Entered as second-class matter Jan. 19th, 1906, at the post office at Salisbury, N. C., under the act of Congress of March 3rd, 1879.

SALISBURY, N. C., APRIL 27, 1909.

Near beer is another name for near trouble.

Mayor Boyden and his police force are succeeding admirably in their efforts to make prohibition a farce.

The new court is doing a better work for the schools than the saloons did. The fines and forfeitures go into the school fund of the county.

He who rules by the sword shall die by the sword, a phrase that is, at present, a nightmare to the Sultan of Turkey.

Johny J. Jones' carnival will soon be in Salisbury to gather the stray quarters and dimes of those who might be called "easy."

It might be called gambling for a man to play at another man's game, but in reality it is a verification of the old adage, that a fool and his money soon part.

And speaking of gambling, hasn't Salisbury got an over-crop of the gentlemen who engage therein? It is said she now has the largest corps in her history. Speak easy, the police might catch on.

And speaking of the police, suppose they would have warrants issued and make arrests every time someone does a little informing. Wouldn't the Rowan court be busy? Why it would be necessary to have three sets of officers and work them in shifts of eight hours each. Violators of the laws need not get uneasy, persecution is only for those who are seeking to have the laws enforced.

And speaking of persecution, it is surprising to what lengths some men will go. But let them go as far as they wish, when they get to the end of their endeavors they will find their end at the same place.

New York, Apr. 22, announcement of the Fifth Annual Meeting of the National Association for the Study and Prevention of Tuberculosis was made to-day. The convention will be held in Washington, D. C., at the New Willard hotel, on May 18th, 14th and 15th. Owing to the present interest in the campaign against tuberculosis the meeting will be of unusual interest and importance. The various sections of the convention will meet simultaneously. On Friday, May 14th, a large meeting will be held, which meeting will be of unusual interest and importance. The membership of the National Association now numbers nearly 2,000, and is distributed in almost every state in the United States. The National Association has also a considerable membership in Canada, Cuba, Porto Rico, Philippine Islands, and in several of the European countries.

A Suggestion as to the Boone Cabin.

H. B. Swiegood, one of the good citizens of Davie county, was in Salisbury last week. He lives near the location of the old home place of Daniel Boone, where it is proposed to restore the cabin in which Boone lived, in Davidson county, and is much interested in it. He proposes to offer a log to go in the cabin and thinks, if the citizens interested would do likewise, that there would be no difficulty in completing the building at an early day. He says that the incident concerning the cutting of trees in Boone's back yard and caused that worthy to go west, occurred at Trading Ford, on the Davidson side of the river.

A Pistol Toter Informs on His Friend.

Last Friday when S. J. Lawrence, an employe of this office, swore out a warrant against a negro for retailing, John Ragan, an employe of the power house of the Salisbury electric plant, a fellow boarder and supposed friend, being designated as a witness in the case, became alarmed, and, wishing to retaliate, proceeded to inform the officers of an occasion in February when he saw Mr. Lawrence with a pistol in his pocket. The result of this was to the effect that Frank B. Cauble, captain of the police force, felt that it was his duty to have a warrant issued for the arrest of Mr. Lawrence, for which there should be no blame. The officer was performing his duty, but he did not go far enough. Mr. Ragan borrowed said pistol from Mr. Lawrence and then carried it concealed himself, which made him just as guilty as Mr. Lawrence, and, such being the facts, Ragan should have been included in the warrant and made a co-defendant. Why this was not done we are unable to explain. Possibly this part of the case will come up yet.

Mr. Lawrence was summoned to appear before Judge Miller Saturday, but the case was continued until Monday morning and was the first case called. Lawrence submitted, but was placed on the stand and admitted the offense. Ragan, who was first put on the stand, made practically the same statement, whereupon Judge Miller intimated that each were equally guilty. There being no charge against Ragan, Lawrence was taxed with a fine of \$25.00 and the cost, which amounted to \$12.60, making a total of \$37.60. Pretty heavy for totting a gun, but such a fine as this ought to have a tendency to break it up.

Conditions Growing Worse.

The horrors of the massacres in Asia Minor are daily increasing. At least twenty thousand Armenians and Christians of other races have been butchered. A crime epidemic prevails in many sections. Mesino is reported to resemble shambles. All foreign Midior except the coast towns is in danger. It is believed many foreigners have been murdered. Antioch and Erzerum are reported to be overrun by hordes of Moslems torturing Christians to death, butchering children before their parents and practicing the cruelest barbarities on the aged and infirm. One thousand young troops left Smyrna to-day for Hadjin to rescue the missionaries in peril, five American women included. The Sultan is charged with the outbreak in Asia Minor to stop the spread of Christianity.

It is reported that the Austrian, German and Italian foreign offices are in communication to-day, considering taking absolute charge of Turkey to stamp out the revolt at Constantinople and massacres in Asia Minor.—Constantinople dispatch.

Work Resumed.

Work has been resumed on the new court house and jail will be pushed when all the material has been placed. With good luck in getting the brick delivered it is expected to have enough on hand within ten days to begin on the walls of the court house, which is to be of pressed brick instead of concrete, as was at first intended.—Mocksville Courier.

Angle Having Hard Time.

T. M. Angle, former president of the Dry Fork Distilling Company, who, it was alleged, perpetrated revenue frauds on the government to the extent of several hundred thousand dollars, arrived in Danville from Atlanta, Ga., in custody of a United States deputy marshal, having been arrested after having completed a term of thirteen months in the Federal prison. Another case against Angle in which he was sentenced for thirteen months in North Carolina, was convicted in this city last spring of revenue frauds in connection with the Dry Fork Company. He was out on a \$20,000 bond when the decision of the North Carolina court was affirmed. He will likely furnish a new bond.
