MANNING.

July 10.—Farmers are now busy laying by crops and making hay.

Threshers are now busy threshing wheat. What is not so good.

The Rowan county Sunday school association will convene in Salem E. L. church the 25th and 26th of August, 1909. A good time is expected and a full turnout of delegates is looked for.

D. L. Link is still confined to his room with malaria.

D. F. Wise is now hauling peaches to town. He is getting \$2.00 per bushel.

Good news comes over the sea. The chain gang will move camp near Locke Lingle's house, on the Sheril-ford road, about the 14th of July.

The little child of Jim Pinkson, of Salisbury, was buried at Salem, E. L. church, Thursday.

Our old friend C. is a great squirrel hunter. He just goes out in the woods and whistles and they come up to him, then he charms them so he can do just anything with them he pleases. He has what we call a charming rod. When this rod touches them then they become unconscious. Then he goes to work hacking them up. They are a kind of dark squirrel. I guess they are what we call the fox squirrels.

The summer school at Salem opened on the 13th of July. A Miss Kester of Franklin is the teacher.

The wheat threshers were at the ex-postmaster's, at Manning, Friday.

D. A. Sifford is confined to his bed at this writing. JACK.

POOL.

July 9.—Rev. Jacob L Kirk will commence a protracted meeting at the Hamilton school house the second Sunday in August, 8th, 1909. We all hope he will have a glorious revival.

The Bean & Stones threshing Co., will start out threshing next Monday, July 12th.

Most people in this section are getting their crops in good order after a hard fight with Gen. Green.

A. L. Ketchey is making ready to start out threshing July 12th.

Lee Morgan had a flat turning yesterday. He has the largest flat on the Yadkin river, at least in this county.

Eq. Bainger brought home his wife yesterday. We all wish them much joy and a long and happy life.

One can begin to hear the thresher's whistles blow on most every side. I don't know how the gasoline companies will let the folks know when they are coming, far they have no whistle. I guess they will have to do like the horse-power machines used to do: blow a bangle.

Mr. Beck, of Davidson, has moved his store over here. We hope he will have success. We have been needing a store here for a long time.

D. A. Ketchie is not so well though he is up and around trying to work.

Frontis Foust is walking and waving his hat. It is a boy.

Sunday school at the school house every Sunday at 8 p. m.

WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

J. B. Collins, 519 So. Main St., Salisbury, N. C., says: I have great faith in Doan's Kidney Pills, as I have used them at different times and have always received great benefit. I suffered from a disorder of my kidneys and was unable to obtain relief until I used Doan's Kidney Pills, procured at McPherson & Co.'s drug store. On several occasions since then when I have felt a return of the annoyance, this remedy has given me the same prompt benefit. I have no hesitation in advising other persons afflicted in a similar manner to try Doan's Kidney Pills. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Cornelson, near Trading Ford. The funeral was held Monday morning from Bethel Church.

Life 100,000 Years Ago.

Scientists have found in a cave in Switzerland bones of men, who lived 100,000 years ago, when life was in constant danger from wild beasts. To-day the danger, as shown by A. W. Brown, of Alexander, Me., is largely from deadly disease. "If it had not been for Dr. King's New Discovery, which cured me, I could not have lived," he writes, "suffering as I did from a severe lung trouble and stubborn

cough." To cure Sore Lungs, Colds, obstinate Coughs and prevent Pneumonia, its the best medicine on earth. 50c and \$1.00 Guaranteed by all druggists. Trial bottle free.

The marriage of Miss Annie, daughter of professor and Mrs. Robert G. Kizer, and W. Thomas Best, is announced to take place in St. John's Lutheran church, Salisbury, Wednesday evening

July 28th, at eight o'clock. This couple is composed of two of Salisbury's most excellent young people. They are very popular, highly accomplished and have the best wishes of all our people.

J. Feldman, the clothier, has an attractive ad. in to-day's paper. He is offering suits and odd trousers at considerable reduction and is anxious to have you call and inspect his stock.
