

WENT OFF WITH THE CLOTHES

And a Seining Party is Left in a Most Unpleasant Predicament.

Yesterday several High Point citizens, including the chief of police and officer Lovelace, took the early morning train for Lake, where they spent the day seining. However, if seven of these men had known how things were going to turn out they never would have gone on this fishing frolic. Arriving at Lake, they pulled off their good clothes and donned the old ones for fishing purposes, leaving the aforesaid clothes and valuables with the man in charge of the pumping station, with the understanding that they were to return at 4 o'clock and get their clothes as the pumping station would be locked at that time. When the hour arrived to take their clothes out, a distance of about one mile from where the party was seining, Messrs. Bert Holder, Arthur Lyon and Burgess were sent on ahead to take the clothing out and have them ready for the seining crowd when they arrived. This they did, leaving a note at the pumping station for the boys to come on to the railroad. When the forerunners of the party arrived at Lake train No. 46 was near at hand and thinking that No. 12, due by there at 9:45 would not stop for them the party boarded train No. 46, with all the good clothes of the seven seiners, together with all their money and valuables and brought them on to High Point. Arriving here they realized what a predicament the seining crowd was in, with wet clothes, some in their undershirts and barefooted, with not a cent of money except officer Lovelace who just had enough to pay the fares to High Point. Telegrams were sent to Spencer but no word could be gotten to the boys and No. 85 does not stop there. So the seining crowd waited all the evening with the wet clothes they had on from 10 o'clock in the morning until nearly 10 at night, and caught No. 12 arriving in High Point barefooted, coatless in some instances and a thoroughly disgusted crowd. Had they not secured a lantern and flagged No. 12 they would still be along the railroad at Lake waiting succor from home.—High Point special to Charlotte Observer.

The Facts Misrepresented.

The WATCHMAN of last week published an extract from the North Carolina Christian Advocate, in which it was stated that the recent encampment of the State troops at Morehead City, was one "gra:d debauch." It gives us pleasure to publish the following from Lieut. Whitener, of the United States Army: "I have the honor to submit the following statement regarding the behavior of the North Carolina troops at the recent encampment at Morehead City, July 18-24, 1908.

I was at Morehead City and at Camp Glenn during the entire time the First Regiment and Battery A, North Carolina National Guard, were encamped. During this time I observed not a single man, officer or soldier, of the National Guard, under the influence of intoxicants, nor did I observe any conduct on the part of officers or men that would have been unworthy of gentlemen anywhere.

The behavior of the troops at the recent encampment is a credit to the State, and any statement that the encampment was a scene of debauchery is a misrepresentation of the facts."

We have been told by parties who were there and witnessed the proceedings, that about every member, even a young minister, had taken a drink and that most of the men were drunk, some young fellows getting on their first spree, also the whiskey was carried there from Salisbury. This was not told us for publication nor with any intention of misrepresenting any one. Probably Lieut. Whitener was not present all the time, or did not see all that occurred.—Ed. WATCHMAN.

SITE ARRANGED FOR

Monument Will Be Given Conspicuous Place in City Street.

At a meeting of the board of aldermen Thursday night the following resolution was passed. All citizens will be glad to know that the great object for which the Daughters of the Confederacy have labored so faithfully will be attained:

Whereas, the Robert F. Hoke Chapter United Daughters of the Confederacy, through its president, Mrs. John S. Henderson, and through the chairman of the monument committee, Mrs. Frances C. Tiernan has made application to the Board of Aldermen of the City of Salisbury for a suitable site whereupon to erect the Rowan County Confederate monument, which will be not only a great ornament to the city, but a perpetual tribute to and memorial to the patriotism and valor of the Confederate soldiers of Rowan county who fought so heroically for the rights and liberty of the people of the South and of the State of North Carolina during the late war between the States, and

Whereas, The Board of Aldermen is glad of the opportunity to grant the application for such a praiseworthy and historic purpose;

It is therefore, hereby Resolved:

That the site for the Confederate monument shall be at the south end of the parking on West Innis street between Church and Jackson streets, and shall include the full width of the parking, 20 feet, and extend from the south end of the parking at the intersection of Innis and Church streets, northwest with Innis street, 85 feet;

Resolved, Further, That said site shall be used perpetually for such monument and shall be under the care of said Robert F. Hoke Chapter, United Daughters of the Confederacy, and its successors from generation to generation, subject to such rules and regulations as may be prescribed by said chapter and approved by the Board of Aldermen of the City of Salisbury.

The bond filed by the Atlantic Bitulithic Company for the faithful performance of their paving contract, in the sum of \$20,000, was approved by the board and accepted.

New York and Indiana.

Here are some facts regarding the importance of the electoral votes of New York and Indiana, which may interest those who like to ponder over such matters:

McClellan in 1864 lost New York and Indiana. He was defeated. Seymour in 1868 carried New York; but lost Indiana. He was defeated.

Grealey in 1872 lost New York and Indiana. He was defeated. Tilden in 1876 carried New York and Indiana. He was not seated, but almost no student of American politics now doubts that he was honestly elected.

Hancock in 1880 lost New York and Indiana. He was defeated. Cleveland in 1884 carried New York and Indiana. He was elected.

Cleveland in 1888 lost New York and Indiana. He was defeated. Cleveland in 1892 carried New York and Indiana. He was elected.

Bryan in 1896 lost New York and Indiana. He was defeated. Bryan in 1900 lost New York and Indiana. He was defeated.

Parker in 1904 lost New York and Indiana. He was defeated. In fifty years no Democratic candidate for President has been elected who did not carry both New York and Indiana. Since Jackson's day no Democratic candidate for President who carried both New York and Indiana has been defeated.—New York World.

Why James Lee Got Well.

Everybody in Zanesville, O., knows Mrs. Mary Lee, of rural 8. She writes: "My husband, James Lee, firmly believes he owes his life to the use of Dr. King's New Discovery. His lungs were so severely afflicted that consumption seemed inevitable, when a friend recommended New Discovery. We tried it, and its use has restored him to perfect health." Dr. King's New Discovery is the King of throat and lung remedies. For coughs and colds it has no equal. The first dose gives relief. Try it! Sold under guarantee at all drug stores. 50c and \$1. Henry Talks to Them Plainly.

The other day Henry Hayes, the colored coal dealer, approached a group of idle darkeys at the Southern station and asked Buck Hargrave to help him to unload a car of coal.

"How long will it take," asked Buck.

"About two hours," says Henry. "I don't want to get dirty for such a short job as that," says Buck.

Whereupon an a straightway did Henry go and swear out a warrant against the whole push for loading around the depot, there being a special law against it, and the police pounced down on the lot, and arrested Ros Crawford and Will Culverson, but Buck and Ed Wheeler took a vacation from loading and decamped. Boss and Will had to pay \$4.00 each. George Welborn, the barber, stood for Ros, and Ros "is went" also, leaving George still "standing." Monday Buck was pinched assessed \$4.00. Ed Wheeler alone of the quartet has thus far escaped unwhipped of justice. Henry Hayes works and he's no friend to a loafer.

Henry is worth several thousand dollars, maybe \$5,000, maybe more. In the spring he took charge of the colored baseball team. A colored fellow, sort of guying him, said, "O, yes, the big man has got the team now."

"Yes," said Henry, "I'm a big man, big in size, big in muscle, big in head, and I got big dollars, and if you go to the bank and ask how much money Henry Hayes has got, they'll not say dollars, but hundreds of dollars; and I tell you something else, too—I'll wear your pants that you don't need." That's "how come" Henry Hayes is rich.—Lexington Dispatch.

HIDDEN DANGERS.

Nature's Timely Warning That No Salisbury Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approaching dropsy, diabetes and Bright's diseases. Doan's Kidney Pills cures sick kidneys and cure them permanently. Here's Salisbury proof:

J. B. Collins, 519 So. Main St., Salisbury, N. C. says: "I have a faith in the curative powers of Doan's Kidney Pills as I have used them at different times and have received the best of results. I suffered a great deal from a disorder of the kidneys, but was unable to obtain relief until I heard of Doan's Kidney Pills and procured a box at the Salisbury Drug Company. After using them I experienced prompt relief and on several occasions since when I have felt a return of the annoyance, they have never failed to benefit me. I have no hesitancy in advising others afflicted in a similar way to try them."
