

THE CAROLINA WATCHMAN

SHORT LOCAL ITEMS

A pony driven by Walter Pool, and being whipped by him plunged and fell near the passenger station on Friday, overturning the buggy and catching Mr. Pool under it, hurting his arm quite badly and otherwise skinning him up. Those who saw the occurrence say the pony was not to blame in the matter.

A. W. Winecuff has, during the past week, lost eight valuable cows at his farm in the county from some cause not known. He had a veterinarian to see them but he was unable to save any of them.

News was brought to Salisbury of the death of Harvey McLaughlin, veteran and a prominent citizen of Atwell Township, which occurred at his home on Friday night. Mr. McLaughlin was quite aged and his death was due to nothing more than the ravages of time. He was a good citizen and will be missed in the community in which he lived.

The sidewalk on both sides of the Grubb building which were left open with only a fence around it to prevent any one falling in the excavation, has been covered over and a board walk made so that folks can use the side walks. This should have been done earlier, as it has been quite a lot of inconvenience for those going up or down to have to walk out in the street to get around the obstructions used while at work on the steel frame work. Just when work will be resumed on the building is not known.

A wagon load of dogs, all in crates, was brought up Main street Saturday and driven in the alley next to Jackson's meat markets. Many speculations were heard from those who witnessed their arrival as to whose they were and what they were going to do with them. One man suggested Bologna, but upon investigation we found that they were a lot of fox hounds belonging to H. C. Grubb and John Pugh from Davidson county and were brought here to be shipped to Jacksonville, Florida, where they will be used for fox-hunting.

The Kestler Sons Hardware Company is preparing to move its large stock of goods from its present place to the store room recently vacated by W. M. Harris & Co., two doors below. Workmen are putting in new shelving, floors, counters, etc., and getting ready for the painters. This move will give the firm a much larger and better store room and will put them directly in front of their warehouse. They carry a very large stock of hardware in its different lines and this move was considered necessary owing to the crowded condition of their present quarters.

W. B. Summersett has placed in one of his front windows a candle 8 inches in diameter at the bottom tapering to 2 inches at the top, 52 inches long. It will be lit Wednesday at noon and every one buying a dollar's worth of goods at his store will be given one guess as to how long it will burn, and the one making the nearest guess, days, hours, minutes and seconds, will be given an elegant brass bed which is shown in another window. See his new advertisement in this paper.

Miss Mamie Rusher, a daughter of Henry Rusher, left on Sunday with her brother, Geo. Rusher, for Baltimore, where she goes for treatment at Johns Hopkins Hospital. Twelve years ago, when a child and while coming from school, she was attacked by a vicious cow and frightfully injured, one eye was torn entirely out and her face laid open, leaving her face, when healed, badly disfigured, but it has not troubled her otherwise until a short time ago. Her jaws become set and her teeth began to crumble, and acting upon the advice of her physician, she goes to see if they can do any thing for her at Johns Hopkins.

Proceedings of the County Court.

W. W. Pool pleaded guilty to a charge of disorderly conduct and paid a fine of \$5.00 and the cost. H. L. Leazer, J. A. Alexander, Wm. Beach, A. C. Earnhardt, Bud Pratt and James Dockins were all let off at the same price on the same charge.

Alonzo Moon and Joseph Reid, two small negro boys, were let off with an admonition and half the cost each for an affray, amounting to nothing more than the bouncing of a few rocks on each others head, neither being hurt.

Horace Barber, colored, was fined \$5.00 and cost for striking a negro woman with his fist. No damage done.

Arthur Kepley pleaded guilty to the charge of removing crop. It was of those trivial cases, and judgment was suspended on payment of the cost.

Geo. File, a young negro, was charged with stealing chickens, and pleaded guilty, but claimed that he had stolen them from his mother's flock and not from the party who claimed and identified the chickens. The judge decided that George was wrong about it, and gave him six months on the roads.

His honor, Judge Miller, announced in court Friday morning that, with the approach of cold weather, arrangements would be made for three regular sessions of the court a week: Monday, Wednesday and Saturday. In case it became necessary to try a case on any other day it would be tried in the clerk's office. This is done to obviate the necessity of making fires and heating up the large court room every day, when there are only one or two small cases and maybe none at all to be disposed of.

Stops Neuralgia Pains

The shooting, tearing pains of neuralgia are caused by excitement of the nerves. Sciatica is also a nerve pain.

Sloan's Liniment, a soothing external application, stops neuralgia pains at once, quiets the nerves, relieves that feeling of numbness which is often a warning of paralysis, and by its tonic effect on the nervous and muscular tissues, gives permanent as well as immediate relief.

One Application Relieved the Pain.

Mr. J. C. LEE, of 1100 Ninth St., S. E., Washington, D. C., writes:—"I advised a lady who was a great sufferer from neuralgia to try Sloan's Liniment. After one application the pain left her and she has not been troubled with it since."

The First Call for the Ambulance.

The first call for the new \$1,000 ambulance, which was added to the Harper livery stable last week, came Friday, when Mr. Harper got a message to meet 48, the train from the south which arrives here at 4:30 p. m., and take a patient from the station to the Whitehead Stokes Sanatorium. When the train came a young negro was taken from it on a cot and put in the ambulance and driven away. Upon making some inquiries of a negro man who was with him, we found that he was one of the hands employed on the double-tracking near Ch na Grove and had been kicked in the forehead by a mule. The negro said "his skull was meshed all in." He appeared to be totally unconscious during his removal from the train to the ambulance. This ambulance is very conveniently arranged for moving sick people, or those who are injured. It is equipped with all the modern appliances for that purpose. It has seats, a beside a movable couch for the physician and nurse, and it is needless to say that it is kept scrupulously clean, the linen be-

ing changed and laundered after it is used once. Mr. Harper says it rides like a sleeping car.
