### Suicided in St. Louis.

A special to the Charlotte Observer of the 24th, from St. Louis, told the following story:

"J. G. Witherspoon, aged 28 originally from Salisbury, N. C. and until last Saturday employed in the traffic department of the Missouri, Kansas & Texas Railroad offices in the Wainwright building, killed himself at the Royal Hotel, in East St. Louis, last evening by drinking carbolic acid. When the body was taken to the Benner Brichler Morgue there was doubt as to his identity, as he had once registered at the hotel as F. Witherspoon and later as J. G. Witherspoon. The body was identified today by Harry Bierman, a clerk in the traffic department of the railroad, who said Witherspoon had worked there three or four months. Witherspoon boarded at 3661 Washington avenue A postal card from his mother in Salisbury was delivered at his room in St. Louis af-

ter his death." The young man referred to was T. G. Witherspoon, a brother of T. Edgar Witgerspoon, of this city. The deceased lived here for a number of years and was known as an honorable and upright young man, and was highly esteemed by his friends and acquaintances The cause which led to the young' man's rash act is not known.

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Pestorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

Well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Brights or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell
