

# \$17.50 AND \$20 VERY FINE CUSTOM MADE MEN'S SUITS \$10.75 AND \$11.75.

Our buyer secured these high grade Men's Suits from several large manufacturers of New York city who were overstocked. On every side the makers of stylish, seasonable clothing have been calling for Cash! Cash! Cash!—and they secured it by sacrificing their products to us as never before in the history of this store. These goods are by far the finest lot of Men's suits ever brought to Salisbury. Every garment is guaranteed to be pure wool and each garment is made by America's most skilled tailors. The prettiest shades of Light, Medium and Dark Browns with the new elephant and shadow stripes, all the newest shades of Olives, Tans, Modes and Greens with all the latest weaves.

The coats are made in the new three-button single and double-breasted models, with or without fancy cuffs on sleeves. All coats are silk lined. The Trousers are either extreme, full or medium peg tops. The vests are cut in the latest designs with new flaps on each pocket.

Come and try on one of these suits whether you purchase or not.

### GO TO THE RESCUE.

Don't Wait Till It's Too Late—Follow the Example of a Salisbury Citizen.

Rescue the aching back. If it keeps on aching, troubles come. Backache is kidney ache. If you neglect the kidneys' warning, look out for urinary trouble—diabetes. This Salisbury citizen shows you how to go to the rescue. G. L. Russell, 322 E. Innis St., Salisbury, N. C., says: "I will daily recommend Doan's Kidney Pills, knowing them to be a remedy that comes up to the claims made for it. I suffered from a weakness across the kidney regions and though I was constantly using remedies, nothing seemed to benefit me. Upon learning of Doan's Kidney Pills, I procured a supply from the Salisbury Drug Company and took them according to directions. This pain soon left my back, the kidneys were strengthened and my general health improved." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Address FERNANDINA LIQUOR CO., 7-28 8t pd. Fernandina, Fla. Subscribe for THE WATCHMAN.

### GOLD HILL.

July 27.—The thrashing of wheat and oats in this vicinity is about completed. Thos. Moyle thrashed yesterday making 111 bushels of wheat and 275 bushels of oats. The gasoline thrashing outfit "tore itself" last week while thrashing wheat over in the country. A part of the inside machinery became loose and came out with the straw. John C. Morgan was seriously sick at his residence here Sunday. He had something like cramp colic or acute appendicitis, but Drs. Goodman and Bowers have relieved him and his recovery is hoped for. Gold Hill will be well represented at Granite Quarry, some four or five families having moved there from here in the last two weeks. Lee Scott is moving today, he having secured a job at the Quarry. Thos. Ludwick moved a week ago. Mrs. M. A. Basinger has traded her interest in the thrashing outfit in Piney Woods to Early Morgan for a nice horse. Richard Morgan has had his house re-weather boarded and a new porch built to it greatly improving its looks and enhancing its value. The fruit crop is plentiful in this vicinity hence the advance in the price of sugar and jars. A series of meetings will be commenced next Sunday at the Holiness church near here, also at Corinth Baptist church 4 1/2 miles from here, a large attendance is expected at both places, MIKE

### CHRISTIANA.

July 27.—Everybody remember the Providence township Sunday school convention at Christiana Saturday, August 1. Say, Uncle Marion, we have gone out of the "fly" business and all our time is now employed in "studying" "giger physics." We can give you a few valuable recipes along this line. For instance: To prevent gigers from biting, just put a muzzle on them. To kill a giger, just knock him in the head or catch him by the hind leg and give his head a rap around a tree. There is no fake about these remedies for after scientifically observing the monster for many years we can positively guarantee either recipe. Miss Ethel E. Schaffner, of Penn., is back at Crescent, where she will again teach elocution in Crescent Academy. Miss Schaffner is quite an accomplished lady and an efficient teacher. There is a little section boss at the home of Charley Holshouser. John Lingle, who lives near here, has some large potatoes of this year's crop. Uncle Vanns, if you can beat this, just trot 'em out. Our singing dog continues to sing notwithstanding the evil report circulated by Bro. Rocker. The entertainment at Granite Quarry last Tuesday was a grand success. Corneliatorumatus seems to have evaporated. Yes, he was a few days and full of trouble. He sprang up like a flower and withered away. XERXES.

### PARK ACADEMY.

July 27, 1908.—We received a good and much needed rain last Tuesday night, which was welcomed by all the farmers of this section for the making of their corn and cotton. For the past two weeks we have been hearing the hum of the thrasher in our neighborhood. About all the wheat in this neighborhood has been thrashed by Milo A. Klutz & Co., with their new machine, which does excellent work. Revival meeting at Thamel's Baptist church began yesterday and will continue all week if nothing hinders. Almost everybody is looking forward, expecting to go to the Yost reunion, Wednesday, August 5th, which we hope will be a success. We hear that John Lynn, the rural carrier on route 2, from Rockwell is contemplating going to Roanoke College this fall. That will leave his position to some one else. So look around boys or anyone who wishes a good short route. The chance is open for you. Where is Corneliatorumatus. Has he got the summer fever? If so will some one please engage a doctor for him so that he will be able to fall in line again and tell us whether he is in the land of the living or not. We judge from the number of township Sunday School conventions that the Sunday school of today is doing a great and needed work. And we look forward to the county Sunday School convention believing that it will be the starting point of a new era in the Sunday school work of Rowan County. MARION.

### He Must Have Got His Letters "Pled."

Salisbury, N. C. July 27, 1908. Dear Cousin: I will try to write you a few lines to let you know what I am doing. We are all well and hope you are the same. What are you doing since school went out? I have not been doing much of nothing for the past two weeks but before that I was working hard, but now I am resting—for school, but have not decided where I will go yet. There will be an all day service at St. Peter's the third Sunday in August. Rev. J. H. Miller, of Mt. Pleasant, will be there on that occasion and deliver an address. Everybody invited to come and bring a basket. Say, Bro. Lee, what has become of you? We have not heard from you in so long. Step in and give us the news. It seems as if Bro. Xerxes has many curiosities. CORNELIATORUMATUS. The Baracas Meet. Sunday night there was a meeting of the Baraca classes of Salisbury and vicinity at the First Methodist church. Rev. Byron Clark made an interesting and instructive address upon "Bible Study for Young Men." Rev. J. A. J. Farrington spoke of the national convention of Baracas, held at Cincinnati last month, he being present as a delegate from the Salisbury organizations.

### SOMETHING FOR THE FARMERS.

The Annual Farmers' Institutes for Rowan County will be held in August. They will be held in Salisbury, Monday, August 10; China Grove, Tuesday, Aug. 11; Mt. Ulla, Friday, August 14, 1908. There will be two or three speakers present, furnished by the State Department of Agriculture and probably one from the United States Department of Agriculture in addition to local speakers. These institutes are for a free and informal discussion of every day farm problems and no farmer can attend and take part in these discussions without receiving more than enough benefit to pay for the time spent. Under the present management of the Farmers' Institutes no attempt is made to lay down hard and fast rules for farming and no lecturer at these institutes is expected to discuss or recommend any practice which he himself has not done successfully or that dozens of farmers in this part of the State are not also doing successfully at this time. The institute lecturers this year will be selected from among the State's most successful farmers; the workers in our State Department of Agriculture; the United States Department of Agriculture and the faculty of the North Carolina College of Agriculture. Do not forget the date of this meeting and see that your neighbors know of it and attend. INSTITUTE FOR THE WOMEN FROM THE FARM HOMES. In connection with the regular, annual Farmers' Institutes for men to be held at Salisbury, Monday, August 10; China Grove, Tuesday, August 11; Mt. Ulla, Friday, August 14, there will also be held a meeting for the women from the farms. One or two women speakers will be furnished by the State Department of Agriculture and they will be assisted by the men conducting the men's institute. As this meeting will be held on the same day and at the same place as the farmers institute a joint meeting of the men and women may be arranged for the afternoon. The women have greater and more perplexing problems in the homes than the men have on the farms. Why should they not come together and discuss these problems and get inspiration and help in solving them. We have heard of no woman attending such an institute who did not become interested. Those not familiar with the purposes of the institutes being held by our State Department of Agriculture for the benefit of the women from the farm homes may be interested in knowing something of the class of subjects discussed at these meetings. Any or all of the following may be discussed if those present desire: The Farm Fruit Garden. The Farm Vegetable Garden. Farm Poultry. Farm Butter Making. Beautifying the Home Surroundings. Home Conveniences. Literature for the Farm Home. Home Making. Home Nursing. Cooking Meats, Vegetables, etc. Bread Making. Educating the Girls on the Farm. These are a fair sample of the

questions that may be discussed at these women's institutes; and surely they are practical subjects and an intelligent discussion of them cannot fail to be of much benefit to those who attend. Do not forget this meeting for the women. How Did He Find It Out? The jeweler, at closing time, was putting his diamonds in a huge safe. "But why do you brother do that when two watchmen walk the shop all night?" "On account of fire," the jeweler replied. "Diamonds are nothing but coal-carbon—they burn beautifully. Their hardness makes us think them indestructible, but as a matter of fact a fire of diamonds would be the briskest, prettiest thing in the world. "Put a handful of diamonds on a plate and set a light to them, they will burn with a hard gemlike flame until nothing is left. There will be no smoke, no soot, and at the end the plate will be as clean as though just washed—not the slightest particle even of ash will remain."—Minneapolis Journal.

### GOOD POINTS THESE.

Some of the Important Things the Democratic Party Stands for. We give below a number of the important things the Democratic party stands for in its national platform: The removal of the tariff from trust products. The physical valuation of railroads as a basis for rates. The abolition of labor injunction and jury trial for indirect contempt of court. The rights of the states as opposed to the encroachment of the federal Government. Publicity of campaign contributions. Economy of government expenses and curtailment of office-holders. Emergency currency issued by the government instead of by the banks and the insurance of bank depositors. The enforcement of the criminal law against trust officials. Curtailment of the power of the speaker of the house. Opposition to the use by the president of official patronage to nominate his successor. Independence of Philippine Islands. Popular election of senators. An income tax. Opposition to Asiatic immigration, including the Japanese.

### Wood's High-Grade Seeds.

#### Crimson Clover

The King of Soil Improvers, also makes splendid fall, winter and spring grazing, the earliest green feed, or a good hay crop. CRIMSON CLOVER will increase the productivity of the land more than twenty times as much as the same amount spent in commercial fertilizers. Can be sown by itself or at the last working of corn, cotton or other cultivated crops. Wood's Trade Mark Crimson Clover Seed is the best quality obtainable, of tested germination, and free from impurities and objectionable weed seeds. Write for "Wood's Crop Special" giving prices and information about Crimson Clover and other Seasonable Seeds. T. W. WOOD & SONS, Seedsmen, Richmond, Va.

### WATER SUPPLY.

Hydraulic Rams are Cheapest and Most Satisfactory. Probably the cheapest and best method of obtaining a constant and abundant supply of good water for the household, stock, yard, garden and fire purposes, and at the same time that which needs the least attention is the hydraulic ram. You can have your water delivered right to your house from any nearby spring or branch without no further attention after the installation of a ram. The best ram on the market is sold and installed by T. A. P. ROEMAN, Route 8, Salisbury N. C. Write for particulars.

### THE NORTH CAROLINA STATE NORMAL AND INDUSTRIAL COLLEGE.

Maintained by the State for the Education of the Women of North Carolina. Four regular Courses leading to Degrees. Special Courses offered in Teacher Training, Music, Manual Arts and Domestic Science and in the Commercial Department. Free Tuition to those who agree to teach in the schools of North Carolina. Board, laundry, tuition and all other expenses, including use of text books, \$170.00 a year. For free tuition students, \$125.00 a year. Those desiring to enter should apply as early as possible. The capacity of the dormitories is limited. Fall Session begins September 15, 1908. For catalogue and other information address, J. I. FOUST, President, GREENSBORO, N. C.

**HANCOCK BROS. & CO'S.**

# Chip

**PLUG TOBACCO**

is one of the biggest plugs of standard grade cured tobacco ever sold for 10c. It goes further and lasts longer in the going than any other brand made. A man who knows of this brand never goes around with a "chip" on his shoulder, he keeps it in his mouth. It makes friends, and makes them always glad to see you. Demand Chip, and don't stand for substitution. Manufactured by a strictly independent firm. **HANCOCK BROS. & CO., Lynchburg, Va.** Established 1851 Leaders 1908

**Solid Car-load "GOOD LUCK" BAKING POWDER.**

For MAX MOSES & COMPANY, Salisbury

Mant'd by THE SOUTHERN MFG. CO., RICHMOND, VA.

### MANY TONS OF "GOOD LUCK."

There is always good luck in the kitchen when "GOOD LUCK" Baking Powder is used to leaven the bread, cakes, waffles and other dainties that tempt the appetite. No better or more fortunate name could have been selected by the makers, The Southern Manufacturing Company, of Richmond, Virginia. No other name than "GOOD LUCK" could so accurately describe this fast selling powder, that always proves satisfactory alike to the dealer and housekeeper. The 13 tons carried by the car pictured above were bought and received by the Wholesale Grocery House of Max Moses & Co., July 25th, 1908. These car-load sales which are constantly being made all over the country, show the popularity of "GOOD LUCK." It proves to you that merit alone wins the favor of the housekeeper as "GOOD LUCK" has won it. The purity and leavening strength of "GOOD LUCK" have been attested by eminent chemists and physiologists, who are loud in their praise of it. It is fully guaranteed under the Food and Drug Act, June 30, 1906, Serial No. 13026. The Patented, Moisture-proof, Tin foil, News Board can perfectly preserve the powder until it goes into the flour. Max Moses & Co. have the market of the world from which to select their supplies. In the Baking Powder line, they handle largely "GOOD LUCK" because they have found it gives their customers greater satisfaction. This concern's affairs are carefully managed by gentlemen named below: **MR. MAX MOSES, manager and buyer. MR. I. LITTMANN, Sec'y. and Treas.**
