WATCH THE CLOCK SALE!

Watch the big Clock in our store for it may mean something to you FREE. Beautiful Decorated \$10.00 Dinner Sets given to our Customers. A big Clock stands in a conspicuous place in our store and will be allowed to run down and stop at stated intervals.

Our Liberal Offer is as Follows:

With each cash purchase of \$1.00 you make at our store we give you a card on

which the time of day is stamped. Bring cards to our store on the date and time specified thereon, and a complete dinner set will be given to the person present holding the card on which is stamped the nearest correct time the clock stops.

It is necessary for all ticket-holders to be in our store at the time when the face of the clock is uncovered. We want you to secure one of these handsome dinner sets so as to advertise our business and to show in a substantial way that we appreciate your trade. We are not making money on them, we don't expect to, we make this offer simply to please our old customers and to make new customers. This is a splendid opportunity for you to secure a handsome set of dishes absolutely free. If your ticket does not secure a set for you the first time the clock is uncovered, save your ticket as you may win on it the next or the second, third, fourth, fifth or sixth time. Your ticket is good while we are giving Dinner Sets on this plan, and we expect to give away two dozen or more of them.

We expect to make this sale doubly interesting, by offering some exceptionally good bargains in every department of our store. You know our reputation for reliable goods, if you do not, ask your neighbor and he will tell you that it pays to trade at Reid's.

We began giving out the Watch the Clock time cards on the 20th of May and will continue to give them out until all the dinner sets are gone. The clock will be stopped every Wednesday afternoon at 4 o'clock and the person in the store at the time holding the time card nearest the time of the clock will receive a set of china. Remember the clock is not set on the correct time and no one can tell what time it will indicate when stopped.

During July and August we will give a special set of china on each Saturday at 11 o'clock to the farmers.
