A Sure-enough Knocker.

J. C. Goodwin, of Reidsville, N. C., says: "Bucklen's Arnica Salve is a sure-enough knocker for ulcers. A bad one came on my leg last winter, but that wonderful salve knocked it out in a few rounds. Not even a scar remained." Guaranteed for piles, sores, burns, etc. 25c. at all Druggists.

A fair association that conducts its business on a little, narrow, grasping, nigglerly basis is to be shunned rather than encouraged by patronage or exhibits.

Did you ever do business with a set of horse-racing gamblers claiming to be a fair association? If not, take our advice and steer clear of such a set or you will pay dearly for your folly.

Some fair associations are like tricky insurance companies. They will take your money and give you a chance at a premium, but will be very careful to see that a fire, or something, comes along to beat you out of it.

Faith Council, No. 100, Jr. O. U. A. M., did itself honor when it made a suitable appropriation for the Confederate monument. No patriotic order can afford to fail to assist in such a manifestly patriotic cause.

The State Fair to be held in Raleigh, October 12-17, will surpass itself in former years. This fair is a state-wide institution and reliable in every respect. Men of honor and ability are behind it and, besides being one of the greatest fairs in the South, it is conducted on liberal lines and pays its premiums in full without quibbling. If you have any exhibits to offer this is a valuable point for consideration.

Mr. Cowles, the gentleman who aspires to the seat of Mr. Hackett in the next Congress, will make a number of speeches in the county during the early part of October. We urge our Democratic friends to go hear him if they conveniently can, then hear Mr. Hackett and carefully compare the two men and their speeches. Mr. Cowles cannot draw any votes from Hackett in Rowan county, whatever he may be able to in other sections.

Rev. W. B. Gobel, of China Grove, was in the city last week, and in a conversation stated that the story concerning the burglar alarm contrivance, in which he is interested, is in every respect as described in this paper last week. A building is now being erected and machinery purchased for the manufacture of these alarms on a large scale. A stock company with an authorized capital of \$50,000 has been organized to conduct the business. It is, as described, a very valuable invention.

We do not expect Greensboro to tear herself during the week of October 11-17, but the magnitude of her intentions at the time are calculated to make one feel uneasy. For instance, she will begin Sunday, the 11th, with the celebration of her 100th anniversary, the interesting programme of which appears in this paper; the Good Roads Congress, will open there for a four-day's session on the 14th, as also the United States Peace Congress on the 12th for a several-day's session; and the Central Carolina Fair Association will hold its annual fair during the same week. In short it will be a week of history-making for our neighboring city. It is not worth while to say to an intelligent public that the Greensboro folks never do things by halves, or in a close-fisted, nigglerly manner. They are of the broad-

minded, liberal people whom it is always a pleasure to meet and to serve. We are indebted to the managers of the several enterprises for invitations to be present.

Hurrah for Bryan! If the Democratic candidate does not succeed in attracting to his standard those Democrats who have hitherto opposed him, it will be because they fail to admire those manly qualities which Mr. Bryan is showing to the people of this country as he has never shown them before. All newspaper readers know that the great sensation of the campaign so far has been the charges made by W. R. Hearst against Gov. Haskell, of Oklahoma, who was treasurer of the National Democratic executive committee. People generally know Mr. Hearst, and his utterances upon any subject carry but little weight with them even among his friends. But when the charge he makes is taken up and endorsed by President Roosevelt, the matter assumes a much more serious aspect. Mr. Bryan shies his castor into the ring and makes a demand with which Mr. Roosevelt must comply, if he values his reputation as a fair, honorable man. Mr. Bryan has not minced words in his telegram to the President, and he has asked no more than is square and just. If the charge against Gov. Haskell is shown to be true, then as Mr. Bryan intimates, the Democrats will repudiate him as quickly as the Republicans repudiated the unsavory Foraker. But, Mr. Bryan demands, and properly, that so long as Mr. Roosevelt has endorsed this charge, he furnish the public with proof. Enough small fry are at work in efforts to furnish all the campaign lies necessary, and the President of the United States is sinking very low if he knowingly and willingly assists in this work. It is distinctly up to Mr. Roosevelt to show up or retreat.

Miss Proctor Surprises Relatives.
Last week Miss Clara Proctor told relatives she was going to Concord to visit but instead she went to Greensboro where Friday she met her lover, E. E. Oliver, who came up from Durham, and the two were married. Miss Proctor's father, J. M. Proctor, got suspicious and followed his daughter, but arrived in Greensboro after the wedding. The bride is a sister of Messrs Ed and Will Proctor, of the Salisbury postoffice force, and of Mrs. J. M. Neal. She is stopping at Mrs. Neal's, where she was joined by her husband. Mr. Oliver was for some time press representative of the Johnny J. Jones Carnival Company, but is now in other business.—Salisbury special to Charlotte Observer.

Will Sue Commissioners.
It is almost certain that State Treasurer R. B. Lacy will bring suit against the commissioners of Mecklenburg county for the State's share of the back-taxes which Squire H. C. Severs and Alfred Brown recently collected and concerning which there has been considerable dispute for some time. It will be recalled that W. F. Moody, who is connected with the State Treasurer's office, recently spent several days in the city in an effort to secure a settlement of this matter. His mission resulted in failure, the county claiming that no part of the back-taxes collected was due the State. The State, however, claims about \$5,000 of the \$22,000 secured. No settlement having been made, and nothing being in sight, it is practically assured that a result will follow.—Charlotte Observer.

100 Visiting Cards for 50c.

Mail 50 cents in stamps or money order for 100 Fine Visiting Cards. State whether ladies or gents size and write name plainly, and I will forward 100 of the most select printed cards at once. R. AMBROSE MILLER,
409 EAST 42 STREET, NEW YORK CITY.
Wedding Invitations \$3.50 per set of 50 inside and outside, envelopes in cabinet.

WANTED!

5000 BUSHELS OF COTTON SEED AT
Clinton Grain & Provision Co.,
Opposite old Passenger Depot.
9-30 44

ARE YOU AWARE

in the course of one year the balance of your watch makes 157,680,000 revolutions?

THINK OF IT!

In time the oil gums, produces friction and wears the delicate bearings, destroying their high finish and perfect fit, thus ruining an accurate time-piece.

An ordinary machine is oiled daily, your watch should be oiled once a year.

Let us examine it; an honest opinion from us will cost you nothing. We also repair clocks, old clocks that have been laying away for some time. We make them run like new ones. Give us a trial.

Respectfully,
D. C. Lentz.

Up stairs over W. H. Huff's store, Salisbury, N. C.

ATTENTION!

We do all kinds of GUN and LOCK REPAIRING. Bring us whatever you have to be repaired and we will give it the best attention.

Arey Hd'w. Co.,
Successor to Chas. Arey,
Salisbury, N. C.

A Mineral Water that Defies Drugs
NATURE'S GREAT BLOOD TONIC

The recent drug exposures in this Country have proven to all that deadly poisons and stimulants lurk in many Patent Medicines. You never know when you might be taking some of that class.

Nature has made ample provision for restoring vigor and vitality to humanity, and the public, as well as doctors, resort to Natural Remedies, when all others have failed.

Are you troubled with **Dyspepsia, Nervousness, Malaria, Kidney or Bladder Trouble, Chronic Diarrhoea or Dysentery,** and above all, that dreadful disease **Scrofula,** which has almost baffled human skill, or **Diseases peculiar to Females?**

Piedmont-Bedford Concentrated Iron & Alum Water

Is Nature's Remedy for Nature's Ills. Yes, when you consider that disease comes from impoverished or run down conditions of the system, this Natural Mineral Water furnishes the system what it needs.

The analysis of this Water, shown on the bottle, tells you what **Nature thinks you should take when sick,** and the doctor who reads it will agree.

Do you think the grouping together in this Water of 17 different minerals, which are recognized by medical writers as **most powerful blood tonics,** could have been accidental? Reason answers, NO!

An 18-oz bottle of Piedmont-Bedford Concentrated Iron and Alum water contains all the minerals of 25 gallons of the average natural water—Then why buy a barrel of water when you can get a bottle of minerals at the trivial cost of one dollar. The dose is a teaspoonful in a glass of your own spring water.

How this Water acts upon the system is not clearly known. It is judged mainly by its works. It has cured all the diseases enumerated above, and many more, evidently through its action as a powerful **BLOOD TONIC.**

We have many valuable certificates, which we will be glad to mail, if you are interested.

COLLEGIATE INSTITUTE,
Mount Pleasant, N. C.

To the splendid advantages already offered by the Institute, which has an established reputation for good work, have been added the following

NEW FEATURES:

- 1. Military Form of Government.**
The Military system is attractive to young manhood, and it is growing in favor with educators of long experience and eminent ability. It conduces to punctuality, neatness, erect carriage, respect for authority, and a high sense of honor and duty.
- 2. Board on the Campus.**
A boarding Hall on the campus will be opened next session, where good wholesome board may be had at cost, not to exceed \$7.00 per month.
- 3. Glee Club and Orchestra.**
To add to the innocent amusement of student life and to stimulate the cultivation of musical talent a College Glee Club and Orchestra will be conducted under the direction of a member of the faculty.
- 4. Greatly Improved Library and Reading Room.**
The three Libraries of the Institute have been consolidated and re-classified thus affording an excellent Library of over 5,000 volumes. A first-class Reading Room will be run in connection with the Library, and the two will be in charge of an official Librarian.

The above will give some idea of the advance movement at the Institute. To the already efficient Faculty has been added a graduate of the S. C. Military School who is to be commandant. The Institute has an established reputation for good work. Her graduates enter the Junior class of leading colleges, and take high rank. Her graduates and ex-students have been winners of medals, scholarships and honors in five of our leading Colleges in very recent years. "Our best material comes from the Institute," says the President of our leading Colleges. Wholesome Athletics encouraged. Our teams among the strongest school teams in the State. Young man, the Institute supplies your wants; we want you to share our benefits. No better place for a boy or young man to get his training. For Catalogue or other information, Address

Mt. Pleasant, N. C.

THE INCREASING POPULARITY OF "GOOD LUCK".

One of the best ways in the world to judge of the merits of an article is to ascertain if the people demand and use it in increasing quantities each year. Put to such a test "GOOD LUCK" baking powder measures up and more.

Each year the demand for this famous powder grows greater and greater. Often the dealer finds that his sales double within a few months. Car-load after car-load has to be bought to fill the wants of the people.

The people are going to buy an article of proven worth they therefore buy "GOOD LUCK".

At the top of this article you see a solid car-load of 15 tons bought and received by Snider-Raney Co., from the Southern Manufacturing Company of Richmond, Virginia, the maker. This carload will not last long, others will soon be bought and received by this enterprising firm.

The secret of the popularity of "GOOD LUCK" lies in its combination of healthful and wholesome ingredients compounded by a special formula. Every ounce of the powder is packed in the celebrated, Patented, Moisture-proof, Tin-foil, News Board Can, thereby preventing contact with moisture or the loss of strength.

Other Baking Powders are bought by the case, "GOOD LUCK" by the car-load and train-load.

The gentlemen who direct the large business of the Snider-Raney Co., are as follows:
Mr. L. A. RANEY, president.
Mr. A. H. SNIDER, Sec. & Treas.
