SALISBURY, N. C., August 17, 1909

Quite a number of very favorable comments were made on the appearance of the court house, interior and exterior, last Thursday night, when D. A. Tompkins spoke to a number of our citizens there. The auditorium and halls had been thoroughly cleaned and the old dingy, smoking lights were replaced by others more suitable, cheerful and worthy of our community. For this improvement the city and county is indebted to the foresight of Sheriff McKenzie, the enterprise of Chairman of the County Commissioners, Beard, and the splendid services of the careful and ever busy janitor, Mr. Leutz.

A DRASTIC MEASURE.

Alabama Legislature Proposes to Put the Lid on Very Tight.

A Montgomery, Ala., dispatch gives the following synopsis of Representative Fuller's bill, which is said to be the tightest prohibition bill ever submitted to a legislative body:

Declaring possession of liquors, except in residences, illegal, the bill provides that such possession shall be prima facie evidence that the liquors are kept for sale; it prohibits newspapers from advertising intoxicants, prohibits such advertising on billboards and excludes dodgers or other printed matter advertising liquors from the state. The possession of Federal license to sell intoxicants is made prima facie evidence of violation of the law. When liquor is delivered to any public place, the delivery is an evidence of sale.

Officers are given the right to break open and raid any building in which it is suspected liquors are stored.

If a drunken man injures another in any way the person who sold the liquor which produced the drunkenness is liable for damages to the injured person.

Witnesses in liquor cases are compelled to testify, or be guilty of contempt; servants may not be excused from testifying against employers.

Sheriffs must publish monthly in newspapers as well as placards, large black type the names of persons in their respective counties, who possess United States internal revenue license.

Prohibited liquors are not to be treated as personal property but adjudged contraband, and may be destroyed.

Every firm or corporation applying for a charter must sign a pledge not to violate the prohibition law in any way. If the agreement is broken the charter is declared forfeited.

Under the Fuller bill solicitors may begin prosecutions, and grand juries indict.

The bill prohibits the soliciting of orders for liquors for concerns outside the State; prohibits shipping liquors from one place to another within the State; provides that all places where liquor is stored, or from which any prohibition violation is accomplished, may be declared a public nuisance, and be closed by injunction; liquors shall not be received for storage nor for sale; no person shall act for a friend in procuring a sale; C. O. D. shipments are prohibited.

Buildings must not be leased to any one for the sale of intoxicants, and in case such traffic is conducted, the lease on the building is forfeited. Finally, all persons are prohibited from using signs bearing the word "saloon."

Violation of any one of the numerous provisions is declared a misdemeanor, punishable by fines ranging from \$50 to \$200 and by six months' hard labor.

[This bill passed the House on Friday.—Ed.]

FARMERS' STATE CONVENTION.

August 24-27, 1909. Suggestions to Those Coming to the Convention.

Special to The Watchman.
T. B. Parker, secretary of Farmers' Institutes, Raleigh, sends out the following information concerning the Farmer's State Convention:

A reception committee, of which W. C. Etheridge is chairman, will meet all trains at the union station Monday evening, Tuesday and Wednesday. When you get off the train, look for men with badges: "Reception Committee", or for sign: "Headquarters, Reception Committee, State Farmers' Convention," and make yourself known. The committee will take care of you.

Those who prefer will be assisted in securing satisfactory accommodations in the city, while those who wish to room at the college will be escorted there and provided with rooms free and meals at cost.

Those who intend rooming at the college should notify E. B. Owen, West Raleigh, when they will arrive, but failure to do this need not prevent anyone from securing a room at the college on his arrival. Those expecting to room at the college should bring towels and pillows with them.

The accommodations for rooming at the college are not good, owing to the fact that the college has no furniture or bedding except that furnished students, but such as is there will be at the disposal of those who wish to avail themselves of it.

A fare of one and one half plus fifty cents has been granted for the Farmers' State Convention, provided there are as many as one hundred persons attending the meeting holding properly receipted certificates. The conditions are in the main, that a first class ticket at full fare be purchased from the starting point, or the nearest point thereto at which a through ticket to the place of meeting can be obtained, taking from the ticket agent a receipt for the same on the regular certificate used for this purpose by the railroads; this certificate when properly signed by the secretary of the association and a representative of the railroads will constitute an order on the local ticket agent for a return ticket at one-half the regular rate to the holder.

The rates will apply to all points in North Carolina and from Norfolk, Portsmouth, Suffolk, Roanoke and Danville, Virginia, and are granted by the Atlantic Coast Line, Durham and Southern, Norfolk and Southern, Seaboard Air Line and Southern railroads. The tickets will be on sale August 20, 1909, and properly signed certificates will be honored for return journey on or before August 31, 1909.

Information, sample certificates and programmes may be secured from the secretary or E. B. Owen, registrar of the college, West Raleigh, N. C., upon application. A splendid programme has been arranged and a profitable time is assured all who attend the convention.

Definitions of Women.
A young and precocious poet of the South, on being asked to contribute to a woman's album has according to a Paris contemporary, given the following as an answer to the question "What is a woman?": "To a painter, a model; to a doctor, a subject; to a farmer, a housewife; to a invalid, a nurse; to one without occupation, a plaything; to a Parisian a dowry; to a naturalist, a female; to a Huron, a beast of burden; to a Roman, a woman of the world; to a college don, an angel; to a poet, a flower; and to a Christian, a companion.

Death of Mrs. Kilgore.
Mrs. Bettie Dinwiddie Kilgore, wife of Dr. B. W. Kilgore, State Chemist, died at the Kilgore home here last night quite unexpectedly. She had been in poor health for some time but not even her physicians had any idea her condition was critical. Congestion of the lungs was the immediate cause of death. However, there were other complications that seriously affected her liver. Mrs. Kilgore was a daughter of the late Dr. James Dinwiddie, who owned Peace Institute for many years—Raleigh special to Charlotte Observer.

What Goes With the Corn.

People often wonder, particularly those who have traveled for hundreds of miles through the corn belt, what becomes of the corn which is grown every year. In the year 1908, when the total crop was 2,656,000 bushels, 241,000,000 bushels were consumed in flour and grist mill products; 8,000,000 bushels in the manufacture of starch; 9,000,000 bushels for malt liquors; 17,000,000 bushels in the production of distilled liquors; 40,000,000 bushels for glucose; 190,000,000 bushels for export, and 18,000,000 bushels for seed, making a total of 518,000,000 bushels, or 19-8 per cent of the entire crop. The remaining 80.7 per cent, or 2,118,000,000 bushels, seems to have been used almost entirely for feeding.—Kansas City Journal.
