The wedding of Miss Nell Wilburn and Charles H. Thayer, of Mount Pleasant, which was celebrated at the home of Mrs. A. H. The ceremony was performed in the south parlor, the bride and groom kneeling upon two white satin pillows to receive the blessing. The bride was handsomely attired in a tailored brown cloth going away gown and carried a bouquet of bride's roses. Mendelssohn's wedding march was rendered after the benediction. Feeding Farm Hands.

Every farmer's wife knows what tremendous appetites farm hands usually have; but while they eat well they work well, too.

Here's a good suggestion about feeding farm hands. Give them plenty of Quaker Oats. A big dish of Quaker Oats porridge with sugar and cream or milk is the greatest breakfast in the world for a man who needs vigor and strength for a long day's work. The man that eats Quaker Oats plentifully and often is the man who does good work without excessive fatigue. There is a sustaining quality in Quaker Oats not found in other foods, and for economy it is at the head of the list. To meet needs of those in different climates Quaker Oats is packed in regular size packages and hermetically sealed tins; the latter for hot climates.
