## PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least so says Dr. Shoop, and to prove it he has created a little pink tablet. These tablets called Dr. Shoop's Headache Tablets—coax blood pressure away from pain centers. Its effect is charming, pleasant, delightful. Gentle, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Brush your finger, and doesn't get red, and swell and pain you? Of course it does, it's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

had his early training in the Keller mill and later did advanced work in Massachusetts and that he should be selected by this institution as a member of its faculty is a compliment to him.

The Salisbury Dry Goods Co. has an advertisement in this paper that speaks for itself. While the advertisement is large it is small in comparison to the big bargains offered at this popular store. Look it over.

News was received here Monday of the accidental death of Henry Ritchie a young man about 21 years of age at Richfield on Saturday afternoon on one of the towers of the Southern Power Co. The young man was employed by the Company and was at work on the tower when he was seen to throw up his hands and fall forward to the ground a distance of about 60 feet. He was dead when a bystander reached him.

He was a son of James Ritchie of Richfield.
