908.

A judge in a Delaware court the other day during the trial of a case ordered that witnesses should not refer to negroes as "Mr." or "Mrs."

One cannot help wondering at times whether parents take the precautions they might to prevent such accidents as the one which occurred to the boy, Wm. Forrest, last Thursday, through his own fault.

Value of Cement For Walls. Unsatisfactory dairy wells are a menace to health, and as the country becomes more closely settled more and more care is necessary to provide good water.

While not making many claims as to what States Mr. Bryan will carry, or giving any figures as to his probable electoral vote, the WATCHMAN is satisfied of one fact, that Bryan's chances for election are much brighter than they were on either of the occasions when he was defeated.

Value of Guinea. We should not think of keeping a poultry farm without guinea. The noise they make often calls attention to disturbers that otherwise might not be noticed.

Washing the Butter. As soon as the butter granules are the proper size draw off the buttermilk and put in as much water (the same temperature as the buttermilk or a degree or two warmer) as you have buttermilk.

Cowpea Hay. At the Indiana station the heaviest hay crop from cowpeas was made by the Clay pea, with a yield of 7,000 pounds of hay per acre, followed by the Iron pea, with a yield of 7,400 pounds of hay.

The Bacon Hog. It is the idea of many that a bacon hog is merely a thin hog, says Farmers Advocate. This is not true.

past the views which were obnoxious to so many members of the party. There has been a great change in Mr. Bryan, a change which takes place in most men of his calibre as the passing years bring them to a ripened condition and full maturity comes.

HINTS FOR FARMERS

The Care of Turkeys. November should find the turkeys well fattened with the bulk of the season's output on the Thanksgiving market. Use precaution in feeding the market turkeys and do not allow the breeding turkeys to feed with the fattening, as fat breeders assure you of a poor crop the following season.

Destruction of Rats. The western farmer is waking up to a realization of the fact that he is, as the agricultural department told him some time ago, losing not less than \$100,000,000 a year from rats.

Starting a Flock. In starting with sheep, as with anything else, it is best not to start too strong. Get fifteen to twenty good ewes of a breed you decide is what you want and learn the business.

Cows Earned Their Keep. The dairy departments of Ontario, New Jersey, Kansas and two other experimental stations report the annual cost of feeding per cow was \$31.50 to \$46.50 per year, while the average production in milk was \$72.18 per year.

Washing the Butter. As soon as the butter granules are the proper size draw off the buttermilk and put in as much water (the same temperature as the buttermilk or a degree or two warmer) as you have buttermilk.

Cowpea Hay. At the Indiana station the heaviest hay crop from cowpeas was made by the Clay pea, with a yield of 7,000 pounds of hay per acre, followed by the Iron pea, with a yield of 7,400 pounds of hay.

Retailing Produce. Try to get a private trade for your eggs and poultry. There is hardly a town in the country where the hotels and well-to-do private families will not be glad to get these at an advance over the price the general buyer will give.

The Bacon Hog. It is the idea of many that a bacon hog is merely a thin hog, says Farmers Advocate. This is not true.

Hay Versus Silage. A ton of hay requires 400 cubic feet of space, while eight tons of silage will go into this same space.

THE SPORTING WORLD

George Davis as Manager. The statement of President Farrall of the New York Americans that Kid Elberfeld's appointment as manager of the Yankees is a permanent one is not taken seriously by followers of baseball.

GEORGE DAVIS, VETERAN SHORTSTOP OF THE CHICAGO AMERICANS.

appointment would no doubt be hailed with glee from the thousands of fans in the metropolis. While with the Giants he secured some valuable managerial experience, and his aggressive spirit being somewhat identical to the nature of Manager Johnny McGraw, the scrappy leader of the New York Nationals, the appointment would no doubt be a popular move on the part of Farrall.

Cy Young's Good Advice. Says Cy Young of the Boston Americans: "I don't think there is anything wonderful at all about a man being able to play ball at my age. My habits are no better than the habits of scores of other players, but I get out in the air and move about in the winters.

McCormick, New York's New Player. Baseball's mutations are well illustrated by the case of Harry McCormick, who was purchased from Philadelphia by McGraw. Recently Philadelphia asked for waivers on McCormick, intending to place him with some minor league club, but New York claimed him.

Burns to Get \$25,000 For Three Fights. Tommy Burns, the American heavyweight pugilist, has signed articles for three fights during the visit of the American fleet in Australian waters. His first fight will be with Bill Lang, who is credited with being the best Australian heavyweight.

Makes Three Home Runs in One Game. The record for home run hitting is four homers in one game, held by Robert Lincoln Love and Elton Chamberlain. Tim Flood, manager of the St. Paul team in the American association, made a valiant effort to equal this mark in a recent game, banging out three four-base drives in a game against Toledo. And St. Paul lost the game at that, 9 to 6.

Race Horses For Peru. If America does not want the thoroughbred Peru is anxious to get him. Max Silvers, representing the Lima Jockey club of Lima, Peru, has shipped twenty yearlings which he recently bought at the races. Silvers stated that racing is very popular in his country and that the jockey club is making a strong effort to get high class horses.

Lumley Not For Sale. "Lumley is not for sale at any price," says Ebbets of the Brooklyn team. McGraw has been making tempting offers for the crack outfielder.

Nothing has ever equalled it. Nothing can ever surpass it.
